UNFINISHED BUSINESS OF MARCH 24, 2020

Third Reading

S. 191.

An act relating to tax increment financing districts.

UNFINISHED BUSINESS OF MARCH 27, 2020

Committee Resolution for Second Reading

J.R.S. 45.

Joint resolution urging Congress to reassess the federal definition of hemp in order to allow the product to contain up to one percent delta-9 tetrahydrocannabinol (THC).

By the Committee on Agriculture. (Senator Star for the Committee.)

Text of Resolution:

Whereas, under the Agriculture Improvement Act of 2018, also known as the 2018 Farm Bill, hemp was removed from the list of controlled substances and production was therefore legalized throughout the United States, and

Whereas, a variety of products can be made from hemp through the use of its fiber, seed, seed oil, or floral extracts. Hemp can be found in products such as paper, fabric, auto parts, animal bedding, body care products, and essential oils, and

Whereas, cannabidiol (CBD) is a chemical compound of Cannabis sativa, bearing little to no psychoactive effects, and is being evaluated for its role as a food additive or health supplement, and

Whereas, economic forecasts predict that the total collective market in CBD sales in the United States will be between $15 billion to $20 billion annually by 2025, and

Whereas, in 2019, the Vermont Agency of Agriculture, Food and Markets approved 983 permits to grow or process hemp on 8,880 acres in Vermont, and

Whereas, hemp was grown in every county of the State in 2019, and

Whereas, cultivators and processors of hemp in Vermont have invested millions of dollars to purchase the equipment and resources necessary to successfully produce hemp and hemp products, and

Whereas, the development and growth of the hemp industry in Vermont is critical to improving the health and vitality of the rural economy of the State; and

Whereas, the federal government defines hemp in the 2018 Farm Bill as "the plant Cannabis sativa L. and any part of that plant, including the seeds thereof and all derivatives, extracts, cannabinoids, isomers, acids, salts, and salts of isomers, whether growing or not, with a delta-9 tetrahydrocannabinol level of not more than 0.3 percent on a dry weight basis," and

Whereas, hemp farmers and processors encourage Congress to reassess the definition of hemp as referenced in the 2018 Farm Bill and increase the farm production values to one percent tetrahydrocannabinol (THC) in order to allow hemp farmers to increase yield potential per acre and profitability for all hemp grown in the State, and

Whereas, increasing yield potential per acre equates to increased profit potential for Vermont's farm families and hemp processors, *now therefore be it*

Resolved by the Senate and House of Representatives:

That the General Assembly urges Congress to revise the current definition of hemp found in the Agriculture Improvement Act of 2018, increasing the THC threshold from 0.3 percent to 1.0 percent, *and be it further*

Resolved: That the Secretary of State be directed to send a copy of this resolution to the Vermont Congressional Delegation, the President Pro Tempore and Secretary of the U.S. Senate, and the Speaker of the U.S. House of Representatives.

* * * Hemp 2020 Growing Season * * *

Sec. 25. 2020 HEMP GROWING SEASON

(a) The General Assembly finds that:

(1) The federal Agricultural Act of 2014, Pub. L. No. 113-79, Sec. 7606, codified at 7 U.S.C. § 5940, authorizes states subject to certain requirements to implement agricultural pilot programs for the growing, cultivation, and marketing of industrial hemp, notwithstanding restrictions under the federal Controlled Substances Act.

(2) In Section 10113 of the Agricultural Improvement Act of 2018, Pub. L. No. 115-334, codified at 7 U.S.C. §§ 1639 (o)–(s), Congress authorized the growing, cultivation, and marketing of industrial hemp under U.S. Department of Agriculture-approved state programs and not as agricultural pilot programs.

(3) The Agricultural Improvement Act of 2018, however, authorized states operating an agricultural pilot program for industrial hemp to continue operating the agricultural pilot program until October 31, 2020.

(4) Vermont operates an agricultural pilot program for industrial hemp, but 2019 Acts and Resolves No. 44 amended 6 V.S.A. chapter 34 to provide that the State Hemp Program shall operate under the Agricultural Improvement Act of 2018.

(5) Vermont's State Hemp Program has not yet been federally approved for operation under the Agricultural Improvement Act of 2018.

(6) To clarify the authority and requirements for the cultivation and processing of industrial hemp during the 2020 growing season, the General Assembly should authorize hemp to be grown in the State under the terms and requirements of the State agricultural pilot program for hemp and not under the requirements of the Agricultural Improvement Act of 2018.

(b)(1) Notwithstanding the provisions of 6 V.S.A. chapter 34 that provide that Vermont shall operate the State Hemp Program under the Agricultural Improvement Act of 2018, the Secretary of Agriculture, Food and Markets may, during the 2020 growing season for hemp, continue to operate an agricultural pilot program for hemp as authorized by and in compliance with 7 U.S.C. § 5940.

(2) If the Secretary of Agriculture, Food and Markets operates an agricultural pilot program for hemp during the 2020 hemp growing season, the program shall not be subject to the terms of Section 10113 of the Agricultural Improvement Act of 2018, Pub. L. No. 115-334, and shall not be subject to any provision of 6 V.S.A. chapter 34 that requires compliance with the Agricultural Improvement Act of 2018. Under an agricultural pilot program, a grower or processor of hemp during the 2020 growing season shall comply with the federal requirements for the cultivation and processing of hemp established by the Agricultural Act of 2014 as codified at 7 U.S.C. § 5940 until the 2020 crop is sold and is no longer in the possession of a grower or processor.

(c) Notwithstanding any provision of State law to the contrary and notwithstanding the scheduled repeal of 7 U.S.C. § 5940 on October 31, 2020, a person shall not be in violation of the requirements of 6 V.S.A. chapter 34 if he or she grows or cultivates hemp during the 2020 hemp season or markets hemp grown during the 2020 hemp season in compliance with the terms established by the federal Agricultural Act of 2014.

* * * DFR Report on Milk Pricing * * *

Sec. 31. DEPARTMENT OF FINANCIAL REGULATION; OVERSIGHT OF MILK PRICING IN VERMONT; REPORT; TASK FORCE

(a) Findings. The General Assembly finds that:

(1) The minimum pay price received by most dairy farmers in Vermont is regulated and established by the Federal Milk Market Order Program based on a complex formula, and under this formula, the regulated minimum price for Vermont dairy farms has been for many years set at an amount below the costs of production.

(2) Most dairy farmers in Vermont utilize the two remaining membership-based dairy cooperatives to sell their milk for market prices above the federally regulated minimum pay prices, and the cooperatives levy fees and other surcharges on their member dairy farmers to cover the marketing costs.

(3) Amidst radical market changes and an oversupply of milk, the dairy cooperatives recently have been unable to obtain pay prices for Vermont dairy farmers that are above the federally regulated minimum prices, and, as a result, the charges assessed to their members have often caused the net price that Vermont dairy farmers receive to fall below the regulated minimum prices and to amount to significantly less than the costs of production.

(4) Vermont dairy farms have suffered from combined regulatory and market failures, and 60 percent of the State's dairy farms subject to the federal regulatory program have closed since the year 2000.

(5) Before Vermont loses another substantial portion of its remaining dairy farming community, the State agency with expertise in financial regulation and rational market pricing should review the milk pricing system

for dairy farmers in Vermont to collect and assess data on the long-term sustainability and fairness to the Vermont dairy farming community of the federal milk market order pricing system, current market conditions, and dairy cooperative operation.

(b) Report. On or before January 15, 2021, the Commissioner of Financial Regulation shall submit to the Senate Committees on Agriculture and on Economic Development, Housing and General Affairs and the House Committees on Agriculture and Forestry and on Commerce and Economic Development an assessment of the long-term sustainability of Vermont dairy farming under the existing federal milk market order pricing system, current market conditions, and dairy cooperative operation. In developing the assessment, the Commissioner of Financial Regulation shall obtain from the Secretary of Agriculture, Food and Markets an accounting of payments made to milk producers under the federal milk market order. After consultation with the Secretary of Agriculture, Food and Markets, the Commissioner is authorized to utilize the Vermont Milk Commission's authority under 6 V.S.A. § 2936 to obtain information from milk handlers regarding the prices paid to purchase various forms of milk from Vermont producers; the costs of production, processing, transporting, distributing, and marketing milk; and any other information deemed necessary and relevant by the Commissioner. The Commissioner is also authorized to use the authority established under 6 V.S.A. § 2936, and the authority under 8 V.S.A. § 13, to assess the use and impact of payments made to milk producers. The report of the Commissioner of Financial Regulation shall include:

(1) an evaluation of the long-term sustainability of dairy farming in Vermont under the current regulatory and market conditions; and

(2) recommendations for revising regulated dairy pricing and other market regulation in the State to improve the future viability of Vermont dairy farming.

(c) Task force.

(1) After receipt of the report required under subsection (b) of this section, the Committee on Committees and the Speaker of the House shall appoint a joint committee of legislators and other experts to be known as the Task Force to Revitalize the Vermont Dairy Industry to develop legislation to implement the recommendations of the Commissioner of Financial Regulation.

(2) The Office of Legislative Council shall call the first meeting of the Task Force to occur not later than 45 days after receipt of the report required under subsection (b) of this section.

(3) The Task Force shall elect co-chairs from among its members at the first meeting.

(4) A majority of the membership shall constitute a quorum.

(5) The Task Force shall submit draft legislation to the General Assembly on or before December 15, 2021.

(6) The Task Force shall cease to exist on March 1, 2022.

(7) For attendance at meetings during adjournment of the General Assembly, a legislative member of the Task Force shall be entitled to per diem compensation and reimbursement of expenses pursuant to 2 V.S.A. § 406 for not more than 10 meetings. These payments shall be made from monies appropriated to the General Assembly.

(8) Other members of the Task Force that are not legislative members shall be entitled to both per diem compensation and reimbursement of expenses as permitted under 32 V.S.A. § 1010 for not more than 10 meetings. These payments shall be made from monies appropriated to the General Assembly.
