Prototype Recharging Network

1MW+ CHARGE STATIONS READY TO DEPLOY

BETA Charge stations can take in grid power constantly over time and store it for megawatt charging when needed

Key Facts

- BETA presently has 68 employees
 - 50 high level engineers
 - 5 support staff
 - 7 fabricators and technicians
- BETA will add 55 employees in next 8 months
- Considerations for business development in Plattsburg, Montreal or Vermont

BETA is a heavily R&D focused business.

A meaningful incentive for continued green energy research and development here in Vermont enables BETA to maintain a consolidated and efficient workforce in Vermont.
