

SECTION 10

CLEAN WATER

SEC. 10 APPROPRIATIONS: CLEAN WATER

The sum of \$26,050,000 is the total amount requested for fiscal years 2020 and 2021 for Clean Water.

The following requests are made for FY2020:

- A. Land Conservation and Water Quality Projects.....\$1,700,000

Part of VHCB's core funding, this allocation will be used for grants to eligible applicants (land trusts and other conservation non-profits, towns, certain state agencies) for conservation and water-quality related investments in fee lands and conservation easements. All grants will require perpetual conservation restrictions. Those with surface waters will include specific water quality-related easement provisions such as riparian buffers and wetlands protection zones.
