FY 2020 and FY 2021 funds requested to continue implementation of digital camera equipment and recording systems in all correctional facilities for enhanced security and inmate monitoring and to include additional cameras for compliance with the Prison Rape Elimination Act (PREA), 28 C.F.R. § 115.18. Continued improvements to the security and sanitary living conditions at correctional facilities are needed to ensure continued and improved safety for the public, staff, and inmates. Investments will include installation of security furnishings, improvements to multi-purpose rooms, recreation yard fences, and renovations for enhanced visibility and safety.
