~~(b) Within 30 days of any judgment or settlements involving a claim of professional negligence by a licensee, any insurer of the licensee shall report the information to the Commissioner of Health and, to the extent the claim relates to the provision of mental health services, to the Commissioner of Mental Health.~~

Definition of reportable disciplinary action. A reportable disciplinary action is an action based on one or more of the following:

(1) Acts or omissions of a licensee that relate to the licensee's fitness or competence to practice medicine under the license held.

(2) Acts or omissions of the licensee that constitute a violation of a law or rule that relates in any way to the practice of medicine.

(3) Acts or omissions of the licensee that occur in the course of practice and result in one or more of the following:

(A) Resignation, leave of absence, termination, or nonrenewal of an employment relationship or contract. This includes a licensee's own initiation of such action following notification to the licensee by the reporter that the reporter or an affiliated entity is conducting an investigation or inquiry regarding an event that, assuming the accuracy of the information or allegation, is likely to result in reportable disciplinary action. The reporter or affiliated entity shall complete the investigation or inquiry even if the licensee initiates a resignation, leave of absence, termination, or nonrenewal, and shall make a report to the Board if the investigation results in a finding of a reportable disciplinary action. Resignations and leaves of absence that are entirely voluntary by the licensee, and terminations and nonrenewals of employment or contract by a required reporter that are not related to acts or omissions of the licensee, are not reportable disciplinary actions.

(B) Revocation, suspension, restriction, relinquishment, or nonrenewal of a right or privilege. This includes a licensee's own initiation of such action following notification to the licensee by the reporter that the

reporter or an affiliated entity is conducting an investigation or inquiry regarding an event that, assuming the accuracy of the information or allegation, is likely to result in reportable disciplinary action. Relinquishments of privileges that are entirely voluntary by the licensee, and revocations, nonrenewals, or other limitations on privileges by a required reporter that are not related to acts or omissions of the licensee, are not reportable disciplinary actions.

(C) Written discipline that constitutes a censure, reprimand, or admonition, if it is the second or subsequent censure, reprimand, or admonition within a 12-month period for the same or related acts or omissions that previously resulted in written censure, reprimand, or admonition. The same or related acts or omissions includes similar behavior or behavior involving the same parties, or both. Oral censure, oral reprimand, and oral admonition are not considered reportable disciplinary actions, and notation of an oral censure, oral reprimand, or oral admonition in a personnel or supervisor's file does not transform the action from oral to written.

(D) Fine or any other form of monetary penalty imposed as a form of discipline.

(E) Required education, remedial counseling, or monitoring that is imposed as a result of a completed, contested disciplinary process. This includes recommendation or referral for services from the Vermont Practitioner Recovery Network established pursuant to section 1401a of this chapter, or from an employer wellness program or similar program, as a result of a completed, contested disciplinary process.

If reportable disciplinary action is reported to the Board based on a licensee's provision of mental health services, the Commissioner of Health shall forward the report to the Commissioners of Mental Health and of Disabilities, Aging, and Independent Living.
