

Public Comment on H.51, H.175, H.214  
April 22, 2019

I am a citizen of Vermont and in strong support of H51, H175, H214. I work in child care in Burlington. While watching and helping these amazing young people grow up I need to know that I am living in a state that is doing all in its power to ensure that they have a healthy and safe environment to live in. So I hope that these issues are taken up first thing next session.

Thank you.

Sincerely,  
Brynne Martin  
Burlington, VT
