(a) Construction aid.

(1) Preliminary application for construction aid. A district or independent school eligible for assistance under section 3447 of this title, that intends to construct or purchase a new school, or make extensive additions or alterations to its existing school, and desires to avail itself of State school construction aid, shall submit a written preliminary application to the Secretary. A preliminary application shall include information required by the ~~State Board~~ Secretary by rule and shall specify the need for and purpose of the project.

(2) Approval of preliminary application.

(A) When reviewing a preliminary application for approval, the Secretary shall consider:

* * *

(iv) statewide educational initiatives ~~and the strategic plan of the State Board of Education.~~

* * *

(3) Priorities. Following approval of a preliminary application and provided that the district has voted funds or authorized a bond for the total estimated cost of a project, the ~~State Board~~ Secretary shall assign points to the project so that the project can be placed on a priority list based on the number of points received. Once a project receives points, if it does not receive funding in a given year, it shall not lose points in subsequent years and, pursuant to rule of the ~~Board~~ Secretary and provided the scope of the project

remains the same, it shall gain points due to length of time on the list and may gain points for any other reason. The points shall be assigned in the following priority:

* * *

(4) Request for legislative appropriation. ~~By~~ On or before January 15 of each year, the ~~State Board~~ Secretary shall present the House Committee on Corrections and Institutions and the Senate Committee on Institutions with its annual capital construction funding request. Following receipt of the request, the Committees shall recommend a total school construction appropriation for the next fiscal year to the General Assembly. The General Assembly shall not revise the order of the project priorities presented by the ~~State Board~~ Secretary. The funding request to the Committees shall be in the form of separate line items as follows:

(A) a list of projects that have been assigned points in their order of priority, including the voted funds or authorized bond amount for each project;

(B) the cost of emergency projects that the ~~State Board~~ Secretary has approved but not yet reimbursed due to insufficient funds, as well as the estimated cost of those that might be approved in the coming year under subsection (d) of this section;

(C) the cost of projects to extend the life of a building that the ~~State Board~~ Secretary has approved but not yet reimbursed due to insufficient funds, as well as the estimated cost of those that might be approved by the ~~State Board~~ Secretary in the coming fiscal year under subdivision (3)(B) of this subsection (a).

(5) Final approval for construction aid.

(A) Unless approved by the Secretary for good cause in advance of commencement of construction, a school district shall not begin construction before the ~~State Board~~ Secretary approves a final application. A school district may submit a written final application to the ~~State Board~~ Secretary at any time following approval of a preliminary application.

(B) The ~~State Board~~ Secretary may approve a final application for a project provided that:

* * *

(iv) the district has provided for construction financing of the project during a period prescribed by the ~~State Board~~ Secretary;

* * *

(C) The board of trustees of an independent school may submit a written final application to the ~~State Board~~ Secretary for a project for which a preliminary application has been approved by the Secretary, provided that each municipality represented on the board of trustees has voted funds or authorized a bond issue for 100 percent of the municipality's estimated share of the project in an amount determined by the Secretary under this section.

(D) The ~~State Board~~ Secretary may provide that a grant for a high school project is conditioned upon the agreement of the recipient to provide high school instruction for any high school pupil living in an area prescribed by the ~~Board~~ Secretary who may elect to attend the school.

* * *

(8) Eligible construction cost.

(A) Space and cost parameters. Only those portions of a project shall be eligible for construction aid that meet space and cost parameters adopted by the ~~State Board~~ Secretary. The parameters shall define maximum square footage costs, maximum gross square footage per student by grade range and school size, and minimum and maximum square footage allowances per student for programs and services.

* * *

(9) Payment. Upon satisfactory evidence that a project approved under subdivision (5) of this subsection (a) is under construction or has been constructed, and upon appropriation of funds sufficient to fund the State aid due under this section, the ~~State Board~~ Secretary shall certify an award for the project to the Commissioner of Finance and Management who shall issue a warrant for the payment of one-half of the award, or the entire award if the project is complete. After a project has been completed according to approved plans and specifications and the cost thereof has been audited by the Agency, the Secretary shall certify the remainder of the award due for the project to the Commissioner of Finance and Management who shall issue a warrant for the payment. Provided, however, if a project that is included on a prioritized list, for which list the General Assembly has appropriated funds in any year, is not eligible to be certified for one-half of the award or for the entire award, and if another project of lesser priority is eligible for certification, nothing in this section shall preclude the ~~State Board~~ Secretary from certifying an award for the lesser priority project prior to the higher priority project.

* * *

(e) Rules. The ~~State Board~~ Secretary shall adopt rules pertaining to school construction and capital outlay.

* * *

Sec. 60. 16 V.S.A. § 3448a is amended to read:

An act relating to reforming the State Board of Education.

(Committee vote: 6-0-0)

S. 190.

An act relating to the Standard Offer Program.

The Committee recommends that the bill be amended by striking out all after the enacting clause and inserting in lieu thereof the following:

Sec. 1. 30 V.S.A. § 8009 is amended to read:

§ 8009. BASELOAD RENEWABLE POWER PORTFOLIO
REQUIREMENT

(a) ~~In~~ As used in this section:

(1) “Baseload renewable power” means a plant that generates electricity from renewable energy; that, during normal operation, is capable of taking all or part of the minimum load on an electric transmission or distribution system; and that produces electricity essentially continuously at a constant rate.

(2) “Baseload renewable power portfolio requirement” means an annual average of 175,000 MWh of baseload renewable power from an in-state woody biomass plant that was commissioned prior to September 30, 2009, has a nominal capacity of 20.5 MW, and was in service as of January 1, 2011.

(3) “Biomass” means organic nonfossil material of biological origin constituting a source of renewable energy within the meaning of subdivision 8002(17)(21) of this title.

(4) [Repealed.]

(b) Notwithstanding subsection 8004(a) and subdivision 8005(d)(c)(1) of this title, commencing November 1, 2012, the electricity supplied by each Vermont retail electricity provider to its customers shall include the provider’s pro rata share of the baseload renewable power portfolio requirement, which shall be based on the total Vermont retail kWh sales of all such providers for the previous calendar year. The obligation created by this subsection shall cease on November 1, ~~2022~~ 2032.

(c) A plant used to satisfy the baseload renewable power portfolio requirement shall be a qualifying small power production facility under 16 U.S.C. § 796(17)(C) and 18 C.F.R. part 292.

(d) The On or before January 1, 2022, the Commission shall determine, for the period beginning on November 1, 2022, and ending on November 1, 2032, the price to be paid to a plant used to satisfy the baseload renewable power portfolio requirement. The Commission shall not be required to make this determination as a contested case under 3 V.S.A. chapter 25. The price shall be the avoided cost of the Vermont composite electric utility system. In this subsection, the term “avoided cost” means the incremental cost to retail electricity providers of electric energy or capacity, or both, which, but for the purchase from the plant proposed to satisfy the baseload renewable power portfolio requirement, such providers would obtain from a source using the same generation technology as the proposed plant. In this subsection, the term “avoided cost” also includes the Commission’s consideration of each of the following:

(1) The relevant cost data of the Vermont composite electric utility system.

(2) The terms of the potential contract, including the duration of the obligation.

(3) The availability, during the system’s daily and seasonal peak periods, of capacity or energy from a proposed plant.

(4) The relationship of the availability of energy or capacity from the proposed plant to the ability of the Vermont composite electric utility system or a portion thereof to avoid costs.

(5) The costs or savings resulting from variations in line losses from those that would have existed in the absence of purchases from the proposed plant.

(6) The supply and cost characteristics of the proposed plant, including the costs of operation and maintenance of an existing plant during the term of a proposed contract.

(7) Mechanisms for encouraging dispatch of the proposed plant relative to the ISO New England wholesale energy price and value of regional renewable energy credits, while also respecting the physical operating parameters and fixed costs of the proposed plant.

(8) The fuel supply for the proposed plant is obtained from ecologically sound and sustainable sources. In the case of biomass, this shall include an assessment of whether fuel supplies use ecologically sound harvesting practices and whether they promote a diverse and sustainable forest economy in the region.

(9) The appropriate assignment of risks associated with the ISO New England Forward Capacity Market Pay-for-Performance Project.

(10) Any potential opportunities associated with having the proposed plant withdraw from the ISO New England Forward Capacity Market, while respecting the economic parameters of the proposed plant.

* * *

(i) The State and its instrumentalities shall not be liable to a plant owner or retail electricity provider with respect to any matter related to the baseload renewable power portfolio requirement or a plant used to satisfy such requirement, including costs associated with a contract related to such a plant or any damages arising from the breach of such a contract, the flow of power between a plant and the electric grid, or the interconnection of a plant to that grid. For the purpose of this section, the Commission and the Standard Offer Facilitator constitute instrumentalities of the State.

(j) The Commission shall authorize any agency participating in a proceeding under this section or in an order issued under this section to assess its costs against a proposed plant consistent with section 21 of this title.

(k) The Agency of Commerce and Community Development shall investigate the feasibility of utilizing the excess thermal energy generated by a

plant used to satisfy the baseload renewable power portfolio requirement imposed under this section. Such investigation shall be done in consultation with the plant's owner, the Northeast Vermont Development Association, and other interested parties and shall consider the economic feasibility of utilizing the excess thermal energy generated by a plant and the economic development options available to the State to assist in the utilization of the excess thermal energy. On or before January 15, 2022 the Agency shall report on its investigation and any recommended legislation to the House Committees on Energy and Technology and on Commerce and Economic Development and the Senate Committees on Finance and on Economic Development, Housing and General Affairs.

(l) In considering the assessment of whether fuel supplies use ecologically sound harvesting practices and whether they promote a diverse and sustainable forest economy in the region, the Agency of Natural Resources shall provide input to the Commission regarding any recommended changes to the biomass harvesting practices associated with fuel supply, and the Commission shall incorporate such recommendations in the Order.

Sec. 2. TRANSITION PROVISION

All decisions and orders of the former Public Service Board and the Public Utility Commission in the matter *Investigation into the Establishment of a Standard-Offer Price for Baseload Renewable Power under the Sustainably Priced Energy Enterprise Development ("SPEED") Program*, Docket No. 7782, shall remain in full force and effect through October 31, 2022.

Sec. 3. EFFECTIVE DATE

This act shall take effect on passage.

UNFINISHED BUSINESS OF MARCH 24, 2020

Third Reading

S. 191.

An act relating to tax increment financing districts.

UNFINISHED BUSINESS OF MARCH 27, 2020

Committee Resolution for Second Reading

J.R.S. 45.

Joint resolution urging Congress to reassess the federal definition of hemp in order to allow the product to contain up to one percent delta-9 tetrahydrocannabinol (THC).

By the Committee on Agriculture. (Senator Star for the Committee.)

Text of Resolution:

Whereas, under the Agriculture Improvement Act of 2018, also known as the 2018 Farm Bill, hemp was removed from the list of controlled substances and production was therefore legalized throughout the United States, and

Whereas, a variety of products can be made from hemp through the use of its fiber, seed, seed oil, or floral extracts. Hemp can be found in products such as paper, fabric, auto parts, animal bedding, body care products, and essential oils, and

Whereas, cannabidiol (CBD) is a chemical compound of *Cannabis sativa*, bearing little to no psychoactive effects, and is being evaluated for its role as a food additive or health supplement, and

Whereas, economic forecasts predict that the total collective market in CBD sales in the United States will be between \$15 billion to \$20 billion annually by 2025, and

Whereas, in 2019, the Vermont Agency of Agriculture, Food and Markets approved 983 permits to grow or process hemp on 8,880 acres in Vermont, and

Whereas, hemp was grown in every county of the State in 2019, and

Whereas, cultivators and processors of hemp in Vermont have invested millions of dollars to purchase the equipment and resources necessary to successfully produce hemp and hemp products, and

Whereas, the development and growth of the hemp industry in Vermont is critical to improving the health and vitality of the rural economy of the State; and

Whereas, the federal government defines hemp in the 2018 Farm Bill as “the plant *Cannabis sativa* L. and any part of that plant, including the seeds thereof and all derivatives, extracts, cannabinoids, isomers, acids, salts, and salts of isomers, whether growing or not, with a delta-9 tetrahydrocannabinol level of not more than 0.3 percent on a dry weight basis,” and

Whereas, hemp farmers and processors encourage Congress to reassess the definition of hemp as referenced in the 2018 Farm Bill and increase the farm production values to one percent tetrahydrocannabinol (THC) in order to allow hemp farmers to increase yield potential per acre and profitability for all hemp grown in the State, and

Whereas, increasing yield potential per acre equates to increased profit potential for Vermont's farm families and hemp processors, *now therefore be it*

Resolved by the Senate and House of Representatives:

That the General Assembly urges Congress to revise the current definition of hemp found in the Agriculture Improvement Act of 2018, increasing the THC threshold from 0.3 percent to 1.0 percent, *and be it further*

Resolved: That the Secretary of State be directed to send a copy of this resolution to the Vermont Congressional Delegation, the President Pro Tempore and Secretary of the U.S. Senate, and the Speaker of the U.S. House of Representatives.
