Brattleboro Retreat Responds to State Need

- ➤ The state requested that the Retreat consider adding 12 additional Level One Beds
 - Expanded beds would be considered temporary
 - Would be designed with flexibility to allow for future repurposing
- Initial planning began in April 2018 that would require:
 - Relocation of three Brattleboro Retreat services, and the termination of a lease
 - A project plan with 3 distinct phases
 - A December, 2018 start date
 - A February/March 2020 completion date.
