MEMORANDUM

To: Speaker Mitzi Johnson
From: CRF Staff Team: Stephen Klein, Stephanie Barrett, Jennifer Carbee,
Rebecca Wasserman, Catherine Benham
Date: June 1, 2020
Subject: CRF Funding Parameters

Attached is a summary document that provides a brief review of the federal parameters on spending from the Coronavirus Relief Fund (CRF). As House committees consider proposals for using CRF, this document may help in these discussions.

Please note that all appropriations of CRF monies must be made with the knowledge that the statutory and regulatory context and related guidance are changing constantly. Additional federal action could further change the potential for and appropriateness of CRF usage.

The attached document is also posted here: [CRF parameters](#).
