

I attended the 1/22/2019 Guilford School Board meeting. It was clear at this meeting that a delay would cause some difficulties and hardships on the GCS. There was a staff member in attendance and concern by that staff member that the delay of one year probably would mean reduction in work force and program changes.

It was clear that a delay in the Unification deadline, from 7/1/2019 to 7/1/2020 would contribute to a difficult situation for Guilford.

Please be aware that actions sometimes carry unintended consequences.
