

Agency of Natural Resources,
Vermont Fish and Wildlife Department
FY 2021 Governor's Recommend Budget

MISSION: The mission of the Vermont Fish & Wildlife Department is the conservation of all species of fish, wildlife, and plants and their habitats for the people of Vermont.

Governor's Recommended Budget
FY 2021 (\$ millions)

FY 2021 SUMMARY

- 3 Exempt, 142 Classified full-time positions.
- Expansion of land and habitat program with a focus on wetland acquisition and restoration. Projects will improve surface water quality in the Lake Champlain Basin through ownership and long-term management of acquired properties. The Fish and Wildlife Department plans on investing over \$1.7M in land acquisition and restoration projects over three years.
- Over 4,500 acres of fish and wildlife habitat were conserved through Act 250 and other land use permits. This is about three-quarters the size of Montpelier.
- Increase in Game Warden paygrades due to class RFRs.
- Refocused programs and staffing resulting in an additional \$75,000 in federal funds.
- Received new federal grant focused on rare wetland plants and significant natural communities from U.S. Environmental Protection Agency.

Department of Fish and Wildlife

2019 MAJOR PROGRAM HIGHLIGHTS

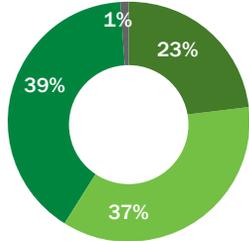

FY 2021 BUDGET

COMMISSIONER

Louis Porter

FY 2019 ACTUALS

Total Budget: \$24,283,102

- \$5,622,501 General Funds
- \$8,960,990 Federal Funds
- \$9,447,215 Fish & Wildlife Funds
- \$166,673 Special Funds
- \$85,724 Inter-departmental Funds

HABITAT CONSERVATION

Conserve, restore, and enhance habitats, natural plant and animal communities, and ecosystem integrity to maintain wildlife and ecological values.

128,000

Acres managed through wildlife management areas

159

Acres conserved through acquisition

854

Acres improved on private lands

SPECIES CONSERVATION

Conserve and restore Vermont's fish, wildlife, and plant species to maintain ecosystem integrity for the benefit of the public.

1,143,205

Fish stocked

969

Spiny softshell turtle nesting successes

47

Eagle nesting successes

EDUCATION

Increase public understanding and support for natural resources conservation issues, and promote a land stewardship ethic that includes habitat conservation and the safe, ethical utilization of wildlife.

3,625

People completed hunter education

8,466

People completed "Let's Go Fishing"

953

Completed Department-sponsored conservation course

RECREATION

Provide a diversity of fish and wildlife-based activities, opportunities, and access that allow hunting, fishing, trapping, viewing, consistent with the public trust.

196

Boating access areas managed

165,851

Anglers and hunters served

1,299

Toured Dead Creek Visitor Center

SAFETY

Maintain safe and lawful fish and wildlife-based activities to protect species and their habitats and to limit harmful human encounters.

9,587

Enforcement responses

1

Hunting-related accidents

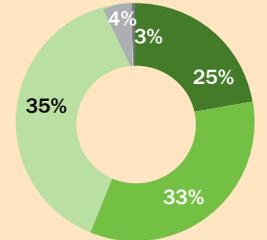

103

Rabies complaints managed

FY 2021

Budget: \$26,109,652

- \$6,496,512 General Funds
- \$8,668,133 Federal Funds
- \$9,100,152 Fish & Wildlife Funds
- \$669,737 Special Funds
- \$1,175,152 Inter-departmental Funds

Department/Program Description

The mission of the Vermont Department of Fish and Wildlife is the conservation of fish, wildlife, plants, and their habitats for the people of Vermont.

The fish, wildlife, and plant resources of Vermont are tremendous assets, which contribute to the State's high quality of life. A 2015 survey conducted by Responsive Management identified that 98% of Vermonters find it very important that native fish and wildlife populations are healthy even if they never view these species. The Department is responsible for the conservation of fish and wildlife in its broadest sense: 40 species of reptiles and amphibians, 91 species of fish, 252 species of birds, 58 species of mammals, more than 15,000 insect species, and important fish and wildlife habitats. To that end, native wildlife such as beaver, moose, fisher, wild turkey, common loon, bald eagle, osprey, and peregrine falcon have been successfully restored through Department efforts. The Fish and Wildlife Department has conserved and manages just under 130,000 acres of land for public use and as important habitat. In addition, the Department provides safe, high quality hunting, fishing, trapping, and wildlife viewing opportunities. Based on the 2011 U.S. Fish and Wildlife Service Survey Vermont ranks 2nd in the nation in participation in wildlife associated recreation (combination of hunting, fishing, and wildlife watching) with 62% of Vermonters participating and Vermonters and visitors spent an estimated \$744 million dollars on fishing, hunting, and wildlife viewing activities.

The Support & Field Services appropriation provides funding for the Department's core services. These core services include: conserving, restoring and enhancing fish and wildlife habitat, wetlands and natural communities; inventorying, monitoring and managing game species to ensure sustainable population levels are maintained; inventorying, monitoring, and managing non-game species and developing recovery initiatives for species that are threatened or endangered; promoting and providing a diversity of hunting and angling opportunities; promoting and facilitating land management planning and stewardship in Vermont; managing wildlife habitat on 99 Wildlife Management Areas, maintaining public access to water bodies on over 190 Access Areas, providing wildlife-based recreation opportunities; ensuring safe practices for those participating in fish and wildlife based recreational activities; maintaining full fish and wildlife response capabilities for citizens and agencies regarding threats to human life or safety; limiting the number of human injuries and fatalities that result from encounters with wildlife (i.e. moose and deer car collisions); ensuring the enforcement of fish and wildlife laws; informing and educating the public; and performing mission critical research. Also included in this appropriation is funding to support watershed education efforts and projects that protect, restore, or enhance Vermont's watershed resources.

Key Divisions within the Department are as follows:

The **Administration Division** provides policy, legal, planning, personnel, and financial management for the Department. It oversees the production, distribution, and sales of all hunting and fishing licenses and over fifteen types of other permits related to resource

protection. The division is also responsible for the management of \$7 to \$8 million annually in federal grant dollars, ensuring the funds are spent appropriately and that all reporting requirements are met.

The **Wildlife Division** is responsible for the conservation and management of all wildlife, plants, and their habitat throughout Vermont. Division staff are engaged in a variety of activities such as: conducting research in support of management actions and decisions; monitoring populations of rare, threatened and endangered plant and animal species; preparing harvest recommendations for wildlife species with open regulated hunting or trapping seasons; participating in the protection of critical wildlife habitat through regulatory processes such as Act 250; land acquisition and management of just under 130,000 acres on the Department's Wildlife Management Areas, monitoring wildlife diseases and the importation of wildlife into Vermont; and , technical assistance, planning and outreach to wildlife observers, landowners, hunters, school children, and natural resources professionals regarding wildlife in Vermont.

The **Fisheries Division** is responsible for the conservation and management of fish and all aquatic habitats throughout Vermont. Staff members are engaged in a wide variety of activities, including: monitoring populations of sport fish species, endangered species, and their habitats; cooperating in the research, management, and restoration of fish communities across the state; operating fish hatcheries that rear and stock trout, salmon, and walleye annually for recreational and restoration purposes; maintaining more than 190 developed fishing access areas and a variety of riparian lands that provide public access to waters of the state; monitoring fish health; regulating fish importation; preventing the spread of aquatic nuisance species; controlling sea lamprey in Lake Champlain; evaluating current and preparing new fishing harvest regulation recommendations for a variety of species; participating in the protection of aquatic species and critical aquatic habitat through regulatory processes, providing technical assistance; and preparing educational materials.

The **Law Enforcement Division** is an integral part of fish and wildlife conservation and management. Its primary duty is to enforce Vermont's fish and wildlife laws and regulations. Fish and wildlife species are held in the Public Trust and this division enforces laws related to the protection of these resources for the benefit of all Vermonters. The division provides a response to citizens' requests for Department assistance involving fish and wildlife resources including conflicts. The division also assists in search and rescue operations and provides many other additional law enforcement services to citizens and other law enforcement agencies.

The **Outreach Division** is responsible for informational and formal educational programs of the Fish and Wildlife Department. Programs are designed to improve the public's knowledge and appreciation of Vermont's fish and wildlife resources and their habitats as well as related laws, disease issues and management programs. Division staff supports the Department's mission by providing professional communications and education to residents and visitors alike. These efforts are a means to create awareness and achieve voluntary compliance with state laws, regulations and programs and encourage support for fish, wildlife and habitat conservation and protection programs. The division also manages Vermont's conservation camps and hunter education courses.

Goals/Objectives/Performance Measures

The Department utilizes various performance measures to understand the success of management actions. These performance measures range from the number of acres conserved to the number of fish and wildlife violations. The Department has focused on performance measures related to energy efficiency, habitat conservation, education, and law enforcement for results-based accountability reporting. The energy efficiency performance measures are related to the Department's fish culture program adopting and implementing renewable energy and energy efficiency projects, which have reduced the program's carbon footprint. The land and habitat program has a broad appeal to Vermonters through conserving ecosystems and landscapes, as well as providing public access for wildlife-based recreation. The land and habitat program is responsible for reviewing Section 248 and Act 250 development projects, completing land acquisitions, providing private lands technical assistance, overseeing habitat management on state lands, creating long-range management plans, and maintaining infrastructure on state lands. This program ensures that Vermont's ecosystems have high wildlife resource values and public access is maintained. The education metric focuses on the number of people participating in events that informs them about the state's unique fish and wildlife, natural communities, and sustainable recreational activities. The fourth and final metric identifies the volume of responses that Game Wardens make related to fish and wildlife issues, search and rescue, and assisting other law enforcement agencies.

The Department's annual performance-based budget document will highlight performance measures and trend data for: percentage of women hunters and anglers, meat harvested through hunting, conservation education and outreach programs, habitat conservation, threatened and endangered species recovery, wild trout restoration and law enforcement.

Key Budget Information - FY 2021

The Department's FY 2021 budget proposal is a 7% or \$1.7M increase over FY 2020 due mostly to an increase in land acquisition and restoration projects. The Department's budget is composed of several components: standard increases, expansion of the land and habitat program, Game Warden class request for reclassification, increased vacancies, offset of base costs from new funding, offset of base costs due to additional federal funds, and modest budget reductions.

The Department's FY 2021 budget proposal includes the standard budget increases that are seen across state government related to personal services and benefits, the internal service fund, and information technology. Personal service costs increased \$436,059, the internal service fund increased by \$202,355, and leases and IT costs increased by \$48,153.

The Department is expanding its land and habitat program through a partnership with the Department of Environmental Conservation (DEC). DEC will pass through funds to the Fish and Wildlife Department to acquire and restore wetlands in the Lake Champlain Basin as part of the clean water initiative. The Department has \$1,000,000 in land acquisitions planned through this initiative. In addition to this the Department is planning on another \$500,000 plus in acquisitions focused mostly on bear habitat.

A series of class request for reclassifications were submitted by the Game Warden force resulting in one to two paygrade increases for each job class. The total projected cost for this change is \$241,417.

The Department will budget additional vacancies in FY 2021 to balance the budget. The Department has budgeted \$477,794 for vacancy savings in fiscal year 2021, a \$198,117 increase over FY20. The budgeted vacancies will include 3.5 Game Warden positions and the equivalent of 16 months of vacancies among biological staff.

The Department obtained almost \$225,000 in new funding for base operations through three sources: 1.) Great Lakes Fishery Commission, 2.) MOU with the Department of Environmental Conservation, and 3.) a new EPA grant. The focus of the Great Lakes Fishery Commission funds is in the Lake Memphremagog basin, the MOU with DEC is for wetland acquisition and restoration work in the Lake Champlain basin, and the new EPA grant is for work on rare wetland plant species.

The Department was also able to leverage just over \$125,000 in additional federal funds by shifting job duties and requesting an updated federal calculation for a specific program.

The Department also proposes eliminating home phone payments to Game Wardens based on the collective bargaining agreement and reducing a sub-grant to Lake Champlain International from \$30,000 to \$15,000 annually.

Programmatic Performance Measure Report

Fish & Wildlife		Performance Measure Info				
Programs	Program Budget	Measure Name	Measure Type	Previous Period Value	Current Period Value	Reporting Period
PROGRAM #1 FISH						
Fish (Fish Culture) - Increasing recreational opportunities and boosting Vermont's tourist economy by providing stocked fish while minimizing cost, energy usage, and greenhouse gas emissions.	\$3,820,829	Greenhouse gas abated over time (mega tons of CO2)	How much	9,438	11,521	SFY
		Energy savings over time (million BTUs)	How much	178,078	217,387	SFY
		Financial savings over time (dollars)	How much	633,315	747,922	SFY
PROGRAM #2 WILDLIFE						
Wildlife (Land & Habitat) - Acres of significant wildlife habitat protected through land use regulations that provides benefits to Vermont's fish, wildlife, plants, and public benefits and interests associated with them. This has important economic and quality-of-life benefits to Vermonters, as well as ecosystem services such as water filtration and flood control.	\$6,796,015	Acres of habitat impacted by regulated development	How much	365	654	SFY
		Habitat conserved or otherwise positively influenced through department efforts in regulating development	How much	3,820	4,570	SFY
		Number of projects affecting significant wildlife habitat	How much	257	243	SFY
PROGRAM #3 OUTREACH AND EDUCATION						
Outreach and Education - Educating Vermonters about the state's unique wildlife, natural communities and related, sustainable recreational activities.	\$1,927,851	Number of people participating in a Department sponsored education programs and events	How many	N/A	13,974	SFY
PROGRAM #4 LAW ENFORCEMENT						
Law Enforcement - Providing front-line, primary response to wildlife problems (including public safety), questions and related law enforcement and assisting other agencies with critical incidents and emergencies, particularly in Vermont's more remote communities.	\$6,332,498	Number of biological, mutual assistance and enforcement calls requiring response.	How many	N/A	9,587	SFY
