

# VPPSA Supports S. 337 as Passed by Senate

- ▶ Facilitates GHG reductions in thermal and transportation sectors
  - ❖ Limited, interim measure while more comprehensive policy is explored
- ▶ Includes protections for electric ratepayers
  - ❖ Doesn't expand EEC spending unless EVT maintains a flat RA budget
  - ❖ "Nexus with electricity" delivers ratepayer benefit
- ▶ Avoids duplication with Tier 3 programs
  - ❖ Must be additive rather than competitive
- ▶ Ensures fairness among ratepayers
  - ❖ Statewide programs or proportional spending
- ▶ Requires coordination with distribution utilities
