**Third Reading**

**S. 191.**

An act relating to tax increment financing districts.

**UNFINISHED BUSINESS OF MARCH 27, 2020**

**Committee Resolution for Second Reading**

**J.R.S. 45.**

Joint resolution urging Congress to reassess the federal definition of hemp in order to allow the product to contain up to one percent delta-9 tetrahydrocannabinol (THC).

**By the Committee on Agriculture. (Senator Star for the Committee.)**

**Text of Resolution:**

*Whereas*, under the Agriculture Improvement Act of 2018, also known as the 2018 Farm Bill, hemp was removed from the list of controlled substances and production was therefore legalized throughout the United States, and

*Whereas*, a variety of products can be made from hemp through the use of its fiber, seed, seed oil, or floral extracts. Hemp can be found in products such as paper, fabric, auto parts, animal bedding, body care products, and essential oils, and

*Whereas*, cannabidiol (CBD) is a chemical compound of *Cannabis sativa*, bearing little to no psychoactive effects, and is being evaluated for its role as a food additive or health supplement, and

*Whereas*, economic forecasts predict that the total collective market in CBD sales in the United States will be between \$15 billion to \$20 billion annually by 2025, and

*Whereas*, in 2019, the Vermont Agency of Agriculture, Food and Markets approved 983 permits to grow or process hemp on 8,880 acres in Vermont, and

*Whereas*, hemp was grown in every county of the State in 2019, and

*Whereas*, cultivators and processors of hemp in Vermont have invested millions of dollars to purchase the equipment and resources necessary to successfully produce hemp and hemp products, and

*Whereas*, the development and growth of the hemp industry in Vermont is critical to improving the health and vitality of the rural economy of the State; and

*Whereas*, the federal government defines hemp in the 2018 Farm Bill as “the plant *Cannabis sativa* L. and any part of that plant, including the seeds thereof and all derivatives, extracts, cannabinoids, isomers, acids, salts, and salts of isomers, whether growing or not, with a delta-9 tetrahydrocannabinol level of not more than 0.3 percent on a dry weight basis,” and

*Whereas*, hemp farmers and processors encourage Congress to reassess the definition of hemp as referenced in the 2018 Farm Bill and increase the farm production values to one percent tetrahydrocannabinol (THC) in order to allow hemp farmers to increase yield potential per acre and profitability for all hemp grown in the State, and

*Whereas*, increasing yield potential per acre equates to increased profit potential for Vermont’s farm families and hemp processors, *now therefore be it*

***Resolved by the Senate and House of Representatives:***

That the General Assembly urges Congress to revise the current definition of hemp found in the Agriculture Improvement Act of 2018, increasing the THC threshold from 0.3 percent to 1.0 percent, *and be it further*

***Resolved:*** That the Secretary of State be directed to send a copy of this resolution to the Vermont Congressional Delegation, the President Pro Tempore and Secretary of the U.S. Senate, and the Speaker of the U.S. House of Representatives.

With the Commissioner's prior written approval, a protected cell of a sponsored captive insurance company may establish one or more separate accounts and may allocate to them amounts to provide for the insurance of risks of one or more participants, or controlled unaffiliated business of such participant or participants, subject to the following:

(1) The income, gains, and losses, realized or unrealized, from assets allocated to a separate account shall be credited to or charged against the account, without regard to other income, gains, or losses of the protected cell.

(2) Amounts allocated to a separate account in the exercise of the power granted by this subsection are owned by the protected cell, and the protected cell may not be nor hold itself out to be a trustee with respect to such amounts.

(3) Unless otherwise approved by the Commissioner, assets allocated to a protected cell shall be valued in accordance with the rules otherwise applicable to the protected cell's assets.

(4) If and to the extent so provided under the applicable contracts, that portion of the assets of any such protected cell equal to the reserves and other contract liabilities with respect to such account shall not be chargeable with liabilities arising out of any other business the protected cell may conduct.

(5) No sale, exchange, or other transfer of assets may be made by such protected cell between any of its separate accounts or between any other investment account and one or more of its separate accounts unless, in the case of a transfer into a separate account, such transfer is made solely to establish the account or to support the operation of the contracts with respect to the separate account to which the transfer is made and unless such transfer, whether into or from a separate account, is made by a transfer of cash or by a transfer of securities having a readily determinable market value, provided that such transfer of securities is approved by the Commissioner. The Commissioner may approve other transfers among such accounts if, in his or her opinion, such transfers would be equitable.

(6) To the extent such protected cell deems it necessary to comply with any applicable federal or State laws, such protected cell, with respect to any

separate account, including any separate account that is a management investment company or a unit investment trust, may provide for persons having an interest therein appropriate voting and other rights and special procedures for the conduct of the business of such account, including special rights and procedures relating to investment policy, investment advisory services, selection of independent public accountants, and the selection of a committee, the members of which need not be otherwise affiliated with such protected cell, to manage the business of such account.
