

STATEWIDE TELEHEALTH WORK GROUP & RESOURCES

VPQHC established the Vermont Statewide telehealth Workgroup in September 2019. The goal of the work group is to improve the access to, and quality of, healthcare for Vermonters through the expansion of telehealth in Vermont. The workgroup has representation from state entities, payers, as well as providers and provider organizations from across the continuum of care. Read more about the workgroup on our website.

Were you providing telehealth services prior to the COVID-19 pandemic?

Data collected from a poll distributed during VPQHC's Telehealth Q&A with commercial payer webinar hosted 4/7/2020 (n=75)

COVID-19 Response: VPQHC has partnered with Northeast Telehealth Resource Center (NETRC) and Bi-State Primary Care Association to connect providers to needed information and resources in order to successfully transition to telehealth.
