S.160. An Act Relating to Agricultural Development **As Passed Senate** As Proposed by House * * * Strategic Plan * * * * * * Strategic Plan * * * Sec. 1. STRATEGIC PLAN TO STABILIZE AND REVITALIZE THE VERMONT Sec. 1. STRATEGIC PLAN TO STABILIZE AND REVITALIZE THE VERMONT AGRICULTURAL INDUSTRY AGRICULTURAL INDUSTRY (a) On or before January 15, 2020, the Secretary of Agriculture, Food and Markets shall (a) On or before January 15, 2020, the Vermont Farm-to-Plate Investment Program, after submit to the Senate Committee on Agriculture and the House Committee on Agriculture and consultation with the Secretary of Agriculture, Food and Markets and industry stakeholders, shall submit to the Senate Committee on Agriculture and the House Committee on Agriculture and Forestry a strategic plan for the stabilization, diversification, and revitalization of the agricultural Forestry a report that shall serve as the basis for an update to the Farm-to-Plate Strategic Plan. industry in Vermont. The strategic plan shall: (1) recommend new markets, products, or ingredients for farmers, including recommended After additional industry stakeholder engagement, the report shall be used to develop a prioritized State investment in research and development by universities or other qualified organizations to strategic plan for the stabilization, diversification, and revitalization of the agricultural and food establish new markets, products, or ingredients; industry in Vermont by August 31, 2020. (2) recommend methods, products, or incentives available to farmers to assist in the (b) The report required under subsection (a) of this section shall: diversification of agricultural products produced on the farm; (1) summarize the current conditions within particular subsectors, product categories, and (3) recommend methods for improving the marketing of Vermont agricultural products market channels that comprise the Vermont food system, including the most recent data synthesis, outside the State, outside the region, and outside the country; research, reports, and expert documentation of challenges and opportunities for growth;

- (4) recommend alternatives or methods for encouraging maintaining or increasing the amount of land in agricultural production in the State;
- (5) evaluate whether State programs that fund farming and existing exemptions in law for farming are the most effective means for supporting the agricultural industry in Vermont;
- (6) recommend sources of financing for research and development by universities and businesses of innovative methods for managing and commoditizing manure to mitigate the environmental concerns raised by current manure management techniques;
 - (7) propose techniques or systems for improving the ecological footprint and

(3) recommend methods for improving the marketing of Vermont agricultural products.

(2) recommend State investment in research and development by universities or other

- (c) The strategic plan required under subsection (a) of this section shall outline prioritized next steps and opportunities to assist in stabilizing, diversifying, and revitalizing Vermont's food system. The plan may include recommendations related to:
- (1) technical assistance resources and capital availability to farmers to assist in the diversification of agricultural products produced on a farm;

qualified organizations to establish new markets, products, or ingredients; and

As Passed Senate

environmental sustainability of farming in the State;

(8) after consultation with the Northeast Organic Farming Association and Vermont FEED provide an assessment of the potential to increase the amount of Vermont agricultural products that are purchased by school nutrition programs in the State, including an inventory of agricultural products, such as beef, eggs, or cheese, where demand from schools would create a viable market for Vermont farmers; and

- (9) approaches for improving transparency in the agricultural industry so that the public is educated and aware of the need for and effect of certain dairy practices.
- (b) The Secretary of Agriculture, Food and Markets shall consult with interested parties in developing the strategic plan required under subsection (a) of this section and shall hold at least four public hearings around the State to receive public input on alternatives for stabilizing and revitalizing the agricultural industry in Vermont.

\

As Proposed by House

- (2) alternatives or methods for encouraging, maintaining, or increasing the amount of land in agricultural production and the number and diversity of people participating in the growing, harvesting, and processing of food in the State;
- (3) resources for financing research and development by universities and businesses that promote innovative methods for managing and commoditizing manure to mitigate the environmental concerns raised by current manure management techniques;
- (4) techniques, strategies, or systems for improving the ecological footprint and environmental sustainability of farming in the State;
- (5) the potential to increase the amount of Vermont agricultural products that are purchased by school nutrition programs and other publicly funded institutions in the State;
- (6) approaches for improving transparency in the agricultural industry so that the public is educated and aware of the need for and effect of certain dairy practices;
- (7) approaches for improving agricultural and food literacy among Vermonters, including increased understanding of where their food comes from, how food is produced, and enhanced opportunities to learn about and participate in the growing and processing of crops for food and fiber; and
- (8) the level of State, private, and philanthropic investment needed over the next 10 years in order to stabilize, diversify, and revitalize the Vermont food system.
- (d) The Secretary of Agriculture, Food and Markets in partnership with the Vermont Farm-to-Plate Investment Program shall hold at least four public hearings combined with other stakeholder engagement sessions around the State to receive public input on priorities for stabilizing and revitalizing the agricultural industries in Vermont. The public input that the Secretary receives shall be included in the strategic plan required under subsection (c) of this section.

As Passed Senate	As Proposed by House
	(e) The Vermont Farm-to-Plate Investment Program and the Secretary of Agriculture, Food
	and Markets shall not implement the requirements of this section unless and until appropriations
	to implement the program are approved by the General Assembly for fiscal year 2020.
	* * * Local Food Purchasing Working Group * * *
	Sec. 2. LOCAL FOOD PURCHASING WORKING GROUP
	(a)(1) The Secretary of Agriculture, Food and Markets shall convene a Local Food Purchasing
	Working Group to develop a plan to assists schools in the State in increasing the purchase of local
	foods. The working group shall be composed of:
	(A) the Secretary of Agriculture, Food and Markets or designee;
	(B) the Secretary of Education or designee;
	(C) a representative of Vermont FEED to be appointed by the organization;
	(D) a representative of the Northeast Organic Farming Association Vermont, appointed
	by the association;
	(E) two representatives of the School Nutrition Association Vermont, appointed by the
	Secretary of Agriculture, Food and Markets; and
	(F) two school nutrition directors, appointed by the Secretary of Agriculture, Food and
	Markets.
	(2) The Secretary of Agriculture, Food and Markets shall invite additional stakeholders,
	such as farmers, food distributors, school administrators, and other interested parties to provide
	input in the development of a recommended local food purchasing plan.
	(b) On or before January 15, 2020, the Secretary of Agriculture, Food and Markets shall
	submit to the House Committee on Agriculture and Forestry and the Senate Committee on
	Agriculture a recommended local foods purchasing plan for schools. The plan shall include:

As Passed Senate	As Proposed by House
	(1)(A) A proposed "per plate" incentive for local food purchasing for Vermont K–12
	school meals and a timeline for implementation of the incentive. This proposal shall include:
	(i) a proposed incentive amount per plate;
	(ii) an analysis of why the proposed incentive amount will be effective for schools to
	increase school purchasing of local food; and
	(iii) an estimate of the percentage increase in local food purchasing from
	implementation of the proposed incentive.
	(B) In order to develop the per plate incentive proposal, the Working Group shall field
	test the per plate incentive with several school districts or supervisory unions during the 2019-
	2020 school year and shall collect data from the field test to contribute to the recommended plan
	required under this subsection.
	(2) A proposal to support and assist schools in increasing local food purchasing. The
	proposal may include:
	(A) additional procurement training for school personnel to purchase local foods;
	(B) proposed work with the Agency of Education Child Nutrition Programs to
	determine how to collect and manage the data needed to track local food purchasing in schools;
	(C) research and development of a tracking system or modification of current data
	collection systems; and
	(D) a methodology for helping schools to know what is available and how to purchase
	and track it.
	(c) The Secretary of Agriculture, Food and Markets shall not implement the requirements of
	this section unless and until the General Assembly approves appropriations in fiscal year 2020 to
	complete the "field testing" with schools required under subdivision (b)(2)(B) of this section.

* * * Dairy Marketing Assessment * * *

As Proposed by House

* * * Feasibility Analysis of Dairy Processing Plant * * *
Sec. 2. DAIRY PROCESSING PLANT; REPORT

On or before January 15, 2020, the Secretary of Agriculture, Food and Markets shall report to the Senate Committee on Agriculture and the House Committee on Agriculture and Forestry regarding the development of a dairy processing plant in the State for the purpose of increasing the access of Vermont dairy products to major metropolitan markets in New England and the Northeast. The report shall:

- (1) recommend whether the State should facilitate the development of a dairy processing plant in the State;
- (2) if the Secretary recommends that the State facilitate development of a dairy processing plant under subdivision (1) of this subsection, summarize how the State could facilitate development of a dairy processing plant through public-private partnerships, joint ventures, or other economic incentives;
- (3) identify existing funding sources or economic incentives that could be utilized to fund the development of a dairy processing plant; and
- (4) include any other information that the Secretary deems necessary for review of the feasibility of developing a dairy processing plant in Vermont.

Sec. 3. DAIRY MARKETING ASSESSMENT; REPORT

On or before January 15, 2020, the Secretary of Agriculture, Food and Markets shall report to the Senate Committee on Agriculture and the House Committee on Agriculture and Forestry regarding the development of a dairy marketing assessment for the purpose of increasing the consumption of Vermont dairy products by major metropolitan markets in New England and the Northeast. The report shall:

- (1) conduct market research to identify consumer preferences and upcoming trends around dairy products;
- (2) summarize how the State could facilitate messaging and marketing based on dairy products with additional benefits resulting in high value resonance with consumers, including health, nutrition, social, and environmental benefits; and

(3) identify existing funding sources or economic incentives that could be utilized to fund the development of dairy trend research and marketing campaigns in key identified markets and sectors, including innovation grants or financing under federal or State law.

As Passed Senate

* * * Soil Conservation Practices * * *

- Sec. 3. FINANCIAL INCENTIVES FOR IMPLEMENTATION OF SOIL CONSERVATION PRACTICES
- (a) The Secretary of Agriculture, Food and Markets shall convene a Soil Conservation

 Practice Working Group to recommend financial incentives designed to encourage farmers in

 Vermont to implement agricultural practices that exceed the requirements of 6 V.S.A. chapter 215

 and that improve soil health productivity, enhance crop resilience, and reduce agricultural runoff to waters. The Working Group shall:
- (1) identify agricultural standards or practices that farmers can implement that improve soil health productivity, enhance crop resilience, and reduce agricultural runoff to waters;
- (2) recommend existing financial incentives available to farmers that could be modified or amended to incentivize implementation of the agricultural standards identified under subdivision (1) of this subsection or incentivize the reclamation or preservation of wetlands;
- (3) propose new financial incentives, including a source of revenue, for implementation of the agricultural standards identified under subdivision (1) of this subsection if existing financial incentives are inadequate or if the goal of implementation of the agricultural standards would be better served by a new financial incentive; and
- (4) recommend legislative changes that may be required to implement any financial incentive recommended or proposed in the report.
- (b) The Soil Conservation Practice Working Group shall consist of persons with knowledge or expertise in agricultural water quality, soil health, economic development, or agricultural

As Proposed by House

SLAUGHTER; ITINERANT SLAUGHTER	SLAUGHTER; ITINERANT SLAUGHTER
(a) As used in this section:	(a) As used in this section:

As Passed Senate

- (1) "Assist in the slaughter of livestock" means the act of slaughtering or butchering an animal and shall not mean the farmer's provision of a site on the farm for slaughter, provision of implements for slaughter, or the service of disposal of the carcass or offal from slaughter.
 - (2) "Sanitary conditions" means a site on a farm that is:
 - (A) clean and free of contaminants; and
 - (B) located or designed in a way to prevent:
 - (i) the occurrence of water pollution; and
 - (ii) the adulteration of the livestock or the slaughtered meat.
- (b) The requirement for a license under section 3306 of this title or for inspection under this chapter shall not apply to the slaughter by an individual owner of livestock that the individual owner raised for the individual's owner's exclusive use or for the use of members of his or her household and his or her nonpaying guests and employees.
- (c) The requirement for a license under section 3306 of this title or for inspection under this chapter shall not apply to the slaughter of livestock that occurs in a manner that meets all of the following requirements:
- (1) An individual A person or persons purchases livestock from a farmer that raised the livestock.
- (2) The farmer is registered with the Secretary, on a form provided by the Secretary, as selling livestock for slaughter under this subsection.
- (3) The individual <u>or individuals</u> who purchased the livestock performs the act of slaughtering the livestock, as the owner of the livestock.
- (4) The act of slaughter occurs, after approval from the farmer who sold the livestock, on a site on the farm where the livestock was purchased.

As Proposed by House

- (1) "Assist in the slaughter of livestock" means the act of slaughtering or butchering an animal and shall not mean the farmer's provision of a site on the farm for slaughter, provision of implements for slaughter, or the service of disposal of the carcass or offal from slaughter.
 - (2) "Sanitary conditions" means a site on a farm that is:
 - (A) clean and free of contaminants; and
 - (B) located or designed in a way to prevent:
 - (i) the occurrence of water pollution; and
 - (ii) the adulteration of the livestock or the slaughtered meat.
- (b) The requirement for a license under section 3306 of this title or for inspection under this chapter shall not apply to the slaughter by an individual owner of livestock that the individual owner raised for the individual's owner's exclusive use or for the use of members of his or her household and his or her nonpaying guests and employees.
- (c) The requirement for a license under section 3306 of this title or for inspection under this chapter shall not apply to the slaughter of livestock that occurs in a manner that meets all of the following requirements:
- (1) An individual A person or persons purchases livestock from a farmer that raised the livestock.
- (2) The farmer is registered with the Secretary, on a form provided by the Secretary, as selling livestock for slaughter under this subsection.
- (3) The individual <u>or individuals</u> who purchased the livestock performs the act of slaughtering the livestock, <u>as the owner of the livestock</u>.
- (4) The act of slaughter occurs, after approval from the farmer who sold the livestock, on a site on the farm where the livestock was purchased.

As Passed Senate

- (5) The slaughter is conducted under sanitary conditions.
- (6) The farmer who sold the livestock to the individual <u>or individuals</u> does not assist in the slaughter of the livestock.
- (7) No more than the following number of livestock per year are slaughtered under this subsection:
 - (A) 15 swine;
 - (B) five cattle;
 - (C) 40 sheep or goats; or
- (D) any combination of swine, cattle, sheep, or goats, provided that no more than 6,000 pounds of the live weight of livestock are slaughtered per year.
- (8) The farmer who sold the livestock to the individual <u>or individuals</u> maintains a record of each slaughter conducted under this subsection and reports quarterly to the Secretary, on a form provided by the Secretary, on or before April 15 for the calendar quarter ending March 31, on or before July 15 for the calendar quarter ending June 30, on or before October 15 for the calendar quarter ending September 30, and on or before January 15 for the calendar quarter ending December 31. If a farmer fails to report slaughter activity conducted under this subsection, the Secretary, in addition to any enforcement action available under this chapter or chapter 1 of this title, may suspend the authority of the farmer to sell animals to an individual <u>or individuals</u> for slaughter under this subsection.
- (9) The slaughtered livestock may be halved or quartered by the individual <u>or individuals</u> who purchased the livestock but solely for the purpose of transport from the farm.
- (10) The livestock is slaughtered according to a humane method, as that term is defined in subdivision 3131(6) of this title.

As Proposed by House

- (5) The slaughter is conducted under sanitary conditions.
- (6) The farmer who sold the livestock to the individual <u>or individuals</u> does not assist in the slaughter of the livestock.
- (7) No more than the following number of livestock per year are slaughtered under this subsection:
 - (A) 15 swine;
 - (B) five cattle;
 - (C) 40 sheep or goats; or
- (D) any combination of swine, cattle, sheep, or goats, provided that no more than 6,000 pounds of the live weight of livestock are slaughtered per year.
- (8) The farmer who sold the livestock to the individual <u>or individuals</u> maintains a record of each slaughter conducted under this subsection and reports quarterly to the Secretary, on a form provided by the Secretary, on or before April 15 for the calendar quarter ending March 31, on or before July 15 for the calendar quarter ending June 30, on or before October 15 for the calendar quarter ending September 30, and on or before January 15 for the calendar quarter ending December 31. If a farmer fails to report slaughter activity conducted under this subsection, the Secretary, in addition to any enforcement action available under this chapter or chapter 1 of this title, may suspend the authority of the farmer to sell animals to an individual <u>or individuals</u> for slaughter under this subsection.
- (9) The slaughtered livestock may be halved or quartered by the individual <u>or individuals</u> who purchased the livestock but solely for the purpose of transport from the farm.
- (10) The livestock is slaughtered according to a humane method, as that term is defined in subdivision 3131(6) of this title.

As Passed Senate

- (d) The requirement for a license under section 3306 of this title or for inspection under this chapter shall not apply to an itinerant slaughterer engaged in the act of itinerant livestock slaughter or itinerant poultry slaughter.
- (e) An itinerant slaughterer may slaughter livestock owned by a person on the farm where the livestock was raised under the following conditions:
- (1) the meat from the slaughter of the livestock is distributed only as whole or half, halved, or quartered carcasses to the person who owned the animal for his or her personal use or for use by members of his or her household or nonpaying guests; and
 - (2) the slaughter is conducted under sanitary conditions; and
- (3) the livestock is slaughtered according to a humane method, as that term is defined in subdivision 3131(6) of this title.
- (f) A carcass or offal from slaughter conducted under this section shall be disposed of according to the requirements under the required agricultural practices for the management of agricultural waste.

* * * Animal Welfare; Traceability * * *

Sec. 8. 6 V.S.A. § 1152 is amended to read:

§ 1152. ADMINISTRATION; INSPECTION; TESTING; RECORDS

- (a) The Secretary shall be responsible for the administration and enforcement of the livestock disease control program. The Secretary may appoint the State Veterinarian to manage the program, and other personnel as are necessary for the sound administration of the program.
- (b) The Secretary shall maintain a public record of all permits issued and of all animals tested by the Agency of Agriculture, Food and Markets under this chapter for a period of five years.

As Proposed by House

- (d) The requirement for a license under section 3306 of this title or for inspection under this chapter shall not apply to an itinerant slaughterer engaged in the act of itinerant livestock slaughter or itinerant poultry slaughter.
- (e) An itinerant slaughterer may slaughter livestock owned by a person on the farm where the livestock was raised under the following conditions:
- (1) the meat from the slaughter of the livestock is distributed only as whole or half, halved, or quartered carcasses to the person who owned the animal for his or her personal use or for use by members of his or her household or nonpaying guests; and
 - (2) the slaughter is conducted under sanitary conditions; and
- (3) the livestock is slaughtered according to a humane method, as that term is defined in subdivision 3131(6) of this title.
- (f) A carcass or offal from slaughter conducted under this section shall be disposed of according to the requirements under the required agricultural practices for the management of agricultural waste.

* * * Animal Welfare; Traceability * * *

Sec. 8. 6 V.S.A. § 1152 is amended to read:

§ 1152. ADMINISTRATION; INSPECTION; TESTING; RECORDS

- (a) The Secretary shall be responsible for the administration and enforcement of the livestock disease control program. The Secretary may appoint the State Veterinarian to manage the program, and other personnel as are necessary for the sound administration of the program.
- (b) The Secretary shall maintain a public record of all permits issued and of all animals tested by the Agency of Agriculture, Food and Markets under this chapter for a period of five years.

As Passed Senate

- (c) The Secretary may conduct any inspections, investigations, tests, diagnoses, or other reasonable steps necessary to discover and eliminate contagious diseases existing in domestic animals in this State. The Secretary shall investigate any reports of diseased animals, provided there are adequate resources. In carrying out the provisions of this part, the Secretary or his or her authorized agent may enter any real estate, premises, buildings, enclosures, or areas where animals may be found for the purpose of making reasonable inspections and tests. A livestock owner or the person in possession of the animal to be inspected, upon request of the Secretary, shall restrain the animal and make it available for inspection and testing.
- (d) The Secretary may contract and cooperate with the U.S. Department of Agriculture, other federal agencies or states, and accredited veterinarians for the control and eradication of contagious diseases of animals. The Secretary shall consult and cooperate, as appropriate, with the Commissioners of Fish and Wildlife and of Health regarding the control of contagious diseases.
- (e) If necessary, the Secretary shall set priorities for the use of the funds available to operate the program established by this chapter.
- (f) Any commercial slaughterhouse operating in the State shall maintain and retain for three years records of the number of animals slaughtered at the facility, the physical address of origination of each animal, the date of slaughter of each animal, and all official identification numbers of slaughtered animals. A commercial slaughterhouse shall make the records required under this subsection available to the Agency upon request.
- (g) Records produced or acquired by the Secretary under this chapter shall be available to the public, except that:
 - (1) the Secretary may withhold from inspection and copying records that are confidential

As Proposed by House

- (c) The Secretary may conduct any inspections, investigations, tests, diagnoses, or other reasonable steps necessary to discover and eliminate contagious diseases existing in domestic animals in this State. The Secretary shall investigate any reports of diseased animals, provided there are adequate resources. In carrying out the provisions of this part, the Secretary or his or her authorized agent may enter any real estate, premises, buildings, enclosures, or areas where animals may be found for the purpose of making reasonable inspections and tests. A livestock owner or the person in possession of the animal to be inspected, upon request of the Secretary, shall restrain the animal and make it available for inspection and testing.
- (d) The Secretary may contract and cooperate with the U.S. Department of Agriculture, other federal agencies or states, and accredited veterinarians for the control and eradication of contagious diseases of animals. The Secretary shall consult and cooperate, as appropriate, with the Commissioners of Fish and Wildlife and of Health regarding the control of contagious diseases.

As Passed Senate	As Proposed by House
Sec. 11. 6 V.S.A. § 4607 is amended to read:	
§ 4607. POWERS AND DUTIES OF THE VERMONT WORKING LANDS	
ENTERPRISE BOARD	
(a) Duties. The Vermont Working Lands Enterprise Board is charged with:	
(1) optimizing the agricultural and forest use of Vermont lands and other agricultural	
resources;	
(2) expanding existing markets and identifying and developing new profitable in-state and	
out-of-state markets for food, fiber, forest products, and value-added agricultural products,	
including farm-derived renewable energy and independent animal welfare certification programs;	
and and	
* * * 	
(d) Definition. As used in this section, "independent animal welfare certification program"	
means a program offered by a body approved by the Secretary of Agriculture, Food and Markets	
that uses qualified, third-party, on-farm auditors to routinely assess whether a livestock producer	
or commercial slaughter facility is 100 percent compliant with specific farm animal welfare	
standards exceeding industry standards based on industry guidelines, provided that:	
(1) the protocol of the standards are made public;	
(2) the standards include, at a minimum, provisions for humane slaughter, space allowance,	
environmental enrichment and ability to engage in natural behaviors, pain control and physical	
alterations, handling, and responsible antibiotic use;	
(3) routine caging, crating, or tethering of animals is prohibited;	
(4) the auditors have no vested or financial interest in audit outcomes; and	
(5) the auditors possess a background in animal welfare science or have received	

As Passed Senate	As Proposed by House
equivalent training and are able to recognize, review, and apply established farm animal welfare	
standards and protocols.	
* * * Carbon Markets; Pilot Program; Assistance * * *	
Sec. 12. GREEN MOUNTAIN STATE FOREST CARBON PILOT	
PROJECT	
(a) Findings and purpose.	
(1) Vermont's public forestlands provide many benefits to the State including access to	
outdoor recreation, increased tourism, and helping keep our environment healthy.	
(2) Private owners of forestlands are facing increased pressure to develop their forestlands	
and possess limited financial resources to resist this pressure.	
(3) Private owners of forestlands are significant in this State as they own nearly 80 percent	
of the forestlands in Vermont.	
(4) The purpose of this section is to create a pilot project to allow the Department of	
Forests, Parks and Recreation to demonstrate how parcels of Vermont's forestlands may enter	
both compliance and voluntary carbon markets and produce a report and materials to aid private	
owners of forestlands entering both compliance and voluntary carbon markets.	
(b) The Department of Forests, Parks and Recreation shall establish the Green Mountain State	
Forest Carbon Pilot Project that shall:	
(1) enter at least one parcel of forestland into a voluntary carbon market;	
(2) enter at least one parcel of forestland into a compliance carbon market; and	
(3) produce a report and any necessary materials that will aid in the education of private	
owners of Vermont forestlands on the process of entering their lands into a carbon market.	
(c) The Department shall have the authority to use available private, State, and federal funding	

As Passed Senate	As Proposed by House
to implement the pilot project as described in subsection (b) of this section.	
(d) On or before January 15, 2021, the Department shall submit a report to the Senate	
Committee on Agriculture and the House Committee on Agriculture and Forestry addressing:	
(1) the implementation of the pilot project;	
(2) any materials created to educate private owners of Vermont forestlands on the process	
of entering their lands into a carbon market; and	
(3) any recommendations for further action.	
Sec. 13. 10 V.S.A. chapter 83, subchapter 9 is added to read:	
Subchapter 9. Vermont Forests in Carbon Markets	
§ 2685. Green Mountain State Forest Carbon Program	
(a) Definitions. As used in this subchapter:	
(1) "Carbon dioxide equivalent" means an amount of a greenhouse gas that would cause	
the same amount of warming as a ton of carbon dioxide emissions.	
(2) "Carbon market" means a voluntary or compliance market place that trades carbon	
allowances representing the reduction, avoidance, or sequestration of carbon measured using tons	
of carbon dioxide equivalent.	
(3) "Contracted entity" or "entity" means the entity that enters into a contract with the	
Department of Forests, Parks and Recreation to supply the services identified in subsection (c) of	
this section.	
(4) "Department" means the Department of Forests, Parks and Recreation.	
(5) "High ecological value" means an area that has been designated as a fragile area in the	
Fragile Areas Registry pursuant to 10 V.S.A. chapter 158.	
(b) Establishment. The Department shall establish the Green Mountain State Forest Carbon	

As Passed Senate	As Proposed by House
Program to support and promote the entrance by owners of tracts of Vermont forestlands into	
international, national, and regional carbon markets. The Department shall contract with an entity	
to implement the program and provide services to owners of forestland that will facilitate the	
entrance of the forested land into a carbon market.	
(c) Services.	
(1) The contracted entity shall provide the following services to owners of forestlands:	
(A) technical assistance to private owners of forestlands on how to gain access to carbon	
markets;	
(B) technical assistance to private owners of forestlands on aggregation of multiple	
small parcels of forested land into parcels that are economically attractive to carbon marketplaces,	
including creating forest management plans; and	
(C) services related to legal requirements and frameworks to gain access to carbon	
marketplaces.	
(2) When providing services under this subsection, the contracted entity shall give priority	
to forestlands that have been previously identified as having high ecological value.	
(d) Report. On or before January 15, 2024, the Department of Forests, Parks and Recreation	
shall submit to the Senate Committee on Agriculture and the House Committee on Agriculture	
and Forestry a report regarding the activities and progress of the contracted entity. The report	
shall include:	
(1) a summary of the contracted entities activities;	
(2) an evaluation of the effectiveness of the services provided by the contracted entity to	
private owners of forestlands;	
(3) a summary of the contracted entity's progress in aggregating Vermont's forestlands	

As Passed Senate	As Proposed by House
into marketable parcels for carbon markets;	
(4) an accounting of how the contracted entity used the funds dispersed and whether these	
funds are sufficient to provide the services necessary to achieve the purpose of the program;	
(5) recommended changes to the program, including legislative amendments to expand	
access for private owners of Vermont forestlands to carbon markets.	
	* * * Vermont Forest Carbon Sequestration Working Group * * *
	Sec. 11. VERMONT FOREST CARBON SEQUESTRATION WORKING
	GROUP; REPORT
	(a) Creation. There is created the Vermont Forest Carbon Sequestration Working Group to
	study how to create a Statewide program to facilitate the enrollment of Vermont forestlands in
	carbon sequestration markets.
	(b) Membership. The Working Group shall be composed of the following members:
	(1) two members of the House of Representatives, not from the same political party,
	appointed by the Speaker of the House;
	(2) two members from the Senate, not from the same political party, appointed by the
	Committee on Committees:
	(3) the Secretary of Natural Resources or designee;
	(4) four persons with expertise of or experience with the requirements for participating in
	carbon sequestration markets, two appointed by the Speaker of the House and two appointed by
	the Committee on Committees; and
	(5) a private landowner or a representative of an association or organization representing
	private landowners, appointed by the Governor.

As Passed Senate	As Proposed by House
	(c) Powers and duties. The Working Group shall study how to create a statewide program to
	facilitate the enrollment of Vermont forestlands in carbon sequestration markets, and shall:
	(1) evaluate the current status of carbon sequestration markets, including:
	(A) review of available information on the feasibility of enrolling public and private
	land from Vermont in a carbon sequestration market, including review of existing feasibility
	analyses specific to the development of forest carbon sequestration projects in New England and
	Vermont:
	(B) examples from forest carbon sequestration project development on public land in
	other states; and
	(C) if available, technical assistance programs developed by other states and
	organizations to assist private landowners in engaging in carbon sequestration markets;
	(2) evaluate the economic and environmental case for encouraging forest carbon
	sequestration offset projects in Vermont;
	(3) analyze how to best market and sell carbon credits from State-owned and privately
	owned forestland in carbon sequestration markets;
	(4) determine how to develop economies of scale in marketing and selling carbon credits in
	carbon sequestration markets;
	(5) evaluate how to utilize financial incentives and existing forest management and
	certification programs and Vermont's Use Value Appraisal program to maximize the potential
	value of forestland in carbon sequestration markets while also enhancing conservation and other
	goals;
	(6) review how to structure and regulate a Statewide program to facilitate the enrollment of
	Vermont forestlands in carbon sequestration markets, including how the program should be

As Passed Senate	As Proposed by House
	governed, whether the program should be governed by a State agency, how forestland will be
	assessed and enrolled, how parcels and landowners will enter and leave the program, how
	landowners will be paid, and how requirements and standards concerning forest management will
	be applied and enforced;
	(7) estimate expected revenue from enrolling forestland in carbon markets and how that
	revenue should be allocated to:
	(A) support the governance structure, management, and oversight of the program;
	(B) fairly compensate landowners; and
	(C) encourage enrollment in the program; and
	(8) any other issue the Working Group deems relevant to designing and implementing a
	statewide program to facilitate the enrollment of Vermont forestlands in carbon sequestration
	markets.
	(d) Assistance. The Working Group shall have the technical and legal assistance of the
	Agency of Natural Resources. The Working Group shall have the administrative and legislative
	drafting assistance of the Office of Legislative Council. The Working Group may consult with
	stakeholders and experts in relevant subject areas, including carbon markets, forest management
	strategies, and parcel mapping.
	(e) Report. On or before January 15, 2020, the Working Group shall submit a written report
	to the House Committees on Agriculture and Forestry, on Natural Resources, Fish, and Wildlife,
	and on Energy and Technology and to the Senate Committees on Agriculture and on Natural
	Resources and Energy. The report shall include:
	(1) specific and detailed findings and proposals concerning the issues set forth in
	subsection (c);

As Passed Senate	As Proposed by House
	(2) a proposal for a pilot project to enroll State-owned forestland in a carbon sequestration
	market; and
	(3) any recommendations for legislative or regulatory action.
	(f) Meetings.
	(1) The Secretary of Natural Resources or designee shall call the first meeting of the
	Working Group to occur on or before July 15, 2019.
	(2) The Secretary of Natural Resources or designee shall be the chair.
	(3) A majority of the membership shall constitute a quorum.
	(4) The Working Group shall meet as often as necessary and shall cease to exist on January
	<u>31, 2020.</u>
	(g) Compensation and reimbursement.
	(1) For attendance at meetings during adjournment of the General Assembly, a legislative
	member of the Working Group shall be entitled to per diem compensation and reimbursement of
	expenses pursuant to 2 V.S.A. § 406. These payments shall be made from monies appropriated to
	the General Assembly.
	(2) Any nonlegislative member of the Working Group who is a State employee shall not be
	entitled to per diem compensation or reimbursement of expenses. Any member of the Working
	Group who is not a State employee shall be entitled to per diem compensation and reimbursement
	of expenses as permitted under 32 V.S.A. § 1010 for any meeting he or she attended in person.
	These payments shall be made from monies appropriated to the Agency of Natural Resources.

	Sec. 20. 6 V.S.A. § 642 is amended to read:
	§ 642. DUTIES AND AUTHORITY OF THE SECRETARY
	(a) The Secretary shall enforce and carry out the provisions of this subchapter, including:
	(1) Sampling, inspecting, making analysis of, and testing seeds subject to the provisions of
	this subchapter that are transported, sold, or offered or exposed for sale within the State for
	sowing purposes. The Secretary shall notify promptly a person who sells, offers, or exposes
	seeds for sale and, if appropriate, the person who labels or transports seeds, of any violation and
	seizure of the seeds, or order to cease sale of the seeds under section 643 of this title.
	(2) Making or providing for purity and germination tests of seed for farmers and dealers on
	request and to fix and collect charges for the tests made.
	(3) Cooperating with the U.S. Department of Agriculture and other agencies in seed law
	enforcement.
	(4) Prior to sale, distribution, or use of a new genetically engineered seed in the State and
	after consultation with a seed review committee convened under subsection (c) of this section,
	review the traits of the new genetically engineered seed. The Secretary may prohibit, restrict,
	condition, or limit the sale, distribution, or use of the seed in the State when determined necessary
	to prevent an adverse effect on agriculture in the State.
	(b) The Secretary shall establish rules to carry out the provisions of this subchapter, including
	those governing the methods of sampling, inspecting, analyzing, testing, and examining seeds and

As Passed Senate	As Proposed by House
	reasonable standards for seed.
	(c)(1) The Secretary shall convene a seed review committee to review the seed traits of a new
	genetically engineered seed proposed for sale, distribution, or use in the State.
	(2) A seed review committee convened under this subsection shall be comprised of the
	Secretary of Agriculture, Food and Markets or designee and the following members appointed by
	the Secretary:
	(A) a certified commercial agricultural pesticide applicator;
	(B) an agronomist or relevant crop specialist from the University of Vermont or
	Vermont Technical College;
	(C) a licensed seed dealer; and
	(D) a member of a farming sector affected by the new genetically engineered seed.
	(3) A majority of the seed review committee must approve of the sale, distribution, or use
	of a new genetically engineered seed prior to sale, distribution, or use in the State. In order to
	ensure the appropriate use or traits of a new genetically engineered seed in the State, a seed
	review committee may propose to the Secretary limits or conditions on the sale, distribution, or
	use of a seed or recommend a limited period of time for sale of the seed.

	Sec. 21. 6 V.S.A. § 2701 is amended to read:
	§ 2701. RULES
	(a) The Secretary, in accordance with 3 V.S.A. chapter 25, shall adopt, and may amend and
	rescind, dairy sanitation rules relating to dairy products to enforce this chapter, including labeling,
	weighing, measuring and testing facilities, buildings, equipment, methods, procedures, health of

As Passed Senate	As Proposed by House
	animals, health and capability of personnel, and quality standards. In addition, the uniform
	regulation for sanitation requirements, as adopted by the National Conference on Interstate Milk
	Shippers, and published by the U.S. Department of Health and Human Services, Public Health
	Service, Food and Drug Administration, Grade A Pasteurized Milk Ordinance (PMO), as
	amended, supplemented, or revised, are adopted as part of this chapter, except as modified or
	rejected by rule that any exemption to the preventative controls for human food requirements for
	Grade "A" milk and milk products for a very small business, as defined in the PMO and federal
	regulations, shall not apply. The Secretary may modify or reject by rule the PMO. When
	adherence to the PMO is deemed unreasonable by the Agency for non-Grade "A" products, the
	most current version of the Recommended Requirements of the U.S. Department of Agriculture,
	Agricultural Marketing Service, Milk for Manufacturing Purposes and its Production and
	Processing may be used.
