An act relating to promoting affordable housing.

PENDING QUESTION: Shall the bill be amended as moved by Senator Bray, et al in the First, Second, Third and Fourth instances of amendment?

For Information Only

Text of the instances of amendment is as follows:

First: In Sec. 6, 10 V.S.A. § 6081, in subdivision (p)(1), by striking out “Upon receiving notice and a copy of the permit issued by an appropriate municipal panel pursuant to 24 V.S.A. § 4460(f), a previously issued permit for a development or subdivision located in a downtown development area or a neighborhood development area is extinguished” and inserting in lieu thereof the following: Existing permits in these areas may seek to be released from jurisdiction pursuant to subsection 6090(c) of this title

Second: By striking out Sec. 8, 24 V.S.A. § 4460, in its entirety and inserting in lieu thereof the following:

* * * Act 250 Release from Jurisdiction * * *

Sec. 8. 10 V.S.A. § 6090 is amended to read:

§ 6090. RECORDING; DURATION AND REVOCATION OF PERMITS

* * *

(c) Change to nonjurisdictional use; release from permit.

(1) On an application signed by each permittee, the District Commission may release land subject to a permit under this chapter from the obligations of that permit and the obligation to obtain amendments to the permit on finding each of the following:

(A) One of the following is true:

(i) the use of the land as of the date of the application is not the same as the use of the land that caused the obligation to obtain a permit under this chapter;

(ii) the municipality where the land is located has adopted permanent zoning and subdivision bylaws, but had not when the permit was issued; or

(iii) the land is located in a designated downtown or neighborhood development area that is exempt from this chapter.

(B) The use of the land as of the date of the application does not constitute development or subdivision as defined in section 6001 of this title and would not require a permit or permit amendment but for the fact that the land is already subject to a permit under this chapter.

(C) The permittee or permittees are in compliance with the permit and their obligations under this chapter.

(2) It shall be a condition of each affirmative decision under this subsection that a subsequent proposal of a development or subdivision on the land to which the decision applies shall be subject to this chapter as if the land had never previously received a permit under the chapter.

(3) An application for a decision under this subsection shall be made on a form prescribed by the Board. The form shall require evidence demonstrating that the application complies with subdivisions (1)(A) through (C) of this subsection. The application shall be processed in the manner described in section 6084 of this title and may be treated as a minor application under that section. In addition to those required to be notified under section 6084, the District Commission shall send notice at the same time to all other parties to the permit and to all current adjacent landowners.

(4) The District Commission shall evaluate the conditions in the existing permit and determine whether the permit conditions are still necessary to mitigate impacts under the criteria of subsection 6086(a). If the District Commission finds that the permit conditions are still necessary, it shall deny the application or approve the application on the condition that the necessary conditions are added to the land's municipal permit.

Third: In Sec. 12, 24 V.S.A. 2793e, by striking out subdivision (c)(7) in its entirety and inserting in lieu thereof the following:

Committee Resolution for Second Reading

J.R.S. 45.

Joint resolution urging Congress to reassess the federal definition of hemp in order to allow the product to contain up to one percent delta-9 tetrahydrocannabinol (THC).

By the Committee on Agriculture. (Senator Star for the Committee.)

Text of Resolution:

Whereas, under the Agriculture Improvement Act of 2018, also known as the 2018 Farm Bill, hemp was removed from the list of controlled substances and production was therefore legalized throughout the United States, and

Whereas, a variety of products can be made from hemp through the use of its fiber, seed, seed oil, or floral extracts. Hemp can be found in products such as paper, fabric, auto parts, animal bedding, body care products, and essential oils, and

Whereas, cannabidiol (CBD) is a chemical compound of *Cannabis sativa*, bearing little to no psychoactive effects, and is being evaluated for its role as a food additive or health supplement, and

Whereas, economic forecasts predict that the total collective market in CBD sales in the United States will be between \$15 billion to \$20 billion annually by 2025, and

Whereas, in 2019, the Vermont Agency of Agriculture, Food and Markets approved 983 permits to grow or process hemp on 8,880 acres in Vermont, and

Whereas, hemp was grown in every county of the State in 2019, and

Whereas, cultivators and processors of hemp in Vermont have invested millions of dollars to purchase the equipment and resources necessary to successfully produce hemp and hemp products, and

Whereas, the development and growth of the hemp industry in Vermont is critical to improving the health and vitality of the rural economy of the State; and

Whereas, the federal government defines hemp in the 2018 Farm Bill as “the plant *Cannabis sativa* L. and any part of that plant, including the seeds thereof and all derivatives, extracts, cannabinoids, isomers, acids, salts, and salts of isomers, whether growing or not, with a delta-9 tetrahydrocannabinol level of not more than 0.3 percent on a dry weight basis,” and

Whereas, hemp farmers and processors encourage Congress to reassess the definition of hemp as referenced in the 2018 Farm Bill and increase the farm production values to one percent tetrahydrocannabinol (THC) in order to allow hemp farmers to increase yield potential per acre and profitability for all hemp grown in the State, and

Whereas, increasing yield potential per acre equates to increased profit potential for Vermont’s farm families and hemp processors, *now therefore be it*

Resolved by the Senate and House of Representatives:

That the General Assembly urges Congress to revise the current definition of hemp found in the Agriculture Improvement Act of 2018, increasing the THC threshold from 0.3 percent to 1.0 percent, *and be it further*

Resolved: That the Secretary of State be directed to send a copy of this resolution to the Vermont Congressional Delegation, the President Pro Tempore and Secretary of the U.S. Senate, and the Speaker of the U.S. House of Representatives.

Reported favorably with recommendation of amendment by Senator Sears for the Committee on Judiciary.

The Committee recommends that the bill be amended by striking out all after the enacting clause and inserting in lieu thereof the following:

Sec. 1. 20 V.S.A. § 2368 is added to read:

§ 2368. STATEWIDE POLICY; LAW ENFORCEMENT USE OF DEADLY FORCE

(a) Definitions. As used in this section:

(1) “Deadly force” means any use of force that creates a substantial risk of causing death or serious bodily injury.

(2) “Imminent threat of death or serious bodily injury” means when, based on the totality of the circumstances, a reasonable officer in the same situation would believe that a person has the present ability, opportunity, and apparent intent to immediately cause death or serious bodily injury to the law enforcement officer or another person. An imminent harm is not merely a fear of future harm, no matter how great the fear and no matter how great the likelihood of the harm, but is one that, from appearances, must be instantly confronted and addressed.

(3) “Law enforcement officer” shall have the same meaning as in 20 V.S.A. § 2351a.

(4) “Prohibited restraint” means the use of any maneuver on a person that applies pressure to the neck, throat, windpipe, or carotid artery that may prevent or hinder breathing, reduce intake of air, or impede the flow of blood or oxygen to the brain.

(5) “Totality of the circumstances” means all facts known to the law enforcement officer at the time, including the conduct of the officer and the words and conduct of the subject leading up to the use of deadly force.

(b) Statewide policy.

(1) The authority to use physical force is a serious responsibility that shall be exercised judiciously and with respect for human rights and dignity and for the sanctity of every human life. Every person has a right to be free from excessive use of force by officers acting under authority of the State.

(2) Law enforcement officers may use deadly force only when necessary in defense of human life. In determining whether deadly force is necessary, officers shall evaluate each situation in light of the particular circumstances of each case and shall use other available resources and techniques if reasonably safe and feasible to an objectively reasonable officer.

(3) The decision by a law enforcement officer to use force shall be evaluated carefully and thoroughly, in a manner that reflects the gravity of that authority and the serious consequences of the use of force by law enforcement

officers, in order to ensure that officers use force consistent with law and agency policies.

(4) The decision by a law enforcement officer to use force shall be evaluated from the perspective of a reasonable officer in the same situation, based on the totality of the circumstances known to or perceived by the officer at the time.

(5) Any law enforcement officer who has reasonable cause to believe that the person to be arrested has committed a crime may use proportional force if necessary to effect the arrest, to prevent escape, or to overcome resistance.

(c) Use of deadly force.

(1) A law enforcement officer is justified in using deadly force upon another person only when the officer reasonably believes, based on the totality of the circumstances, that such force is necessary to:

(A) defend against an imminent threat of death or serious bodily injury to the officer or to another person; or

(B) apprehend a fleeing person for any felony that threatened or resulted in death or serious bodily injury if the officer reasonably believes that the person will cause death or serious bodily injury to another unless immediately apprehended.

(2) When feasible, a law enforcement officer shall, prior to the use of force, make reasonable efforts to identify himself or herself as a law enforcement officer and to warn that deadly force may be used.

(3) A law enforcement officer shall not use deadly force against a person based on the danger that person poses to himself or herself, if an objectively reasonable officer would believe the person does not pose an imminent threat of death or serious bodily injury to the law enforcement officer or to another person.

(4) A law enforcement officer who makes or attempts to make an arrest need not retreat or desist from his or her efforts by reason of the resistance or threatened resistance of the person being arrested. A law enforcement officer shall not be deemed an aggressor or lose the right to self-defense by the use of proportional force if necessary in compliance with subdivision (b)(5) of this section to effect the arrest or to prevent escape or to overcome resistance. For the purposes of this subdivision, "retreat" does not mean tactical repositioning or other de-escalation tactics.

(5) A law enforcement officer shall not use a prohibited restraint on a person for any reason. A law enforcement officer has a duty to intervene when the officer observes another officer using a prohibited restraint on a person.

Sec. 2. EFFECTIVE DATE

This act shall take effect on October 1, 2020.

* * * Use of Pozzolans as an Alternative to Portland Cement * * *

Sec. 21. USE OF POZZOLANS AS AN ALTERNATIVE TO PORTLAND CEMENT

(a) Findings. The General Assembly finds that:

(1) Pozzolans, such as pulverized fuel ash (commonly known as “fly ash”), ground granulated blast-furnace slag, and silica fume, can be used to partially replace a portion of the Portland Cement used in the production of concrete.

(2) Using pozzolans in the production of concrete for transportation infrastructure projects can typically reduce the use of Portland Cement by 40 to 50 percent.

(3) Using pozzolans in a concrete mix design can:

(A) reduce the carbon dioxide emissions associated with transportation infrastructure projects, such as bridges and sidewalks;

(B) increase the compressive strength and durability of concrete; and

(C) decrease construction costs.

(4) Pozzolans cannot be used as a complete substitute for Portland Cement in a concrete mix design because they enhance and do not replace the cementitious properties of Portland Cement as it hydrates as part of the overall chemical reaction that binds and strengthens the concrete.

(b) Use of Portland Cement. The Agency is encouraged to continue researching, testing, and wherever practicable, using pozzolans and alternatives to Portland Cement as part of the concrete mix designs for all transportation infrastructure projects.

(1) all Vermont consumer protection laws and regulations that currently apply when a consumer purchases a motor vehicle from a dealer registered pursuant to 23 V.S.A. chapter 7, subchapter 4, whether those consumer protections currently apply to direct-to-consumer motor vehicle sales, and, if not, whether those consumer protections should apply to direct-to-consumer motor vehicle sales;

(2) how consumers currently obtain financing in direct-to-consumer motor vehicle sales and any proposals that would better protect Vermont consumers who engage in direct-to-consumer motor vehicle sales;

(3) how consumers are currently taxed in direct-to-consumer motor vehicle sales and whether there are steps the State can take to maximize the collection of taxes owed on direct-to-consumer motor vehicle sales where the vehicles are operated in Vermont;

(4) any enforcement issues related to direct-to-consumer motor vehicle sales;

(5) what reasons, if any, exist to prohibit manufacturers engaged in direct-to-consumer motor vehicle sales from owning, operating, or controlling a motor vehicle warranty or service facility in the State and a recommendation on whether a sales center should be required if a manufacturer engaged in direct-to-consumer motor vehicle sales is permitted to own, operate, or control a motor vehicle warranty or service facility in the State;

(6) laws, rules, and best practices from other jurisdictions and any model legislation related to the regulation of direct-to-consumer motor vehicle sales; and

(7) how any proposed amendments to Vermont law regulating direct-to-consumer motor vehicle sales will affect dealers registered pursuant to 23 V.S.A. chapter 7, subchapter 4; franchisors and franchisees, as defined in 9 V.S.A. § 4085; and other persons who are selling motor vehicles to Vermonters.

(c) As used in this section, “direct-to-consumer motor vehicle sales” means sales made by:

(1) motor vehicle manufacturers that sell or lease vehicles they manufacture directly to Vermont consumers and not through dealers registered pursuant to 23 V.S.A. chapter 7, subchapter 4; or
