3 Derby, Conlon of Cornwall, Cupoli of Rutland City, Elder of Starksboro,
4 Hooper of Randolph, James of Manchester, Mattos of Milton, Toof of St.
5 Albans Town, and Webb of Shelburne move that the report of the Committee
6 on Education be amended by striking out all after the enacting clause and
7 inserting in lieu thereof the following:

8 Sec. 1. ETHNIC AND SOCIAL EQUITY STANDARDS ADVISORY
9 WORKING GROUP

10 (a) Findings.

11 (1) In 1999, the Vermont Advisory Committee to the U.S. Commission
12 on Civil Rights published a report titled Racial Harassment in Vermont Public
13 Schools and described the state of racism in public schools. The Committee
14 held various hearings and received reports from stakeholders and concluded
15 that “racial harassment” appeared “pervasive in and around the State’s public
16 schools,” and observed that “the elimination of this harassment” was “not a
17 priority among school administrators, school boards, elected officials, and
18 State agencies charged with civil rights enforcement.”

19 (2) In 2003, the Commission released a follow-up report concluding
20 that, although some positive efforts had been made since the original report
21 was published, the problem persisted. One of the many problems highlighted

1 at that time was that some curriculum materials and lesson plans promoted
2 racial stereotypes. One of the conclusions was that there was a need for a bias-
3 free curriculum.

4 (3) In December 2017, the Act 54 report on Racial Disparities in State
5 Systems, issued by the Attorney General and Human Rights Commission Task
6 Force, was released. According to the report, education is one of the five State
7 systems in which racial disparities persist and need to be addressed. The
8 Attorney General and Human Rights Commission held three stakeholder
9 meetings and found “a surprising amount of coalescence around the most
10 important issues” and “the primary over-arching theme was that we will be
11 able to reduce racial disparities by changing the underlying culture of our state
12 with regard to race.” One of the main suggestions for accomplishing this was
13 to “teach children from an integrated curriculum that fairly represents both the
14 contributions of People of Color (as well as indigenous people, women, people
15 with disabilities, etc.), while fairly and accurately representing our history of
16 oppression of these groups.” The other suggestions were to educate State
17 employees about implicit bias, white privilege, white fragility, and white
18 supremacy and increase the representation of people of color in the State and
19 school labor forces by focusing on recruitment, hiring, and retention, as well as
20 promotion of people of color into positions of authority and responsibility on
21 boards and commissions.

1 (4) According to the U.S. Department of Justice report on hate crimes in
2 Vermont in 2017, 51 percent of hate crimes were based on a motivation
3 involving racial bias, 23 percent of hate crimes were based on a motivation
4 involving sexual orientation bias, 17 percent of hate crimes were based on a
5 motivation involving religious bias, and 9 percent of hate crimes were based on
6 a motivation involving disability bias.

7 (5) Hate symbols have in recent years appeared with disturbing
8 frequency at schools, in public spaces, places of worship, and places of
9 business.

10 (6) The harassment of marginalized groups, and the lack of
11 understanding of people in power about the magnitude of the systemic impacts
12 of harassment and bias, damage the whole community.

13 (b) Definitions. As used in this act:

14 (1) “Ethnic groups” means:
