

Overview of Vermont Association of Special Education Administrators:

VCSEA is a statewide membership organization that has been active in educational leadership across Vermont for over 35 years. The organization supports Special Education Administrators and other education leaders, and works closely and collaboratively with Superintendents, Principals, the Vermont Agency of Education (AOE), family support organizations and many other state organizations to improve practice and outcomes for all children. It currently has over 140 members. VCSEA stays abreast of legislative issues at both the state and federal levels and collaborates with CASE (Council of Administrators of Special Educators, a subdivision of the Council for Exceptional Children) to broaden its perspective and inform VCSEA on the national level. VCSEA works to provide leadership, support, collegiality and mentoring to all those who teach and lead in education in Vermont.

Vision:

Leadership for the education of all children with a focus on children with disabilities.

Mission:

- Shape education policy to improve outcomes for all students.
- Impact the integrated education system such that best instructional practice and flexible use of resources are also reflected in finance policy.
- Maximize support to VCSEA's membership through provision of professional development and networking opportunities while promoting the positive aspects of special education administration.

What We Do:

VCSEA is a statewide membership organization that provides support and benefits to its members and leadership in the field of education through professional development; networking; information sharing/dissemination; legislative advocacy during the Vermont legislative session; participation with its national organization; and more.
