TO THE HOUSE OF REPRESENTATIVES:

The Committee on Judiciary to which was referred Senate Bill No. 219 entitled “An act relating to addressing racial bias and excessive use of force by law enforcement” respectfully reports that it has considered the same and recommends that the House propose to the Senate that the bill be amended by striking out all after the enacting clause and inserting in lieu thereof the following:

Sec. 1. LEGISLATIVE INTENT

(a) This act is a continuation of the General Assembly’s work over the past several years to create meaningful reforms to address systemic racism and disproportionate use of force by law enforcement. Such reforms include 2017 Act No. 54, an act relating to the Racial Disparities in the Criminal and Juvenile Justice System Advisory Panel; 2018 Act No. 9, an act relating to racial equity in State government; 2013 Act No. 180, an act relating to a statewide policy on the use of and training requirements for electronic control devices; and 2017 Act No. 56, an act relating to the professional regulation of law enforcement officers by the Vermont Criminal Justice Training Council.

The ongoing effort includes the work on S.338 (2020), an act relating to justice reinvestment, a data-driven approach to improve public safety, reduce criminal justice spending, and reinvest savings in strategies that can decrease crime and reduce recidivism. Additionally, several legislative committees continue to
study law enforcement policies, training standards, and discipline, including
work on updating a model policy for the use of body cameras. Therefore, this
act represents one step in the legislature’s ongoing effort to combat racial bias
and increase accountability in policing. The General Assembly is committed
to continually assessing the progress made by the State towards developing a
system of public safety that is effective, equitable, and maintains the public
trust, and continuing its work to achieve that goal.

(b) It is the intent of the General Assembly that law enforcement agencies
in Vermont use community policing strategies that develop collaborative
partnerships between law enforcement and communities, adopt policies and
practices that reflect a guardian mindset towards the citizens they serve, and
establish a culture of transparency and accountability to promote public safety
and foster public trust. To this end, it is the intent of the General Assembly
that law enforcement use de-escalation strategies first and foremost before
using force in every community-police interaction.

(c) It is the intent of the General Assembly that when the 2020 legislative
session reconvenes in August, the standing committees will take up the
following work:

(1) considering whether to require all Vermont law enforcement
agencies and constables to adopt the six pillars of 21st Century Policing as
developed by President Obama’s Task Force on 21st Century Policing:
(2) considering whether to require all Vermont law enforcement agencies and constables to be accredited through the Commission on Accreditation for Law Enforcement Agencies within the next five years;

(3) empowering Vermont’s Executive Director of Racial Equity to issue subpoenas, administer oaths and take the testimony of any person under oath, and require production of data, papers, and records in order to assist the Director in the performance of the duties set forth in 3 V.S.A. chapter 68;

(4) adding two FTE positions to include a data analyst and a policy analyst to the Agency of Administration to assist the Executive Director of Racial Equity in the performance of the duties set forth in 3 V.S.A. chapter 68;

(5) resituating the Criminal Justice Training Council to the jurisdiction of the Department of Public Safety;

(6) requiring body cameras for all law enforcement agencies;

(7) reforming qualified immunity for law enforcement;

(8) expanding the data law enforcement is required to collect to include data stemming from all law enforcement initiated interactions with civilians;

(9) evaluating whether to create a new crime that imposes criminal penalties on a law enforcement officer that, while acting in the officer’s capacity as law enforcement, uses a prohibited restraint that causes serious bodily injury or death to another person; and
considering recommendations that come forward through a process
of meaningful community engagement, particularly with impacted,
marginalized, and vulnerable communities.
