Governor's Veto

S. 23

An act relating to increasing the minimum wage.

Text of Communication from Governor

The text of the communication to the Senate from His Excellency, the Governor, whereby he vetoed and returned unsigned **Senate Bill No. 23** to the Senate is as follows:

“February 10, 2020

The Honorable John Bloomer, Jr.
Secretary of the Senate
115 State House
Montpelier, VT 05633-5401

Dear Mr. Bloomer:

Pursuant to Chapter II, Section 11 of the Vermont Constitution, I am returning S.23, *An act relating to increasing the minimum wage*, without my signature because of my objections described herein:

It’s critical to recognize that we share the goal of Vermonters making more money. I also believe Vermonters should keep more of what they earn, which is why I can’t support policies that increase the costs of living.

My objection to a mandated increase to the minimum wage is based on three primary concerns:

1. Fiscal analysis projects job losses, decreases to employee hours, and increased costs of goods and services, which will offset the intended positive benefits for workers;
2. These harmful impacts will be felt more significantly in rural parts of the state, worsening economic inequity between counties; and
3. There will be an overall negative impact on economic growth.

These concerns are reinforced by data and analysis from regions where mandated increases have taken effect, and – importantly – by the Vermont Legislature’s Joint Fiscal Office, which predicted, if implemented, this bill could cause job losses, reduced hours, and higher prices.

Based on our own experience with mandated minimum wage increases in recent years, Vermont data shows that increases to hourly rates do not

guarantee an increase to weekly or annual earnings for Vermont workers.

The Legislature's economist, Tom Kavet, also reported a mandated increase would have a more harmful economic impact in our more rural regions.

From workforce declines to overall economic recovery – or lack thereof – most of the state has simply not kept pace with Northwestern Vermont, particularly Chittenden County. A statewide mandated wage increase would exacerbate this regional economic inequity.

For example, a local mom and pop store in Monkton, Albany or Richford, already struggling to stay open, is far less able to absorb an increase than a retailer with a higher volume of sales in the Burlington area. That means workers in these areas are more likely to be impacted by the predicted job losses or reduced hours, and small, locally owned businesses will feel an even greater burden. We must ask ourselves what our struggling communities might look like with more empty storefronts.

Even New York recognized its own regional inequity when raising the minimum wage, carving out four discrete regions, which account for the different economic circumstances in different parts of the state. We must recognize we have two Vermonts with distinct economies.

Finally, I'm concerned with the overall economic impact to the state. The Legislature's JFO predicts a negative economic impact, specifically through a slight reduction in Vermont's Gross Domestic Product.

Vermont has one of the highest minimum wage rates in the country – which already increases annually – and yet employers across the state struggle to fill positions. If the minimum wage was directly correlated to economic prosperity and workforce growth, Vermont would have a stronger economy and a larger workforce than New Hampshire.

Despite S.23's good intentions, the reality is there are too many unintended consequences and we cannot grow the economy or make Vermont more affordable by arbitrarily forcing wage increases. I believe this legislation would end up hurting the very people it aims to help.

Based on the outstanding objections outlined above, I cannot support this legislation and must return it without my signature pursuant to Chapter II, Section 11 of the Vermont Constitution.

Sincerely,
/s/Philip B. Scott
Governor

An act relating to human trafficking and prostitution

Rep. Notte of Rutland City, for the Committee on Judiciary, recommends the bill be amended by striking all after the enacting clause and inserting in lieu thereof the following:

Sec. 1. FINDINGS AND INTENT

(a) The majority of Vermont’s laws on prostitution were adopted more than 100 years ago and have remained largely unchanged since that time.

(b) Under current Vermont law:

(1) The term “prostitution” includes “the offering or receiving of the body for sexual intercourse for hire and shall also be construed to include the offering or receiving of the body for indiscriminate sexual intercourse without hire.”

(2) “Slave traffic,” a section of law codified in 1910 pursuant to “An act to prevent what is commonly known as the ‘white slave’ traffic,” prohibits transportation of persons into and out of the State not only for the purpose of prostitution but also for “any immoral purpose.” Historically, these types of laws were used to prosecute men of color for having relationships with white women.

(3) A person who has a sexually transmitted infection is eligible for probation or parole “only on such terms and conditions as shall ensure medical treatment therefor and prevent the spread of such disease.”

(c) In 2011, Vermont adopted comprehensive laws to address the issue of human trafficking. These laws prohibit coerced commercial sex and commercial sex involving minors and penalties range from a maximum of five years imprisonment (facilitation of human trafficking) to a mandatory 20 years to life imprisonment (aggravated trafficking). Vermont’s prostitution laws were never updated to reflect the adoption of the human trafficking laws.

(d) A working group, composed of the Attorney General’s Office, the Vermont Center for Crime Victim Services, and the Vermont Network Against Domestic and Sexual Violence, was created by 2019 Acts and Resolves No. 32 for the purpose of examining a number of issues related to prostitution and human trafficking. This working group recommended that no changes be made at this time to the laws on human trafficking, but that “the legislature

create a study committee to examine laws related to sex work and prostitution” that includes a wide array of stakeholders. Based on this recommendation, it is the intent of the General Assembly to create a study committee to review the existing prostitution laws for the purpose of developing a modern approach to State involvement in sexual activity for hire by consenting adults while maintaining criminal penalties for trafficking, coercion, and exploitation of minors and strong protections for victims of those crimes.

Sec. 2. 13 V.S.A. § 2638 is added to read:

§ 2638. IMMUNITY FROM LIABILITY

(a) As used in this section:

(1) “Human trafficking” has the same meaning as in section 2651 of this title.

(2) “Prostitution” has the same meaning as in section 2631 of this title.

(b) A person who, in good faith and in a timely manner, reports to law enforcement that the person is a victim of or a witness to a crime that arose from the person’s involvement in prostitution or human trafficking shall not be cited, arrested, or prosecuted for a violation of the following offenses:

(1) section 2632 of this title (prostitution);

(2) section 2601a of this title (prohibited conduct);

(3) 18 VSA § 4230(a)(1)-(3) (marijuana possession);

(4) 18 VSA § 4231(a)(1) and (2) (cocaine possession);

(5) 18 VSA § 4232(a)(1) and (2) (LSD possession);

(6) 18 VSA § 4233(a)(1) and (2) (heroin possession);

(7) 18 VSA § 4234(a)(1) and (2) (depressant, stimulant, and narcotic drugs possession);

(8) 18 VSA § 4234a(a)(1) and (a) (methamphetamine possession);

(9) 18 VSA § 4235(b)(1) (hallucinogenic drugs possession); and

(10) 18 VSA § 4235a(a)(1) (Ecstasy possession).

(c) The immunity provisions of this section apply only to the use and derivative use of evidence gained as a proximate result of the person reporting to law enforcement that the person is a victim of or a witness to a crime that arose from the person’s involvement in prostitution or human trafficking and do not preclude prosecution of the person on the basis of evidence obtained from an independent source.

(d) A person who qualifies for immunity pursuant to subsection (b) or (c) of this section shall not be subject to the provisions of 18 V.S.A. chapter 84, subchapter 2 concerning property subject to forfeiture, except that prima facie contraband shall be subject to forfeiture.

(e) Except in cases of reckless or intentional misconduct, law enforcement shall be immune from liability for citing or arresting a person who is later determined to qualify for immunity under this section.

Sec. 4. EFFECTIVE DATE

This act shall take effect on July 1, 2020.

(Committee Vote: 11-0-0)

Rep. Conquest of Newbury, for the Committee on Appropriations, recommends the bill ought to pass when amended as recommended by the Committee on Judiciary.

(Committee Vote: 11-0-0)

H. 688

An act relating to addressing climate change

Rep. Briglin of Thetford, for the Committee on Energy and Technology, recommends the bill be amended by striking all after the enacting clause and inserting in lieu thereof the following:

* * * Title and Findings * * *

Sec. 1. SHORT TITLE

This act may be cited as the Vermont Global Warming Solutions Act of 2020.

Sec. 2. LEGISLATIVE FINDINGS

The General Assembly finds that:

(1) According to the Intergovernmental Panel on Climate Change (IPCC), the climate crisis is both caused and exacerbated by greenhouse gas emissions that result from human activity. The IPCC has determined that industrialized countries must cut their emissions to net zero by 2050, which is necessary to achieve the Paris Agreement's goal of keeping the increase in global average temperature to below 2°C. A climate emergency threatens our communities, State, and region and poses a significant threat to human health and safety, infrastructure, biodiversity, our common environment, and our economy.

(2) The State of Vermont is part of the U.S. Climate Alliance, a bipartisan coalition of 25 states that have committed to reducing greenhouse gas emissions consistent with the goals of the Paris Agreement. Working in parallel with other members of the U.S. Climate Alliance, the State of Vermont will help accelerate solutions that address the climate crisis in the absence of federal action. By implementing climate mitigation, adaptation, and resilience strategies, Vermont will also position its economy to benefit and thrive from the global transition to carbon neutrality and national and international efforts to address the crisis.

(3) According to the IPCC and the World Bank, a failure to substantially reduce emissions over the next ten years will require even more substantial reductions later and will increase the costs of decarbonization. Delaying necessary policy action to address the climate crisis risks significant economic damage to Vermont.

(4) According to the IPCC and the State of Vermont, adaptation and resilience measures are necessary to address climate risks.

(5) According to the IPCC, the climate crisis disproportionately impacts rural and marginalized, disenfranchised, and disinvested communities, which already bear significant public health, environmental, socioeconomic, and

other burdens. Mitigation, adaptation, and resilience strategies must prioritize the allocation of investment of public resources to these communities and minimize, to the greatest extent practicable, potential regressive impacts.

(6) According to the Vermont Agency of Natural Resources, the adverse impacts of climate change in Vermont include an increase in the severity and frequency of extreme weather events, a rise in vector-borne diseases including Lyme disease, more frequent cyanobacteria blooms, adverse impacts to forest and agricultural soils, forest and crop damage, shorter and irregular sugaring seasons, a reduction in seasonal snow cover, and variable and rising average temperatures that result in uncertain and less snowfall.

(7) According to the Vermont Agency of Natural Resources, the conservation and restoration of Vermont forests, floodplains, and wetlands and the promotion of forest management and farming practices that sequester and store carbon are critical to achieving climate mitigation, adaptation, and resilience and support a host of co-benefits, such as improving air and water quality, economic vitality, ecosystem functions, local food systems, and creating more climate resilient communities and landscapes.

(8) The credit rating industry is now analyzing the adaptation and resilience strategies of issuers of state and municipal bonds and may apply a negative credit factor for issuers with insufficient strategies. Establishing robust adaptation and resilience strategies for Vermont will help protect the State from a climate crisis-related credit downgrade.

* * * Greenhouse Gas Reduction Requirements * * *

Sec. 3. 10 V.S.A. § 578 is amended to read:

§ 578. GREENHOUSE GAS REDUCTION GOALS REQUIREMENTS

~~(a) General goal of greenhouse~~ Greenhouse gas reduction requirements. It is the goal of the State to Vermont shall reduce emissions of greenhouse gases from within the geographical boundaries of the State and those emissions outside the boundaries of the State that are caused by the use of energy in Vermont ~~in order to make an appropriate contribution to achieving the regional goals of reducing emissions of greenhouse gases from the 1990 baseline, as measured and inventoried pursuant to section 582 of this title, by:~~

(1) 25 not less than 26 percent from 2005 greenhouse gas emissions by January 1, 2012 2025 pursuant to the State's membership in the United States Climate Alliance and commitment to implement policies to achieve the objectives of the 2016 Paris Agreement;

(2) 50 not less than 40 percent from 1990 greenhouse gas emissions by January 1, 2028 2030 pursuant to the State's 2016 Comprehensive Energy Plan; and

(3) if practicable using reasonable efforts, 75 not less than 80 percent from 1990 greenhouse gas emissions by January 1, 2050 pursuant to the State's 2016 Comprehensive Energy Plan.

* * *

(c) Implementation of State programs to reduce greenhouse gas emissions. In order to facilitate the State's compliance with the goals established in this section, all State agencies shall consider, ~~whenever practicable,~~ any increase or decrease in greenhouse gas emissions in their decision-making procedures with respect to the purchase and use of equipment and goods; the siting, construction, and maintenance of buildings; the assignment of personnel; and the planning, design, and operation of programs, services, and infrastructure.

* * *

The Council shall create the subcommittees listed in this subsection and may also create other subcommittees to advise the Council, assist in preparing the Plan, and carry out other duties. The Council may appoint members of the Council to serve as members of subcommittees and may also appoint individuals who are not members of the Council to serve as members of subcommittees.

(1) Rural Resilience and Adaptation Subcommittee. The Rural Resilience and Adaptation Subcommittee shall focus on the pressures that climate change adaptation will impose on rural transportation, electricity, housing, emergency services, and communications infrastructure, and the difficulty of rural communities in meeting the needs of its citizens. The Subcommittee shall:

The Plan shall include specific initiatives, programs, and strategies that will:

(1) reduce greenhouse gas emissions from the transportation, building, regulated utility, industrial, commercial, and agricultural sectors;

(8) to maximize the State's involvement in interstate and regional initiatives and programs designed to reduce regional greenhouse gas emissions and build upon state, national, and international partnerships and programs designed to mitigate climate change and its impacts.

(e) The Plan shall form the basis for the rules adopted by the Secretary of Natural Resources pursuant to section 593 of this chapter. If the Council fails to adopt the Plan or update the Plan as required by this chapter, the Secretary shall proceed with adopting and implementing rules pursuant to subsection 593(j) of this chapter to achieve the greenhouse gas emissions reductions requirements pursuant to section 578 of this title.

This detailed record shall be included with the rule and filed with the Secretary of State pursuant to 3 V.S.A. § 838.

(b) On or before December 1, 2022, the Secretary shall adopt and implement rules consistent with the specific initiatives, programs, and strategies set forth in the Plan and achieve the 2025 greenhouse gas emissions reduction requirement pursuant to section 578 of this title.

(c) The Secretary shall conduct public hearings across the State concerning the proposed rules. The Secretary shall conduct a portion of these hearings in areas and communities that have the most significant exposure to the impacts of climate change, including disadvantaged, low-income, and rural communities and areas.

(d) The Secretary shall, on or before July 1, 2024, review and, if necessary, update the rules required by subsection (b) of this section in order to ensure that the 2025 greenhouse gas emissions reduction requirement pursuant to section 578 of this title is achieved. In performing this review and update, the Secretary shall observe the requirements of subsection (c) of this section.

(e) On or before July 1, 2026, the Secretary shall adopt and implement rules consistent with the specific initiatives, programs, and strategies set forth in the Plan and updates to the Plan and achieve the 2030 greenhouse gas emissions reduction requirement pursuant to section 578 of this title. The Secretary shall observe the requirements of subsection (c) of this section.

(f) The Secretary shall, at his or her discretion, but not less frequently than once every two years between 2026 and 2030, review and, if necessary, update the rules required by subsection (e) of this section in order to ensure that the 2030 greenhouse gas emissions reduction requirement pursuant to section 578 of this title is achieved. In performing this review and update, the Secretary shall observe the requirements of subsection (c) of this section.

(g) On or before July 1, 2040, the Secretary shall adopt and implement rules consistent with the specific initiatives, programs, and strategies set forth in the Plan and updates to the Plan and achieve the 2050 greenhouse gas emissions reduction requirement pursuant to section 578 of this title.

(h) The Secretary shall, at his or her discretion, but not less frequently than once every two years between 2040 and 2050, review and, if necessary, update the rules required by subsection (g) of this section in order to ensure that the 2050 greenhouse gas emissions reduction requirement pursuant to section 578 of this title is achieved. In performing this review and update, the Secretary shall observe the requirements of subsection (c) of this section.

(i) The Secretary may establish alternative reduction mechanisms to be used by sources of greenhouse gas emissions, if necessary, to achieve net zero emissions after 2050.

(1) The use of alternative reduction mechanisms shall account for not more than 20 percent of statewide greenhouse gas emissions estimated as a percentage of 1990 emissions. The use of a mechanism must offset a quantity of greenhouse gas emissions equal to or greater than the amount of greenhouse gasses emitted.

(2) The Secretary shall verify that any greenhouse gas emissions offset projects authorized as alternative reduction mechanisms represent equivalent emissions reductions or carbon sequestration that are real, additional, verifiable, enforceable, and permanent.

(j) If the Council fails to adopt the Plan or update the Plan as required by section 592 of this chapter, the Secretary shall adopt and implement rules pursuant to 3 V.S.A. chapter 25 to achieve the greenhouse gas emissions reductions requirements pursuant to section 578 of this title.

(k) Nothing in this section shall be construed to limit the existing authority of a State agency, department, or entity to regulate greenhouse gas emissions or establish strategies or promulgate rules to mitigate climate risk and build resilience to climate change.

(l) The General Assembly may repeal, revise, or modify any rule or amendment to any rule, and its action shall not be abridged, enlarged, or modified by subsequent rule.

(1) The action shall be brought in the Civil Division of the Superior Court of Washington County.

(2) The complaint shall be filed within one year after the Vermont Greenhouse Gas Emission Inventory and Forecast published pursuant to section 582 of this title indicates that the rules adopted by the Secretary have failed to achieve the greenhouse gas emissions reductions requirements pursuant to section 578 of this title. However, a person shall not commence an action under this subsection until at least 60 days after providing notice of the alleged violation to the Secretary.
