## Sec. A.100 SHORT TITLE

(a) This bill may be referred to as the BIG BILL – Fiscal Year 2021 Appropriations Act.

## Sec. A.101 PURPOSE

(a) The purpose of this act is to provide appropriations for the operations of State government during fiscal year 2021. It is the express intent of the General Assembly that activities of the various agencies, departments, divisions, boards, and commissions be limited to those that can be supported by funds appropriated in this act or other acts passed prior to June 30, 2020. Agency and department heads are directed to implement staffing and service levels in fiscal year 2021 so as to meet this condition unless otherwise directed by specific language in this act or other acts of the General Assembly.

## Sec. A.102 APPROPRIATIONS

(a) It is the intent of the General Assembly that this act serves as the primary source and reference for appropriations for fiscal year 2021.

(b) The sums herein stated are appropriated for the purposes specified in the following sections of this act. When no time is expressly stated during which any of the appropriations are to continue, the appropriations are single-year appropriations and only for the purpose indicated and shall be paid from funds shown as the source of funds. If in this act there is an error in either addition or subtraction, the totals shall be adjusted accordingly. Apparent errors in referring to section numbers of statutory titles within this act may be disregarded by the Commissioner of Finance and Management.

(c) Unless codified or otherwise specified, all narrative portions of this act apply only to the fiscal year ending on June 30, 2021.

Sec. A.102.1 RELATIONSHIP WITH 2020 ACTS AND RESOLVES  
NO. 120; REPEALS

(a) In order to respond promptly to the impact of the COVID-19 pandemic on the State of Vermont and its economy, the General Assembly enacted 2020 Acts and Resolves No. 120 in July 2020 to support the operations of State government during the first quarter of fiscal year 2021. Since that time, it has become apparent that it is preferable to enact appropriations to support the operations of State government for the entirety of fiscal year 2021, and certain appropriations from 2020 Acts and Resolves No. 120 must be repealed as set forth in subsection (b) of this section in order to provide for the full-year appropriations.

(b) The following are repealed:

(1) 2020 Acts and Resolves No. 120, Sec. A.3(a) (appropriations for the first quarter of fiscal year 2021);

(2) 2020 Acts and Resolves No. 120, Sec. A.4 (Phase I prorated appropriations fiscal year 2021 first quarter);

(3) the language following 2020 Acts and Resolves No. 120, Sec. A.6 but preceding Sec. A.7 (budgetary specifications and amounts); and

(4) 2020 Acts and Resolves No. 120, Sec. A.54(b) (narrative portions apply only to first quarter of fiscal year 2021).

(c) In the event of a conflict between the provisions of this act and the provisions of 2020 Acts and Resolves No. 120, the provisions of this act shall control.

#### Sec. A.103 DEFINITIONS

(a) As used in this act:

(1) “Encumbrances” means a portion of an appropriation reserved for the subsequent payment of existing purchase orders or contracts. The Commissioner of Finance and Management shall make final decisions on the appropriateness of encumbrances.

(2) “Grants” means subsidies, aid, or payments to local governments, to community and quasi-public agencies for providing local services, and to persons who are not wards of the State for services or supplies and means cash or other direct assistance, including pension contributions.

(3) “Operating expenses” means property management; repair and maintenance; rental expenses; insurance; postage; travel; energy and utilities; office and other supplies; equipment, including motor vehicles, highway materials, and construction; expenditures for the purchase of land and construction of new buildings and permanent improvements; and similar items.

(4) “Personal services” means wages and salaries, fringe benefits, per diems, contracted third-party services, and similar items.

#### Sec. A.104 RELATIONSHIP TO EXISTING LAWS

(a) Except as specifically provided, this act shall not be construed in any way to negate or impair the full force and effect of existing laws.

#### Sec. A.105 OFFSETTING APPROPRIATIONS

(a) In the absence of specific provisions to the contrary in this act, when total appropriations are offset by estimated receipts, the State appropriations shall control, notwithstanding receipts being greater or less than anticipated.

## Sec. A.106 FEDERAL FUNDS

(a) In fiscal year 2021, the Governor, with the approval of the General Assembly or the Joint Fiscal Committee if the General Assembly is not in session, may accept federal funds available to the State of Vermont, including block grants in lieu of or in addition to funds herein designated as federal. The Governor, with the approval of the General Assembly or the Joint Fiscal Committee if the General Assembly is not in session, may allocate all or any portion of such federal funds for any purpose consistent with the purposes for which the basic appropriations in this act have been made.

(b) If, during fiscal year 2021, federal funds available to the State of Vermont and designated as federal in this and other acts of the 2020 session of the Vermont General Assembly are converted into block grants or are abolished under their current title in federal law and reestablished under a new title in federal law, the Governor may continue to accept such federal funds for any purpose consistent with the purposes for which the federal funds were appropriated. The Governor may spend such funds for such purposes for not more than 45 days prior to Legislative or Joint Fiscal Committee approval. Notice shall be given to the Joint Fiscal Committee without delay if the Governor intends to use the authority granted by this section, and the Joint Fiscal Committee shall meet in an expedited manner to review the Governor's request for approval.

## Sec. A.107 NEW POSITIONS

(a) Notwithstanding any other provision of law, the total number of authorized State positions, both classified and exempt, excluding temporary positions as defined in 3 V.S.A. § 311(a)(11), shall not be increased during fiscal year 2021 except for new positions authorized by the 2020 session. Limited service positions approved pursuant to 32 V.S.A. § 5 shall not be subject to this restriction.

Sec. B.1108 CORONAVIRUS RELIEF FUND; REALLOCATION;  
ALLOCATION OF UNOBLIGATED MONIES; JOINT  
FISCAL COMMITTEE

(a) Purpose. As set forth in 2020 Acts and Resolves Nos. 120, 136, 137, and 138, unless otherwise authorized by the Commissioner of Finance and Management, any monies appropriated from the State's Coronavirus Relief Fund (CRF) shall revert to the CRF to the extent they have not been expended by December 20, 2020 to enable reallocation. In addition, CRF monies appropriated during the 2020 legislative session that are no longer necessary because funds have been received for the same or a similar purpose from another source may revert to the CRF for reallocation. The purpose of this section is to establish processes for allocating unobligated CRF monies and for reallocating reverted CRF monies and any unexpended and unencumbered monies appropriated from the CRF that the Commissioner of Finance and Management identifies between the date of final legislative passage of the fiscal year 2021 budget bill and December 20, 2020 as being unable to be expended for their original purposes by December 30, 2020.

(b) Allocation and reallocation.

(1) The Commissioner of Finance and Management may allocate unobligated CRF monies, reallocate reverted CRF monies, and reallocate unexpended and unencumbered CRF monies, upon approval of the proposed allocation or reallocation by the Joint Fiscal Committee as set forth in this subsection.

(2) If the Commissioner of Finance and Management identifies reverted CRF monies, unexpended and unencumbered CRF monies, or unobligated CRF monies, or a combination of these, that the Commissioner wishes to reallocate for a use other than that for which the CRF monies were originally appropriated, or that the Commissioner wishes to allocate, in the case of unobligated CRF monies, the Commissioner shall inform the Joint Fiscal Committee of:

- (A) the amount or amounts available for allocation or reallocation;
- (B) the proposed use or uses of the monies; and

(C) the manner in which the proposed use or uses comply with the parameters set forth in Sec. 5001 of the CARES Act, Pub. L. No. 116-136 and related guidance.

(3) Criteria for approval.

(A) Compliance with CRF parameters. In determining whether to approve a proposal submitted by the Commissioner under this section, the Joint Fiscal Committee shall first determine whether each proposed use of CRF monies complies with the parameters set forth in Sec. 5001 of the CARES Act, Pub. L. No. 116-136 and related guidance. If the Committee determines that a proposed use likely does not comply with the parameters, the Committee shall disapprove that proposed use.

(B) Timeliness. If the Committee determines that a proposed use likely does comply with the CRF parameters, it shall next consider whether the proposed use is likely to be achievable by December 30, 2020. If the Committee determines that the proposed use is unlikely to be achieved by December 30, 2020, the Committee shall disapprove that proposed use.

(C) Proposed uses.

(i) If the Committee determines that a proposed use likely complies with CRF parameters and is likely achievable by December 30, 2020, then, in light of the uncertainty regarding the continued effects of the COVID-19 public health emergency, the Committee shall evaluate the proposed use in the context of the areas of greatest need at the time of the proposal.

(ii) If the federal government allows the State to use CRF monies for purposes previously not permitted under Sec. 5001 of the CARES Act, Pub. L. No. 116-136 and related guidance, then, in addition to evaluating the proposed use in the context of the areas of greatest need, the Committee shall prioritize proposed uses related to revenue replacement for State government, local government, and the education finance system, and related to the funding of ongoing State financial liabilities.

(4) Joint Fiscal Committee process.

(A) Upon receipt of the information set forth in subdivision (2) of this subsection (b) from the Commissioner of Finance and Management, the Joint Fiscal Committee shall inform the General Assembly of the proposal and shall approve or disapprove each proposal within 10 calendar days following receipt.

(B) If the Joint Fiscal Committee disapproves a proposal, the Commissioner may revise and resubmit for further consideration. The Joint

Fiscal Committee shall approve or disapprove within five calendar days following receipt of the revised proposal.

(5) Joint Fiscal Meetings. The Commissioner of Finance and Management shall report to the Joint Fiscal Committee on or before November 5, 2020 and December 7, 2020 on the status of reallocation proposals under this section.

(c) Transfer authority. Nothing in this section shall be construed to limit the authority of the Emergency Board to transfer appropriations pursuant to 32 V.S.A. §§ 133 and 706.

(d) Final allocation and reallocation. On or after December 21, 2020, the Commissioner of Finance and Management may reallocate any unexpended and unencumbered CRF monies, and allocate any unobligated CRF monies, to the Department of Labor for reimbursement of claims expenditures made from the Department of Labor Unemployment Insurance Fund between March 1, 2020 and December 30, 2020.

#### Sec. B.1109 CONTINGENCY PLANNING FOR INCREASED CRF FLEXIBILITY

(a) Purpose. The purpose of this section is to establish processes to be followed in the event that the federal government provides increased flexibility in authorized usage of the State's Coronavirus Relief Fund (CRF) monies following the date of final legislative passage of the fiscal year 2021 budget bill and prior to the convening of the 2021 legislative session.

(b) Expanded uses. If the federal government allows the State to use CRF monies for purposes previously not permitted under Sec. 5001 of the CARES Act, Pub. L. No. 116-136 and related guidance, but does not extend the period during which the monies must be expended, the Commissioner of Finance and Management shall inform the Joint Fiscal Committee and may propose additional uses of the CRF, which may include using unobligated CRF monies, previously allocated but unencumbered CRF monies that are unable to be expended by December 30, 2020, reverted CRF monies, or a combination of these, for Joint Fiscal Committee approval in accordance with the procedure set forth in Sec. B.1108 of this act, including considering the areas of greatest need.

(c) Extension of time. If the federal government allows the State to use CRF monies beyond the December 30, 2020 deadline established in Sec. 5001 of the CARES Act, Pub. L. No. 116-136, the Commissioner of Finance and Management shall notify the Joint Fiscal Committee of the extension.

(1) If the Joint Fiscal Committee, after consultation with the Commissioner, determines that the extension would allow for the full General

Assembly to consider additional uses of CRF monies during the 2021 legislative session, the Joint Fiscal Committee shall limit its approval of allocations and reallocations pursuant to Sec. B.1108 of this act to those for which prompt action is necessary due to the time-sensitive nature of the proposed use or to the limited duration of the extension, or both.

(2) If the Joint Fiscal Committee, after consultation with the Commissioner, determines that the length of the extension would not provide the full General Assembly with sufficient time to address additional uses of CRF monies during the 2021 legislative session, the Joint Fiscal Committee shall consider the Commissioner's proposals in accordance with the procedure set forth in Sec. B.1108 of this act.

(3) In the event of an extension of time to use CRF monies, the final allocation and reallocation to the Department of Labor pursuant to Sec. B.1108 of this act shall not occur without the approval of the Joint Fiscal Committee.

#### Sec. B.1110 CONTINGENCY PLANNING FOR ADDITIONAL FEDERAL FUNDING

(a) The purpose of this section is to establish processes to be followed in the event that the federal government provides additional funds to the State of Vermont related to the COVID-19 public health emergency following the date of final legislative passage of the fiscal year 2021 budget bill but prior to the convening of the 2021 legislative session.

(b) If the federal government provides additional Coronavirus Relief Fund (CRF) grant monies to Vermont following the date of final legislative passage of the fiscal year 2021 budget bill but prior to the convening of the 2021 legislative session, the monies shall be subject to the CRF acceptance conditions adopted by the Joint Fiscal Committee, as may be amended.

(c) If the federal government provides an increase of \$10,000,000.00 or more to an existing federal grant other than the CRF grant following the date of final legislative passage of the fiscal year 2021 budget bill but prior to the convening of the 2021 legislative session, the Secretary of Administration shall notify the Joint Fiscal Committee and the General Assembly of the grant award prior to exercising excess receipts authority.

#### Sec. B.1111 EXTENSION OF APPLICATION DEADLINE; COVID-19 EXPENSE REIMBURSEMENT; LOCAL GOVERNMENT

(a) The Secretary of Administration or designee shall continue to accept and process applications from units of local government for reimbursement of COVID-19 expenses pursuant to 2020 Acts and Resolves No. 137, Sec. 7, provided that the applications are received on or before October 15, 2020.

Sec. E.111.1 FISCAL YEAR 2022 PROPERTY TAX RATES;  
COMMISSIONER'S DECEMBER 1 LETTER; FISCAL YEAR  
2021 PROJECTED EDUCATION FUND DEFICIT

(a) Findings and purpose. Vermont law under 32 V.S.A. § 5402b(a) requires the Commissioner of Taxes, not later than December 1, 2020, to calculate and recommend statewide education property tax rates for fiscal year 2022. In making that recommendation, the Commissioner must calculate tax rates at an amount sufficient to cover any projected fiscal year 2021 deficit and to maintain the stabilization reserve under 16 V.S.A. § 4026 at five percent. In 2020 Acts and Resolves No. 122, Sec. 2, however, the General Assembly expressed its intent to address any projected deficit in the Education Fund for fiscal year 2021 by using federal funds, applying reversions, drawing down the stabilization reserve, using other sources of revenue, reducing costs, borrowing, or using any other source of funding, including making appropriations from the General Fund or other funds. The actions outlined in Act 122 with respect to a projected fiscal year 2021 deficit in the Education Fund are intended to relieve school boards of the responsibility for responding to such projected fiscal year 2021 deficit through school budgeting decisions for fiscal year 2022. Given that the statutory requirements imposed on the Commissioner for tax rate recommendations would not reflect the General Assembly's express intent in Act 122, the Commissioner shall calculate and recommend statewide education property tax rates for fiscal year 2022 as established under this section.

(b) December 1 letter for fiscal year 2022. Notwithstanding any other provision of law, to the extent that the fiscal year 2022 consensus projections under 32 V.S.A. § 5402b include a deficit in the Education Fund for fiscal year 2021, when calculating and making recommendations for the fiscal year 2022 property dollar equivalent yield, income dollar equivalent yield, and nonhomestead property tax rate as required under 32 V.S.A. § 5402b(a), the Commissioner shall:

(1) disregard the projected deficit in the Education Fund for fiscal year 2021; and

(2) assume the stabilization reserve created under 16 V.S.A. § 4026 is maintained for fiscal year 2022 at the fiscal year 2021 amount published in the Education Fund Outlook on or before December 1, 2020 as required under 32 V.S.A. § 5402b(c).

In order to accommodate the Program changes described in subsections (b) and (c) of this section, where prompted by COVID-19 pandemic conditions the Adjutant General, on the recommendation of VSAC, may waive or partially suspend certain administrative and documentation requirements of the Program.

(g) Repeal. This section is repealed on the date that the Adjutant General certifies to the House Committee on General, Housing, and Military Affairs and the Senate Committee on Government Operations that all members who had not completed basic training due solely to the reduced number of available basic training slots as a result of safety measures implemented to address the COVID-19 pandemic have successfully completed, or are currently attending, basic training. The text of the communication from His Excellency, the Governor, whereby he vetoed and returned unsigned **House Bill No. 926** to the House is as follows:

“October 5, 2020

The Honorable William M. MaGill  
Clerk of the Vermont House of Representatives  
State House  
Montpelier, VT 05633

Dear Mr. MaGill:

Pursuant to Chapter II, Section 11 of the Vermont Constitution, I am returning H.926, *An act relating to changes to Act 250*, without my signature because of my objections described herein:

In 2017, my Administration, the Legislature, and environmental groups came together to begin the process of making comprehensive updates and improvements to Vermont’s fifty-year-old land use law, Act 250.

This began an 18-month *Commission on Act 250* reform process, followed by two full legislative sessions of collaboration. Those efforts resulted in broad agreement on a comprehensive, balanced modernization package, including

downtown permitting exemptions, modernized permitting conditions for forest products processing facilities, and changes for flood resiliency, to name a few. But during the recent legislative process, these and many other proposals were removed.

In fact, H.926 actually adds new regulation and new burdens to our recreational trail networks and recreation economy. This bill does not improve or simplify the regulatory process or provide a permanent exemption for Vermont Trail Systems – something I proposed in 2019.

H.926 ignores all the work and collaboration put into Act 250 reform and is counter to the important outcomes we collectively sought.

With this bill, the Legislature has created more regulatory uncertainty, not less. Our outdoor recreation economy, and the groups that help to maintain and preserve the trail networks, need a regulatory framework that is responsible, respectful, stable, and permanent.

In addition to failing to protect trails or strengthen the recreation economy, H.926 adds forest fragmentation regulation to the law which poses a new and significant problem for trail networks and the non-profit organizations that manage them. In particular, it affects the networks that rely on the help and cooperation of large forest landowners, such as the Vermont Association of Snow Travelers (VAST). In fact, VAST already reports landowners are considering removing their land from the trail network should this law be enacted.

The forest fragmentation regulation also adds a new, complex criteria to Act 250 and offers no other process improvements. **Nothing** in this bill modernizes or improves the Act 250 process – something that is widely agreed to be necessary after fifty years of existence.

This bill does not do what it promised to do and falls short of meeting our needs in this area of public policy.

To address the interim need for our trail networks, I am issuing Executive Order 04-20 which does three things:

- provides trail networks with some regulatory clarity;
- directs the Commissioner of Forests, Parks and Recreation to make recommendations for an alternative program based on best practices for the oversight of planning, construction, use and maintenance of recreational trails in the Vermont Trails System; and

- directs executive branch litigants and tribunals to take all reasonable steps to defer a final decision in any proceeding addressing Act 250 jurisdiction until the steps identified in this Executive Order take effect.

Based on the objections outlined above, I must veto this legislation pursuant to Chapter II, Section 11 of the Vermont Constitution. However, I look forward to working alongside the Legislature with the goal of working toward truly comprehensive and thoughtful improvements to Act 250 during the next biennium.

Sincerely,

/s/Philip B. Scott

### Message from the Governor

A message was received from His Excellency, the Governor, by Ms. Brittney L. Wilson, Secretary of Civil and Military Affairs, as follows:

Mr. President:

I am directed by the Governor to inform the Senate that on the seventh day of October, 2020 he did not approve and *allowed to become law without his signature* bills originating in the Senate of the following titles:

**S. 54.** An act relating to the regulation of cannabis.

**S. 119.** An act relating to a statewide standard and policy for law enforcement use of force.

### Text of Communication from Governor

The text of the communication to the Senate from His Excellency, the Governor, setting forth his reasons for refusing to sign and *allowing to become law without his signature*, **Senate Bill No. S. 54**, is as follows:

“October 7, 2020

The Honorable John Bloomer, Jr.  
Secretary of the Senate  
115 State House  
Montpelier, VT 05633-5401

Dear Mr. Bloomer:

Today I am letting S.54, *An act relating to the regulation of cannabis*, go into law without my signature.

I have consistently called for any legislation creating a regulated cannabis marketplace in Vermont to meet three key objectives:

- Towns and municipalities should be required to opt-in to hosting retail establishments;
- There should be a plan and significant funding for additional education and prevention efforts for our children; and
- There must be a plan for highway safety.

The Legislature has made substantial progress in addressing these objectives and this effort is appreciated. However, there is still more work to be done to ensure the health and safety of our kids and the safety of our roadways – we should heed the public health and safety lessons of tobacco and alcohol. Further, I believe we are at a pivotal moment in our nation’s history which requires us to address systemic racism in our governmental institutions. We must take additional steps to ensure equity is a foundational principle in a new market.

Again, I commend the Legislature for moving toward my conditions. This bill requires cities and towns to take action before retail establishments may open. It ensures local zoning applies to cannabis cultivation and production. And it dedicates 30 percent of the excise tax to education and prevention efforts, up to \$10,000,000 per year and the sales and use tax portion on retail cannabis to fund a grant program to start or expand afterschool and summer learning programs. Additionally, the FY21 budget includes language I proposed to take steps towards achieving a universal afterschool network, which is based on a successful model from Iceland and is focused on *preventing* drug use and improving academic and social outcomes.

We know that drugged driving is currently a problem on our roads which must be addressed, regardless of whether we have a retail cannabis market. While the bill does not allow for roadside saliva testing to detect presence of drugs in an individual, I am pleased the bill allows the testimony of a trained officer, or a Drug Recognition Expert (DRE), regarding impairment will be presumed admissible. The Legislature has also recognized the need for additional training for all officers to detect roadside impairment. And, saliva testing, if performed, may be used as evidence. These are important steps, but please know that I will continue to push for more solutions that will deter drugged driving, hold drugged drivers accountable, and keep Vermonters safe while on our roads.

Here are some additional improvements that need to be made to this legislation:

First, despite testimony and proposed legislation presented to the committees of jurisdiction early in the session, the concerns with this bill of the communities historically most negatively affected by cannabis enforcement were not meaningfully incorporated into this bill. Of primary concern is the licensing construct which will disproportionately benefit Vermont's existing medical dispensaries by giving them sole access to integrated licenses and an unfair head start on market access. This creates an inequitable playing field both for our smaller minority and women-owned business applicants, and other small Vermont growers and entrepreneurs.

I encourage the Legislature to look to the State of Illinois as a benchmark in how to create a cannabis market that is equitable and moves toward economic justice. We have already enacted similar provisions such as expungement measures. However, some of the additional supports the Legislature should consider include creating a social equity applicant category for cannabis establishment licenses; a 50 percent licensing fee waiver for these applicants; and additional technical and financial supports. And in the event the Legislature maintains the current integrated licensing structure, to make it more equitable revenues from those licensees could be directed to benefit social equity applicants and the communities historically most negatively impacted by cannabis enforcement. Again, justice should be *foundational* to our work, not an add-on to be figured out secondary to commercial or other interests.

The bill creates other foundational issues that the Legislature must take time to address in January. These include:

- Authorization for the sale of cannabis vaping products. Over the past two years we have been collaborating on ways to minimize vaping from a public health perspective and the bill's authorization for the production and sale of cannabis oil vaping products is completely contradictory and counter to our public health goals.
- There is conclusive scientific evidence that cannabis use has very negative effects for development when used in youth. We must ensure cannabis products, including edibles, are not in any way marketed to kids – or marketed in a way that appeals to kids. Again, we should apply the lessons learned from the public health epidemic caused by tobacco and the marketing restrictions and prevention strategies that states have applied to address it.
- The timeline which anticipates the recruitment, nomination and appointment of the cannabis control board members by January 8, 2021, with senate advice and consent by January 15, 2021 is too aggressive and may need to be extended.

- Board members, exempt employees appointed by the Governor, are now only removable for cause by the other Board members. This removes the Board from accountability to the Governor and constitutes an unconstitutional usurpation of the Governor's constitutional duty to faithfully execute the laws. This is a provision that exposes all of the work of the board to legal challenges.
- The 30% excise tax set-aside for misuse prevention programming must be dedicated to a special fund for that purpose to be allocated by the Commissioner of Health. As passed, this funding could be raided by the Legislature and used for other unrelated purposes.
- While law enforcement is directed to receive at least 16 hours of advanced roadside impaired driving enforcement training, there is no funding and no resources dedicated to this purpose which will take multiple years to accomplish. This needs to be rectified.

I know it is difficult to take on these complex issues remotely and during this unprecedented pandemic. Again, I thank the legislators who worked to move toward me over the past two years on this issue. Nevertheless, the Legislature has much more work to do to ensure equity in this new policy and to prevent their work from becoming a public health problem for current and future generations. For these reasons, I am allowing this bill to become law without my signature.

Sincerely,

/s/Philip B. Scott

The text of the communication to the Senate from His Excellency, the Governor, setting forth his reasons for refusing to sign and *allowing to become law without his signature*, **Senate Bill No. S. 119**, is as follows:

“October 7, 2020

The Honorable John Bloomer, Jr.  
Secretary of the Senate  
115 State House  
Montpelier, VT 05633-5401

Dear Mr. Bloomer:

Today, I am allowing S.119, *An act relating to a statewide standard and policy for law enforcement use of force* to become law without my signature.

---

I share the goals and recognize the importance of, and need for, strengthening our use of force policy to protect our citizens and law enforcement officers alike.

I also know the law enforcement community includes some of the best among us – those who are willing to risk their own safety to protect others, and who often run toward danger when many of us would run from it. And I believe, by and large, our law enforcement officers and leaders are committed to the reform work necessary to achieve racial equity and helping to develop policies and training that ensure equal treatment, protection, and safety for all.

Vermont has been working hard to address racial disparities in policing. It was the Vermont State Police that led the State in the development of Fair and Impartial Policing policy. To continue to move this work forward, my Commissioner of Public Safety, who is committed to progressive policing, presented a framework for modernizing law enforcement in January which we will continue to pursue. In the budget, the Legislature supported my initiative to embed mental health workers in every barracks, an approach which has proven effective in pilots throughout the State. But there is clearly much more work to do.

2020 has reminded us that systemic racism is deeply rooted in our nation's institutions. In many parts of the country we continue to see cases of racial discrimination in law enforcement and disproportionate use of force on BIPOC communities, persons with disabilities, and other vulnerable populations. Again, we have acted in this area, but Vermont is not immune, and we must do more.

I know we can do better and be an example for the nation, as we have in so many other areas.

I understand the pandemic and remote work made it difficult for the Legislature this year. This may be why the bill was hastily crafted with insufficient opportunity for the full Legislature to understand the concerns and opportunities offered by both historically disadvantaged communities and public safety officials. For example, there are important terms which remain undefined and there are gaps in the legislation that raise questions about the Legislature's intent.

For Vermont to be a leader in setting a modernized and enhanced standard for law enforcement use of force, we must work together to do so in a way that is clear and can be implemented fully and effectively in the field.

I believe with more time – and more testimony from all impacted communities – this bill can be improved before it goes into effect. Specifically, let's work to define more clearly the "necessary and proportional"

terms that guide this standard, revise the standard to consider all uses of force for more consistency, and reevaluate the timeline and provide resources to ensure proper implementation and training.

While the need for action, and for change, is vital, I want to emphasize again that the vast majority of our law enforcement officers are committed to this important work. I also understand the requirements of this law, and the uncertainty it creates, may feel overwhelming to them; and that they are frustrated it was passed without consideration of the time and resources needed for training. I hear those concerns, and – again – I ask lawmakers to work with me to improve this bill in January.

In the words of Ruth Bader Ginsburg, let’s work together to “fight for the things (we) care about, but do it in a way that will lead others to join (us).” I believe we can do just that with this legislation. But that requires all voices to be at the table. That is how we will achieve meaningful change. I’m committed to doing so, I hope you are too.

Sincerely,

/s/Philip B. Scott  
Governor
