**Those Senators absent or not voting were:** Ashe (presiding), Rodgers.

*Senator Benning explained his vote as follows:

Mr. President:

“I have no doubt I will be labeled a climate change denier because I am about to vote against a bill entitled “Global Warming Solutions Act.” But I am
not a climate change denier and I do believe green house gasses must be reduced. This bill does not do that.

“There are two components to this bill. The first involves development of a plan. I have no problem with that because we need one.

“The second involves enforcement of regulations yet unknown which we ourselves have failed to create. We have ceded that responsibility to the Agency of Natural Resources. The amendment to this bill yesterday strips ANR of the resources and personnel needed to do that. In short, they have been set up to fail.

“It is for those reasons I vote against this bill.”

(3) The Agricultural Improvement Act of 2018, however, authorized states operating an agricultural pilot program for industrial hemp to continue operating the agricultural pilot program until October 31, 2020.

(4) Vermont operates an agricultural pilot program for industrial hemp, but 2019 Acts and Resolves No. 44 amended 6 V.S.A. chapter 34 to provide that the State Hemp Program shall operate under the Agricultural Improvement Act of 2018.

(5) Vermont’s State Hemp Program has not yet been federally approved for operation under the Agricultural Improvement Act of 2018.

(6) To clarify the authority and requirements for the cultivation and processing of industrial hemp during the 2020 growing season, the General Assembly should authorize hemp to be grown in the State under the terms and requirements of the State agricultural pilot program for hemp and not under the requirements of the Agricultural Improvement Act of 2018.
(b)(1) Notwithstanding the provisions of 6 V.S.A. chapter 34 that provide that Vermont shall operate the State Hemp Program under the Agricultural Improvement Act of 2018, the Secretary of Agriculture, Food and Markets may, during the 2020 growing season for hemp, continue to operate an agricultural pilot program for hemp as authorized by and in compliance with 7 U.S.C. § 5940.

(c) Notwithstanding any provision of State law to the contrary and notwithstanding the scheduled repeal of 7 U.S.C. § 5940 on October 31, 2020, a person shall not be in violation of the requirements of 6 V.S.A. chapter 34 if he or she grows or cultivates hemp during the 2020 hemp season or markets hemp grown during the 2020 hemp season in compliance with the terms established by the federal Agricultural Act of 2014.

*** DFR Report on Milk Pricing ***

Sec. 31.  DEPARTMENT OF FINANCIAL REGULATION; OVERSIGHT OF MILK PRICING IN VERMONT; REPORT; TASK FORCE

(a)  Findings.  The General Assembly finds that:

(1) The minimum pay price received by most dairy farmers in Vermont is regulated and established by the Federal Milk Market Order Program based on a complex formula, and under this formula, the regulated minimum price for Vermont dairy farms has been for many years set at an amount below the costs of production.

(2) Most dairy farmers in Vermont utilize the two remaining membership-based dairy cooperatives to sell their milk for market prices above the federally regulated minimum pay prices, and the cooperatives levy fees and other surcharges on their member dairy farmers to cover the marketing costs.

(3) Amidst radical market changes and an oversupply of milk, the dairy cooperatives recently have been unable to obtain pay prices for Vermont dairy farmers that are above the federally regulated minimum prices, and, as a result, the charges assessed to their members have often caused the net price that Vermont dairy farmers receive to fall below the regulated minimum prices and to amount to significantly less than the costs of production.

(4) Vermont dairy farms have suffered from combined regulatory and market failures, and 60 percent of the State’s dairy farms subject to the federal regulatory program have closed since the year 2000.

(5) Before Vermont loses another substantial portion of its remaining dairy farming community, the State agency with expertise in financial regulation and rational market pricing should review the milk pricing system.
for dairy farmers in Vermont to collect and assess data on the long-term sustainability and fairness to the Vermont dairy farming community of the federal milk market order pricing system, current market conditions, and dairy cooperative operation.

(b) Report. On or before January 15, 2021, the Commissioner of Financial Regulation shall submit to the Senate Committees on Agriculture and on Economic Development, Housing and General Affairs and the House Committees on Agriculture and Forestry and on Commerce and Economic Development an assessment of the long-term sustainability of Vermont dairy farming under the existing federal milk market order pricing system, current market conditions, and dairy cooperative operation. In developing the assessment, the Commissioner of Financial Regulation shall obtain from the Secretary of Agriculture, Food and Markets an accounting of payments made to milk producers under the federal milk market order. After consultation with the Secretary of Agriculture, Food and Markets, the Commissioner is authorized to utilize the Vermont Milk Commission’s authority under 6 V.S.A. § 2936 to obtain information from milk handlers regarding the prices paid to purchase various forms of milk from Vermont producers; the costs of production, processing, transporting, distributing, and marketing milk; and any other information deemed necessary and relevant by the Commissioner. The Commissioner is also authorized to use the authority established under 6 V.S.A. § 2936, and the authority under 8 V.S.A. § 13, to assess the use and impact of payments made to milk producers. The report of the Commissioner of Financial Regulation shall include:

(1) an evaluation of the long-term sustainability of dairy farming in Vermont under the current regulatory and market conditions; and

(2) recommendations for revising regulated dairy pricing and other market regulation in the State to improve the future viability of Vermont dairy farming.

(c) Task force.

(1) After receipt of the report required under subsection (b) of this section, the Committee on Committees and the Speaker of the House shall appoint a joint committee of legislators and other experts to be known as the Task Force to Revitalize the Vermont Dairy Industry to develop legislation to implement the recommendations of the Commissioner of Financial Regulation.

(2) The Office of Legislative Council shall call the first meeting of the Task Force to occur not later than 45 days after receipt of the report required under subsection (b) of this section.
The Task Force shall elect co-chairs from among its members at the first meeting.

A majority of the membership shall constitute a quorum.

The Task Force shall submit draft legislation to the General Assembly on or before December 15, 2021.

The Task Force shall cease to exist on March 1, 2022.

For attendance at meetings during adjournment of the General Assembly, a legislative member of the Task Force shall be entitled to per diem compensation and reimbursement of expenses pursuant to 2 V.S.A. § 406 for not more than 10 meetings. These payments shall be made from monies appropriated to the General Assembly.

Other members of the Task Force that are not legislative members shall be entitled to both per diem compensation and reimbursement of expenses as permitted under 32 V.S.A. § 1010 for not more than 10 meetings. These payments shall be made from monies appropriated to the General Assembly.

(a) The sum of $17,433,500.00 is appropriated to the COVID-Response Accelerated Broadband Connectivity Program, a newly established program administered by the Commissioner of Public Service, consistent with the requirements of this section. The purpose of the Program is to rapidly and significantly increase broadband connectivity consistent with the federal parameters applicable to expenditures under the Coronavirus Relief Fund in a manner that best serves the State’s goal of achieving universal 100 Mbps symmetrical service by 2024 as specified in 30 V.S.A. § 202c. To achieve this purpose, the Commissioner is given broad discretion to allocate funding, as he or she deems appropriate, subject to legislative oversight as required under subsection (m) of this section, to support the following programs and initiatives:

In addition, the guidelines shall attempt to direct funds under the Program to projects designed to serve economically-challenged households or communities.

(g) Any new services funded in whole or in part by monies from this Program shall be capable of speeds of at least 25 Mbps download and 3 Mbps upload; however, when the technology is feasible, priority shall be given to services that are capable of 100 Mbps symmetrical service.

(h) The location and capacity of infrastructure funded through this Program shall be part of a permanent, public database maintained by the Department.

(i) If a proposed project under the Program is in the service territory of a communications union district, immediately upon receipt of the application for the proposed project, the Commissioner shall notify the affected communications union district of the proposed project and provide seven business days for the district to raise an objection to the proposed project. The Commissioner may award funding to the proposed project over the objection of a communications union district, provided he or she documents in writing the reasons for overriding the objection.

(j) The Commissioner may disburse an award for advance payment of capital costs provided the Commissioner determines such funding is necessary for project commencement. The Commissioner may retain an award of financial assistance, or a portion thereof, under this section until he or she determines that eligible expenses have been incurred and properly documented by the intended recipient in a form and manner prescribed by the Commissioner.

(k) Funds under the Program shall not be used to support a provider’s costs associated with line extensions otherwise required to be constructed pursuant to a certificate of public good granted under 30 V.S.A. chapter 13.

(l) The Commissioner shall consider and coordinate with existing stakeholders and initiatives, including VELCO and FirstNet, to leverage private and public assets to the greatest extent possible in furtherance of the objectives of this Program.

And has passed the same in concurrence with proposal of amendment in the adoption of which the concurrence of the Senate is requested.

Rules Suspended; House Proposal of Amendment Concurred In

S. 351.

Pending entry on the Calendar for notice, on motion of Senator Ashe, the rules were suspended and House proposal of amendment to Senate bill entitled:

Was taken up for immediate consideration.

The House proposes to the Senate to amend the bill by striking out all after the enacting clause and inserting in lieu thereof the following:

The purpose of this act is to appropriate the following amounts to farming and forest businesses for losses, or expenses, or both, incurred as a result of the COVID-19 public health emergency:

1. $25,000,000.00 for the Dairy Assistance Program established under this act, provided that from the appropriated funds, $21,200,000.00 shall be available for grant awards to milk producers, and $3,800,000 shall be available for awards to dairy processors;

Sec. 2. CONSISTENCY WITH CARES ACT AND GUIDANCE

The General Assembly determines that the expenditure of monies from the Coronavirus Relief Fund as set forth in this act complies with the requirements of Sec. 5001 of the CARES Act, Pub. L. No. 116-136 and related guidance because the economic harm to be covered:

1. is necessary expenditures incurred due to the public health emergency with respect to Coronavirus Disease 2019 (COVID-19);

2. was not accounted for in Vermont’s fiscal year 2020 budget; and

3. was, or will be, incurred during the period beginning on March 1, 2020 and ending on December 30, 2020.

Sec. 3. GRANT RECIPIENT REQUIREMENTS; REVERSION AND REALLOCATION SCHEDULE

All appropriations made from the State’s Coronavirus Relief Fund (CRF) in this and other bills passed after March 1, 2020 as part of the 2020 legislative session are made with the knowledge that the statutory and regulatory context is constantly changing. Additional federal legislation may further change the potential for and appropriateness of CRF usage. As a result:

1. Appropriations from the CRF are subject to changes in source of
funds that may occur as the result of subsequent legislation or through administrative actions, where permissible by law.

(2) Specific CRF uses may need to change based on changes to federal laws or on revised or updated federal guidance.

(3) It is the responsibility of all entities receiving CRF monies to ensure compliance with all federal guidelines as to CRF spending and use.

(4) Unless otherwise authorized by the Commissioner of Finance and Management, any monies appropriated from the CRF shall revert to the CRF to the extent that they have not been expended on or before December 20, 2020 to enable reallocation.

Sec. 4. CORONAVIRUS RELIEF FUND GRANTS; CONDITIONS

(a) Any person receiving a grant comprising monies from the Coronavirus Relief Fund shall use the monies only for purposes that comply with the requirements of Sec. 5001 of the CARES Act, Pub. L. No. 116-136 and related guidance.

(b) Any person who expends monies from the Coronavirus Relief Fund for purposes not eligible under Sec. 5001 of the CARES Act, Pub. L. No. 116-136 and related guidance shall be liable for repayment of the funds to the State of Vermont; provided, however, that a person shall not be liable for such repayment if the person expended the monies in good faith reliance on authorization of the proposed expenditure or specific guidance from the agency or department administering the grant program.

(c) The Attorney General or a State agency or department administering a grant program established or authorized under this act may seek appropriate criminal or civil penalties as authorized by law for a violation of the terms or conditions of the applicable program, grant, or award.

Sec. 5. CORONAVIRUS RELIEF FUND; RECORD KEEPING; COMPLIANCE; REPORTS

(a) In order to ensure compliance with the requirements of Sec. 5001 of the CARES Act, Pub. L. No. 116-136 and related guidance, and to assist the State in demonstrating such compliance:

(1) any agency or department, and any subrecipient of a grant, that is authorized to disburse grant funds appropriated by this act shall include standard audit provisions, as required by Agency of Administration Bulletins 3.5 and 5, in all contracts, loans, and grant agreements; and

(2) each grant recipient shall report on its use of the monies received pursuant to this act to the agency or department administering the grant as
required by that agency or department and shall maintain records of its expenditures of the monies for three years, or for a longer period if so required by State or federal law, to enable verification as needed.

(b) Unless otherwise provided under this act, on or before July 31, 2020 and September 1, 2020, each agency or department administering a grant program pursuant to this act shall provide information to the legislative committees of jurisdiction, including the House and Senate Committees on Appropriations, regarding its distribution of grant funds to date, the amount of grant funds that remains available for distribution, and its plans for awarding the available funds on or before December 20, 2020.

Sec. 6. DAIRY ASSISTANCE PROGRAM; COVID-19 PUBLIC HEALTH EMERGENCY; APPROPRIATION

(a) Appropriation. The sum of $25,000,000.00 is appropriated from the Coronavirus Relief Fund to the Agency of Agriculture, Food and Markets in fiscal year 2021 for the purpose of establishing the Dairy Assistance Program as set forth in this section. Of the funds appropriated under this section, $21,200,000.00 shall be available for grant awards to milk producers, and $3,800,000 shall be available for awards to dairy processors.

(b) Necessity. The General Assembly determines that the expenditure of monies from the Coronavirus Relief Fund as set forth in this section is necessary to stabilize milk producers and dairy processors based on their lost revenues related to business interruption caused by the COVID-19 public health emergency.

(c) Definitions. As used in this section:

(1) “Animal feeding operation” (AFO) means a lot or facility where livestock have been, are, or will be stabled or confined and fed or maintained for a total of 45 days or more in any 12-month period, and crops, vegetation, or forage growth are not sustained in the normal growing season over any portion of the lot or facility. Two or more individual farms qualifying as an AFO that are under common ownership and that adjoin each other or use a common area or system for the disposal of waste shall be considered to be a single AFO if the combined number of livestock resulting qualifies as a medium farm as that term is defined under this subsection.

(2) “Certified small farm” means a small farm with at least 50 mature dairy cows required to certify compliance with the Required Agricultural Practices under 6 V.S.A. § 4871 and so certified as of March 1, 2020.

(3) “Dairy processor” means a person, partnership, unincorporated
(4) “Economic harm” means a milk producer’s or dairy processor’s expenses or lost revenues, or both related to the 2020 COVID-19 public health emergency.

(5) “Goat or sheep dairy farm” means any place or premises where one or more dairy goats or dairy sheep, or both, are kept and where a part or all of the milk from the animals is sold or offered for sale.

(6) “Good standing” means a participant in the Program administered under this section:

(A) that does not have an active enforcement violation that has reached a final order with the Agency of Agriculture, Food and Markets or the Agency of Natural Resources; and

(B) that is in compliance with all terms of a current grant agreement or contract with the Agency of Agriculture, Food and Markets or the Agency of Natural Resources.

(7) “Large farm” means an AFO that houses 700 or more mature dairy animals and where a part or all of the milk from the dairy animals is sold or offered for sale.

(8) “Medium farm” means an AFO that houses 200 to 699 mature dairy animals and where a part or all of the milk from the dairy animals is sold or offered for sale.

(9) “Milk producer” or “producer” means a person, partnership, unincorporated association, or corporation who owns or controls one or more dairy cows, dairy goats, or dairy sheep and sells or offers for sale a part or all of the milk produced by the animals.

(10) “Secretary” means the Secretary of Agriculture, Food and Markets or designee.

(11) “Small farm” means:

(A) an AFO that houses not more than 199 mature dairy cows; or

(1) There is established within the Agency of Agriculture, Food and
Markets a Dairy Assistance Program (Program) to provide financial assistance to milk producers and dairy processors that have suffered economic harm in Vermont caused by the COVID-19 public health emergency.

(2) A milk producer or dairy processor shall be eligible to qualify for assistance under this section if:

(A)(i) the milk producer or dairy processor is currently producing milk or dairy products; or

(ii) the milk producer was producing milk on March 1, 2020, and subsequently ceased production, but submits to the Secretary a good faith plan to restart production of milk or a plan to restart operation through production of another commodity;

(B) the milk producer or dairy processor is in good standing; and

(C) the milk producer or dairy processor accurately demonstrates to the Secretary economic harm that occurred or accrued on or after March 1, 2020 and before December 1, 2020 by providing evidence of lost revenues or expenses related to business interruption caused by the COVID-19 public health emergency.

(3) A milk producer may elect to have its economic harm determined by calculating the difference between what the producer was paid for milk produced between March 1, 2020 and December 1, 2020 and the price that the producer would have been paid if the price for milk remained at the statistical uniform price of $18.13 hundredweight for the Middlebury location in January of 2020, or the milk producer may enter its own verifiable average price for March through December 2020 and calculate the difference to its own verifiable average price for January 2020 as well as added costs or expenses related to the COVID-19 public health emergency.

(4) Economic harm is not compensable under this section if the same economic harm is covered by insurance or if the economic harm was compensated under another State or federal grant; provided, however, that this restriction does not apply to loans or advance payments for which repayment is expected.

(e) Administration; implementation.

(1) The Program shall be administered by the Agency of Agriculture, Food and Markets, which shall award available funds to milk producers or dairy processors that demonstrate economic harm.

(2) The Secretary shall create an application form that milk producers and dairy processors shall utilize when applying for assistance. Applicants shall certify that all information they provide is truthful and accurate to the
best of their knowledge, information, and belief.

(3) The Secretary shall, based on the amount of economic harm incurred by the milk producer or dairy processor on the date the application is received, provide up to the maximum award permitted for each type of qualified farm or processor tier. Applications shall be processed in the order received, but an application shall not be ready for evaluation until the Secretary determines that the application is administratively complete and includes all required proof of economic harm.

(f) Payment; maximum award.

(1) Until all funds appropriated to the Program for milk producers are awarded, the Secretary shall award assistance as grants to reimburse qualified milk producers for demonstrated economic harm up to the following maximum amounts:

(A) Small farms shall receive up to $18,300.00.

(B) Certified small farms shall receive up to $34,300.00.

(C) Medium farms shall receive up to $56,000.00.

(D) Large farms shall receive up to $100,000.00.

(2) Until all funds appropriated to the Program for dairy processors are awarded, the Secretary shall award payments as grants to reimburse qualified dairy processors for demonstrated economic harm up to the following maximum amounts:

(A) Dairy processors that process less than 500 pounds of milk per day shall receive up to $31,000.00.

(B) Dairy processors that process from 500 to 9,999 pounds of milk per day shall receive up to $40,000.00.

(C) Dairy processors that process from 10,000 to 49,999 pounds of milk per day shall receive up to $50,000.00.

(D) Dairy processors that process 50,000 pounds or more of milk per day shall receive up to $60,000.00.

(3) To determine maximum grant eligibility, each milk producer shall be evaluated within the farm type known to the Secretary as of March 1, 2020, and each dairy processor shall be evaluated within the milk processing size known to the Secretary as of March 1, 2020.

(g) Application; processing.

(1) Once a milk producer or dairy processor submits a complete application and demonstrates economic harm, the Secretary shall promptly
issue a grant payment, provided that the appropriated funds have not been expended. Initial applications shall be submitted not later than October 1, 2020, and the last grant payment may be a partial payment consisting of the remaining available funds.

(2) Whenever a milk producer or dairy processor has not demonstrated economic harm equal to or greater than the maximum allowed disbursement for its category, the application shall remain pending for a potential future showing of additional economic harm. Qualified milk producers or dairy processors that incur additional economic harm after the date of their initial application may file with the Secretary an addendum to demonstrate subsequent economic harm. The Secretary shall create an addendum form that milk producers and dairy processors shall utilize when applying for additional relief. Milk producers and dairy processors shall certify that all information they provide is truthful and accurate to the best of their knowledge, information, and belief. Eligible milk producers or dairy processors may submit an addendum to their initial application on or before October 1, 2020 to show any additional economic harm eligible for compensatory payment. No milk producer or dairy processor shall receive total grant payments that exceed the maximum allowed grant payment.

(3) All submitted initial applications shall be processed before considering addenda demonstrating additional economic harm, and each addendum shall be processed in the order received. An addendum shall not be ready for evaluation until the Secretary receives all required proof of economic harm and deems the application administratively complete. Once an eligible milk producer or dairy processor submits a complete addendum and demonstrates additional economic harm, the Secretary shall promptly issue a payment, provided that the appropriated funds have not been expended. The last payment may be a partial payment consisting of the remaining available funds.

(4) Each grant award shall be a direct payment from the State of Vermont to a milk producer or dairy processor. Except as provided under this section, a dairy processor shall not submit more than one application, and a milk producer shall not submit more than one application per each separate farm owned or controlled by the producer. A person who is both a milk producer and a dairy processor may submit one application as a milk producer and one as a dairy processor when each business is organized as a separate business entity. A person that is both a milk producer and a dairy processor but is not organized as separate business entities shall submit one application for assistance under this section, but will be eligible for assistance as a milk producer and a dairy processor, provided that the total assistance awarded under this section shall not exceed the total economic harm incurred by the
applicant. The Secretary may ask an applicant that is both a milk producer and a dairy processor but is not organized as separate business entities to submit separate applications as a milk producer and a dairy processor if separate applications are more administratively efficient. A milk producer or dairy processor that does not initially qualify for the maximum allowed payment may submit an addendum to demonstrate additional economic harm not later than October 1, 2020.

(h) Program terms and limitations.

(1) The Secretary of Agriculture, Food and Markets shall issue grant payments under this section on a first-come, first-served basis until all funds are expended or December 20, 2020, whichever is sooner.

(2) The name of a milk producer or dairy processor that receives an award under this section and the amount of the award are public records subject to inspection and copying under the Public Records Act.

(3) Any application documents of a milk producer or dairy processor containing federal identification numbers and sales amounts are subject to the confidentiality provisions of 32 V.S.A. § 3102 and are return information under that section.

(4) Data or information submitted to the Secretary by a milk producer or dairy processor under this section to demonstrate economic harm shall be a trade secret exempt from public inspection and copying under 1 V.S.A. § 317(c)(9), provided that the Secretary may use and disclose submitted information in summary or aggregated form that does not directly or indirectly identify an individual milk producer or dairy processor.

(5) Notwithstanding any law or State grant requirement to the contrary, a milk producer or dairy processor shall not be denied participation in the Program or have a payment withheld, set off, or reduced for failure to be in full compliance with any obligation to pay any or all taxes due to the State of Vermont.

*** Forest Economy Stabilization Grants ***

Sec. 9. FOREST ECONOMY STABILIZATION GRANT PROGRAM; CORONAVIRUS RELIEF FUND; APPROPRIATION

(a) The sum of $5,000,000.00 is appropriated from the Coronavirus Relief Fund to the Agency of Natural Resources in fiscal year 2021 for the purpose of establishing the Forest Economy Stabilization Grant Program as set forth in this section. The Agency of Natural Resources shall enter into memorandum of understanding with the Vermont Economic Development Authority for the implementation and administration of the Forest Economy Stabilization Grant Program.

(b) The General Assembly determines that the expenditure of monies from the Coronavirus Relief Fund as set forth in this section is necessary to stabilize forest products businesses due to lost revenues and expenses related to the business interruptions caused by the COVID-19 public health emergency. Low-grade wood constitutes nearly three-quarters of the annual timber harvest in Vermont, and low-grade wood is a key component to paper making. However, the COVID-19 public health emergency has reduced market demand for paper in offices, schools, institutions, advertising, and many other outlets. As a result, millions of tons of unsold paper are stockpiled in warehouses at paper mills, thereby freezing the supply chain for paper making and other associated products harvested and processed from Vermont forests. In addition, low-grade pulpwod chips that would have been used to make paper are being diverted to wood-fired electric plants, thereby displacing the use of whole-tree chips normally supplied by logging contractors delivering whole-tree chips. As a result of these market and supply chain disruptions caused by the COVID-19 public health emergency, forest products businesses are suffering significant business interruptions that restrict the ability of logging contractors to harvest, limit timber sales, diminish landowner return, reduce the supply of forest products to processors that have viable markets, and significantly reduce the need for services from haulers, foresters, and other forest products businesses.

(c) As used in this section:
(1) “Economic harm” means a forest products business’s expenses or lost revenues, or both, related to the 2020 COVID-19 public health emergency.

(2) “Forest products business” means a Vermont enterprise that is primarily engaged in managing, harvesting, trucking, processing, manufacturing, crafting, or distributing forest or wood products derived from Vermont forests. “Forest products business” includes consulting forestry services and secondary manufacturers of wood products.

(d)(1) The Vermont Economic Development Authority shall administer the Forest Economy Stabilization Grant Program according to the terms of the memorandum of understanding with the Agency of Natural Resources and shall approve application for assistance under this section for eligible forest products businesses that have suffered economic harm.

(2) A forest products business shall qualify for assistance under the Program if the business:

(A) was operating in the State on or before February 1, 2020; and

(B) accurately demonstrates to the Vermont Economic Development Authority economic harm that occurred or accrued on or after March 1, 2020 and before December 1, 2020 by providing evidence of lost revenues or expenses related to business interruption caused by the COVID-19 public health emergency.

(3) Based on federal law and guidance, the Vermont Economic Development Authority, in consultation with the Department of Forests, Parks, and Recreation, shall establish guidelines identifying the specific types of costs for which grant recipients may use grant funds, provided that essential operating expenses to respond to the COVID-19 public health emergency and maintain operation of a forest products business shall be eligible uses of grants under this section.

(4) Economic harm is not compensable under this section if the same economic harm is covered by insurance or if the economic harm was compensated under another State or federal grant; provided, however, that this restriction does not apply to loans or advance payments for which repayment is expected.

(e)(1) The Vermont Economic Development Authority, in consultation with the Department of Forests, Parks, and Recreation, shall create an application form that forest products businesses shall utilize when applying for assistance. Applicants shall certify that all information they provide is truthful and accurate to the best of their knowledge, information, and belief.

(2) The Vermont Economic Development Authority shall, based on the
amount of economic harm incurred by the forest products business on the date
the application is received, provide up to the maximum award permitted under
this section. Applications shall be processed in the order received, but an
application shall not be ready for evaluation until the Vermont Economic
Development Authority determines that the application is administratively
complete and includes all required proof of economic harm.

Was taken up for immediate consideration.

The House proposes to the Senate to amend the by striking out all after the
enacting clause and inserting in lieu thereof the following:

Sec. 1. LEGISLATIVE INTENT

(a) This act is a continuation of the General Assembly’s work over the past
several years to create meaningful reforms to address any systemic racism and
disproportionate use of force by law enforcement. Such reforms include 2017
Acts and Resolves No. 54, an act relating to the Racial Disparities in the
Criminal and Juvenile Justice System Advisory Panel; 2018 Acts and Resolves
No. 9, an act relating to racial equity in State government; 2013 Acts and
Resolves No. 180, an act relating to a statewide policy on the use of and
training requirements for electronic control devices; and 2017 Acts and
Resolves No. 56, an act relating to the professional regulation of law
enforcement officers by the Vermont Criminal Justice Training Council. The
ongoing effort includes the work on S.338 (2020), an act relating to justice
reinvestment, a data-driven approach to improve public safety, reduce criminal
justice spending, and reinvest savings in strategies that can decrease crime and
reduce recidivism. Additionally, the legislative committees of jurisdiction
continue to study law enforcement policies, training standards, and discipline,
including accreditation through the Commission on Accreditation for Law
Enforcement Agencies within the next five years, and work on updating a
model policy for the use of body cameras. Therefore, this act represents one
step in the General Assembly’s ongoing effort to combat racial bias and
increase transparency and accountability in policing. The General Assembly is
committed to continually assessing the progress made by the State towards developing a system of public safety that is effective, equitable, and maintains the public trust and continuing its work to achieve that goal.

(b) It is the intent of the General Assembly that law enforcement agencies in Vermont use community policing strategies that develop collaborative partnerships between law enforcement and communities consistent with the pillars of 21st Century Policing as developed by President Obama’s Task Force on 21st Century Policing, adopt policies and practices that reflect a guardian mindset towards the citizens they serve, and establish a culture of transparency and accountability to promote public safety and foster public trust. To this end, it is the intent of the General Assembly that law enforcement use de-escalation strategies first and foremost before using force in every community-police interaction.

(c) It is the intent of the General Assembly that it continue to work on the issues addressed in this bill, including when the 2020 legislative session reconvenes in August. Specifically, the General Assembly commits to working on:

Mr. President:

I am directed by the Governor to inform the Senate that on the second day of July, 2020 he did not approve and allowed to become law without his signature a bill originating in the Senate of the following title:

Text of Communication from Governor

The text of the communication to the Senate from His Excellency, the Governor, setting for his reasons for refusing to sign and allowing to become law without his signature, Senate Bill No. S. 348, is as follows:
Vermont General Assembly  
115 State Street  
Montpelier, Vermont 05633

Dear Legislators:

Today, S. 348, *an act relating to temporary elections procedures in the year 2020* will go into law without my signature due to a technical flaw.

There appears to be a cross-reference to a section of the bill that does not exist, leaving the authority of the Secretary of State ambiguous as it relates to ballot returns.

It is my understanding that Legislative Council explained this mistake to the House Government Operations Committee and recommended clean-up, but there was a decision made to enact this legislation rather than taking the time to rectify.

This is particularly concerning in light of the concerns expressed by many regarding the return process for ballots mailed to all Vermonters.

I have said publicly if the General Assembly decided to remove me from this process, I would not stand in the way. For these reasons, I am letting S. 348 become law without my signature and I hope the General Assembly will correct the bill’s flaws and ensure full and adequate oversight of the mail-in ballot program it has created upon return in August.

Sincerely,

/s/Philip B. Scott  
Governor

The Honorable Tim Ashe, President Pro Tempore
