(3) “Automated vehicle tester” or “tester” means an individual, company, public agency, or other organization that is testing automated vehicles on public highways in this State pursuant to this chapter including an automated vehicle manufacturer, municipal or State agency, institution of higher education, fleet service provider, or automotive equipment or technology provider.

(4) “Conventional human driver” means an individual who manually engages in-vehicle braking, accelerating, steering, and transmission gear selection input devices in order to operate a vehicle.

(5) “Dynamic driving task” means all the real-time operational and tactical functions required to operate a vehicle in on-road traffic within its specific operational design domain, if any, excluding the strategic functions such as trip scheduling and selection of destinations and waypoints.
(6) “Highly automated vehicle” means a vehicle equipped with an automated driving system capable of performing all aspects of the dynamic driving task within its operational design domain, if any, including achieving a minimal risk condition, without any intervention or supervision by a conventional human driver.

(7) “Manufacturer” means an individual or company that designs, produces, or constructs vehicles or equipment. Manufacturers include original equipment manufacturers (OEMs), multiple and final stage manufacturers, individuals or companies making changes to a completed vehicle before first retail sale or deployment (upfitters), and modifiers (individuals or companies making changes to existing vehicles after first retail sale or deployment).

(8) “Minimal risk condition” means a condition in which an automated vehicle operating without a human driver, upon experiencing a failure of its automated driving system that renders the automated vehicle unable to perform the dynamic driving task, achieves a reasonably safe state that may include bringing the automated vehicle to a complete stop.

(b) Prior to approving a permit application, the Traffic Committee will conduct a hearing to provide for comments from the public. Legislative bodies of the municipalities where an automated vehicle will be tested shall be
notified by the Traffic Committee 60 calendar days prior to the Traffic Committee hearing when the geographic scope of the test includes State highways or Class 1, 2, 3, or 4 Town Highways, as classified pursuant to 19 V.S.A. § 302, within the geographic boundaries of the municipality.

(h) An automated vehicle tester shall not test an automated vehicle on a public highway unless:

(1) The operator is:
   (A) seated in the driver’s seat of the automated vehicle;

(j) An automated vehicle testing permit may be suspended or revoked by the Traffic Committee if, after the opportunity for a hearing, the Traffic Committee determines that there is a violation of any condition or conditions specified in the terms of the automated vehicle test permit that warrants the suspension or revocation of the testing permit or that the continuation of the testing would be unsafe.

(k) Operating or testing in violation of a suspension or revocation order shall be a traffic violation for which there shall be a penalty of not more than $1,000.00.

(l) Test vehicles must be capable of operating in compliance with applicable traffic and motor vehicle laws of this State, subject to this subchapter.

required by ordinance of the district, when the nonobservance tends substantially to increase erosion on the lands and substantially interferes with the prevention or control of erosion or conservation of natural resources on other lands within the district.

(2)(A) Alternatively, upon the basis of their findings, the supervisors may authorize such variance from the ordinances in their application to the lands of the owner who has not complied with the ordinance of the district, when such variance will relieve practical difficulties or unnecessary hardship to that owner and when such variance is not contrary to public interest and is in accordance with the purpose of land use regulations.

(B) The supervisors may request the landowner not complying with an ordinance to sign a stipulation setting forth the conditions agreed upon by the landowner and supervisors so that the practical difficulties or unnecessary hardship may be overcome and the work proceed by the consent of such landowner upon the land.

§ 732. NONCOMPLIANCE; REFERENCE TO BOARD OF ADJUSTMENT; COMPOSITION OF BOARD; TERMS, COMPENSATION, CONDUCT

The board of adjustment may request the landowner not complying with an ordinance to sign a stipulation setting forth the conditions agreed upon by the landowner and supervisors so that the practical difficulties or unnecessary hardship may be overcome and work proceed by the consent of such landowner upon his land. However, nothing in this chapter shall be construed so as to make ineffective any remedies available under the laws of the state. [Repealed.]

§ 734. SUPERVISORS MAY PETITION SUPERIOR COURT, WHEN

House Proposal of Amendment to Senate Proposal of Amendment

H. 514

An act relating to miscellaneous tax provisions

The House concurs in the Senate proposal of amendment with further amendments thereto as follows:

First: by inserting a Sec. 7a and 7b to read as follows:

Sec. 7a. 32 V.S.A. § 5833 is amended to read:

§ 5833. ALLOCATION AND APPORTIONMENT OF INCOME

(a) If the income of a taxable corporation is derived from any trade, business, or activity conducted entirely within this State, the Vermont net income of the corporation shall be allocated to this State in full. If the income of a taxable corporation is derived from any trade, business, or activity conducted both within and outside this State, the amount of the corporation’s Vermont net income which shall be apportioned to this State, so as to allocate to this State a fair and equitable portion of that income, shall be determined by multiplying that Vermont net income by the arithmetic average of the following factors, with the sales factor described in subdivision (3) of this subsection double-weighted:
(1) The average of the value of all the real and tangible property within this State (A) at the beginning of the taxable year and (B) at the end of the taxable year (but the Commissioner may require the use of the average of such value on the 15th or other day of each month, in cases where he or she determines that such computation is necessary to more accurately reflect the average value of property within Vermont during the taxable year), expressed as a percentage of all such property both within and outside this State;

(2) The total wages, salaries, and other personal service compensation paid during the taxable year to employees within this State, expressed as a percentage of all such compensation paid whether within or outside this State;

(3) The gross sales, or charges for services performed, within this State, expressed as a percentage of such sales or charges whether within or outside this State.

(A) Sales of tangible personal property are made in this State if:

   (i) the property is delivered or shipped to a purchaser, other than the United States U.S. government, who takes possession within this State, regardless of f.o.b. point or other conditions of sale; or

   (ii) the property is shipped from an office, store, warehouse, factory, or other place of storage in this State; and

   (A)(I) the purchaser is the United States U.S. government; or

   (B)(II) the corporation is not taxable in the State in which the purchaser takes possession. Sales other than sales of tangible personal property are in this State if the income producing activity is performed in this State or the income producing activity is performed both in and outside this State and a greater proportion of the income producing activity is performed in this State than in any other state, based on costs of performance.

(B) Sales, other than the sale of tangible personal property, are in this State if the taxpayer’s market for the sales is in this State. The taxpayer’s market for sales is in this State:

   (i) in the case of sale, rental, lease, or license of real property, if and to the extent the property is located in this State;

   (ii) in the case of rental, lease, or license of tangible personal property, if and to the extent the property is located in this State;

   (iii) in the case of sale of a service, if and to the extent the service is delivered to a location in this State; and

   (iv) in the case of intangible property:
(I) that is rented, leased, or licensed, if and to the extent the property is used in this State, provided that intangible property utilized in marketing a good or service to a consumer is “used in this State” if that good or service is purchased by a consumer who is in this State; and

(II) that is sold, if and to the extent the property is used in this State, provided that:

(aa) a contract right, government license, or similar intangible property that authorizes the holder to conduct a business activity in a specific geographic area is “used in this State” if the geographic area includes all or part of this State;

(bb) receipts from intangible property sales that are contingent on the productivity, use, or disposition of the intangible property shall be treated as receipts from the rental, lease, or licensing of such intangible property under subdivision (iv)(I) of this subdivision (B); and

(cc) all other receipts from a sale of intangible property shall be excluded from the numerator and denominator of the receipts factor.

(C) If the state or states of assignment under subdivision (B) of this subsection cannot be determined, the state or states of assignment shall be reasonably approximated.

(D) If the taxpayer is not taxable in a state to which a receipt is assigned under subdivision (B) or (C) of this subsection, or if the state of assignment cannot be determined under subdivision (B) of this subsection or reasonably approximated under subdivision (C) of this subsection, such receipt shall be excluded from the denominator of the receipts factor.

(E) The Commissioner of Taxes shall adopt regulations as necessary to carry out the purposes of this section.

(b) If the application of the provisions of this section does not fairly represent the extent of the business activities of a corporation within this State, the corporation may petition for, or the Commissioner may require, with respect to all or any part of the corporation’s business activity, if reasonable:

(1) Separate separate accounting;

(2) The the exclusion or modification of any or all of the factors;

(3) The the inclusion of one or more additional factors which that will fairly represent the corporation’s business activity in this State; or

(4) the employment of any other method to effectuate an equitable allocation and apportionment of the corporation’s income.
Sec. 7b. REPORT

As part of the General Assembly’s continuing effort to modernize Vermont’s corporate income tax code and to foster economic development in the State, the Department of Taxes, with the assistance of the Joint Fiscal Office and the Office of Legislative Council, shall provide the General Assembly with a report, not later than December 15, 2019, analyzing the following issues related to Vermont’s corporate income tax. (2) evaluate the impact of the current exclusion of overseas business organizations from an affiliated group, and identify and analyze any fiscal, legal, distributional, and administrative issues related to eliminating that exclusion;

(3) in consultation with the Vermont Banker’s Association, compare the impact of the current bank franchise tax to the impact of a taxing regime where there is no bank franchise tax, and financial institutions pay the Vermont corporate tax based on Vermont’s current apportionment factors with the market-based sourcing changes made in this act; and

(4) examine alternatives to Vermont’s corporate income tax which could more accurately capture corporate economic activity within Vermont, focusing particularly on corporations who conduct business in the State, but who have little or no taxable income.

Second: In Sec. 17a (repeal) by striking out “2021” and inserting “2022”

(53) Prescription drugs intended for animal use, and durable medical equipment, prosthetics and veterinary supplies intended for agricultural use. As used in this subdivision, “prescription drugs intended for animal use” means a drug dispensed only by or upon the lawful written order of a licensed veterinarian, and “veterinary supplies” mean tangible personal property therapeutic in nature, not normally used absent illness or injury, and not intended for repeated usage.

Fifth: In Sec. 37 (repeals), by striking out subdivision (1) in its entirety and renumbering the remaining subdivisions to be numerically correct.
