

I was not able to make it to the hearing tonight due to the weather, but I wanted to send a note expressing my opposition to the new bill on the floor h.57.

Please seriously consider the consequences of passing a bill that allows murder of innocent babies.

What's next? A murderer can't be convicted if they kill your baby you want? Its time for people to be responsible for their actions. These babies don't make themselves.

As the mom of a 2.5 year old, it makes me so heartbroken to hear of the brutal, heartless things they will allow Doctors and parents to do to these innocent babies. I wish I could hold each one in their moment of hurt to let them know at least one person loves them and cares.

Please dont vote in favor of this h.57 bill.

Thank you for your time.
