

# Building Connections with Our Seniors

**Project Leaders:** Natalie Santaw and Tia McLeod

**School:** Lyndon Town School

**Grant Proposal:** \$750

**Costs:** Transportation, Tokens of appreciation for elderly, Dinner

---

## Who are they? How have they impacted our Community?

We are reaching out to the LTS Middle School to have them interview their older relatives. We will also be visiting the Darling Inn, as well as Riverside Life Enrichment Center, to interview as many elderly members as we can. We want to get to know them, to find out what connections they have to us and to our community.

---

## Sharing their Stories!

We want to know who our elderly are, what they have done, what their life experiences have been and to celebrate each of them. We will gather stories, record conversations, take pictures with the goal of putting together a presentation which will be shared with them and with the community.

---

## Let's Celebrate Together

Once the snow has melted and mud season has run its course, we will invite the interviewees and their families to gather at Lyndon Town School for an evening of celebration. We are planning to have a dinner and dessert for all. During dinner we will be sharing the stories that we have gathered. Our goal is to put pictures, audio, and stories to music and to share this presentation during our gathering.
