**Rep. Squirrell of Underhill**, for the Committee on Natural Resources, Fish, and Wildlife, recommends the bill be amended by striking all after the enacting clause and inserting in lieu thereof the following:

Sec. 1. VERMONT WORKING GROUP ON WILDLIFE FUNDING;

REPORT

(a) Findings. The General Assembly finds that:

(1) It is the policy of the State that the Commissioner of Fish and Wildlife is required to safeguard the fish, wildlife, and fur-bearing animals of the State for all of the people of the State.

(2) The duties and responsibilities of the Department have grown since the days of focusing primarily on deer herd management and now include management of all wildlife species, including game and non-game; law enforcement; monitoring and restoring threatened and endangered species; habitat conservation; technical assistance; regulatory review; educational programs for hunters, youths, and teachers; public license sales; and management of grants issued or received by the Department.

(3) Since 1985, resident hunting license sales have decreased by 56 percent, resident trapping license sales have decreased by 51 percent, and resident fishing license sales have decreased by 25 percent.

(4) As a result of declining license and fee revenue, the General Assembly has increased and may need to further increase the amount of General Fund dollars annually appropriated to the Department of Fish and Wildlife.

(5) The need for increased funding of the Department will be heightened by the increased research, monitoring, and interventions required by new, contemporary, and well-documented challenges to all wildlife in Vermont, such as climate change, pollution, invasive species, and habitat degradation.

(6) To address declining license and permit fee revenue, the State must find stable, long-term revenue sources to pay for the costs of the Department of Fish and Wildlife conserving and managing fish, wildlife, and fur-bearing animals of the State and the natural systems upon which they depend for all of

the people of the State.

(b) Creation of Working Group. Based on the findings set forth in subsection (a) of this section, there is created the Vermont Working Group on Wildlife Funding to identify potential sources of revenue to fund the Department of Fish and Wildlife for the next 20 years.

(c) Membership. The Vermont Working Group on Wildlife Funding shall be composed of the following members:

(1) three current members of the House of Representatives, who shall be appointed by the Speaker of the House and who shall include:

(A) the Chair of the Committee on Natural Resources, Fish, and Wildlife or designee;

(B) the Chair of the Committee on Appropriations or designee; and

(C) the Chair of the Committee on Government Operations or designee; and

(2) three current members of the Senate, who shall be appointed by the Committee on Committees and who shall include:

(A) the Chair of the Committee on Natural Resources and Energy or designee;

(B) the Chair of the Committee on Appropriations or designee; and

(C) a member of the Senate at large.

(d) Powers and duties. The Vermont Working Group on Wildlife Funding shall review and analyze the funding, management, and policies of the Department of Fish and Wildlife (Department) under statute and rule, and shall:

(1) Assess how the principles and priorities for the conservation and management of fish, wildlife, and fur-bearing animals and the natural systems upon which they depend will impact sources and amounts of funding needed by the Department for the next 20 years. The assessment shall:

(A) address the stability of all current Department funding streams going forward;

(B) estimate revenues and identify new and existing revenue sources and other resources needed for new and additional programs at the Department; and

(C) consider equitability when evaluating potential revenue sources.

(2) Recommend how the Department can create and maintain stable and

adequate funding for the next 20 years.

(e) Assistance. The Vermont Working Group on Wildlife Funding shall have the administrative, technical, and legal assistance of the Office of Legislative Council. The Working Group shall have the assistance of the Joint Fiscal Office on fiscal issues and the assistance of the Department of Fish and Wildlife on issues related to the jurisdiction of the Department.

(f) Report. On or before January 1, 2021, the Vermont Working Group on Wildlife Funding shall report to the House Committees on Natural Resources, Fish, and Wildlife, on Appropriations, and on Government Operations and the Senate Committees on Natural Resources and Energy, on Appropriations, and on Government Operations with its findings and any recommendations for legislative action.

(g) Meetings.

(1) The Office of Legislative Council shall call the first meeting of the Vermont Working Group on Wildlife Funding to occur on or before July 1, 2020.

(2) The Vermont Working Group on Wildlife Funding shall select a chair from among its members at the first meeting.

(3) A majority of the membership of the Vermont Working Group on Wildlife Funding shall constitute a quorum.

(4) The Vermont Working Group on Wildlife Funding shall cease to exist on February 1, 2021.

(h) Compensation and reimbursement. For attendance at meetings during adjournment of the General Assembly, a legislative member of the Vermont Working Group on Wildlife Funding serving in his or her capacity as a legislator shall be entitled to per diem compensation and reimbursement of expenses pursuant to 2 V.S.A. § 406 for not more than 10 meetings. These payments shall be made from monies appropriated to the General Assembly.

**(Rep. James of Manchester** will speak for the Committee on Education.)

**Amendment to be offered by Rep. James of Manchester to H. 957**

Rep. James of Manchester moves that the bill be amended by striking Sec.1 (Findings) in its entirety and inserting in lieu thereof the following:

Sec. 1. FINDINGS

The General Assembly finds that:

(1) 2019 Acts and Resolves No. 66 (Act No. 66) requires the Department of Health to administer a program to test the drinking water in school buildings and child care facilities for lead contamination.

(2) Act No. 66 requires testing of drinking water in all child care facilities and school buildings for lead to be completed on or before December 31, 2020.

(3) As of March of 2020, sampling for lead in the drinking water of 86 percent of all stand-alone child care facilities is complete, and 68 percent of all schools have completed sampling.

(4) Act No. 66 requires drinking water samples for school buildings to occur during the school year in order to test the composition of drinking water when students are present in school buildings.

(5) On March 15, 2020, Governor Scott issued Gubernatorial Directive 1 related to COVID-19 dismissing all public and independent schools in the State.

(6) On March 17, 2020, Governor Scott issued Gubernatorial Directive-2 closing all State-regulated child care facilities except for provision of child care services to essential persons.

(7) On March 26, 2020, Governor Scott issued Gubernatorial Directive 5 related to COVID-19 directing all public and independent schools to remain dismissed for in-person instruction for the remainder of the 2019–2020 school year.

(8) Because of the dismissal of in-person schooling, because of the closure of child care facilities, and because of the uncertainty of when students will return to instruction within school buildings and when child care facilities will be able to test, it is likely that testing of drinking water in all school buildings and child care facilities will not be completed on or before December 31, 2020 as required by Act No. 66.

(9) Department of Health staff assigned to administer the requirements for testing of drinking water for lead in school buildings have been assigned to COVID-19 response, testing, and health surveillance.
