Release to unapproved housing (808f)

Lack of housing shall not be the sole reason for the denial of furlough in cases involving an offender who has served the minimum sentence for a nonviolent misdemeanor or felony, provided DOC has determined that:

- a. Notwithstanding the absence of suitable housing, the release would be in the best interest of the offender; and
- b. The release of the offender will not pose an unreasonable risk to public safety

Release to unapproved housing (808f)

- In finding whether the release of an offender without suitable housing will be consistent with the maintenance of public safety, DOC may consider whether:
 - a. The offender has served at least his/her minimum sentence for a nonviolent misdemeanor or felony, and has completed, to the satisfaction of DOC, risk reduction programming as required by DOC policies;
 - b. The application of DOC's current validated risk assessment tool has resulted in an acceptable 'risk score';
 - c. The offender has been convicted of any additional offense while serving his or her current term of conviction;
 - d. The offender has been found to have committed any 'Major A' disciplinary violations while in custody of DOC; and
 - e. During his/her current term of incarceration, the offender has been found to have committed any other major or minor disciplinary violations which were specifically the result of violence against any person or property.
