

1 Introduced by Committee on Health Care

2 Date:

3 Subject: Health; health insurance; individual mandate; preexisting conditions;
4 association health plans

5 Statement of purpose of bill as introduced: This bill proposes to implement
6 Vermont’s individual mandate to maintain health insurance coverage. It would
7 also codify in State law certain health insurance consumer protections,
8 including a ban on preexisting condition exclusions and a requirement to
9 provide coverage for dependents up to 26 years of age. The bill would require
10 looking through the structure of an association to provide health insurance
11 plans based on the size of each underlying employer. It would prohibit
12 licensed brokers from accepting payment for enrolling Vermont residents in
13 certain health expense-sharing arrangements and would require the Green
14 Mountain Care Board to quantify the impact of the Medicaid and Medicare
15 cost shifts and uncompensated care on health insurance premiums. The bill
16 would also direct the Agency of Human Services to develop strategies for
17 increasing the affordability of health insurance and to evaluate options for the
18 future of Vermont’s health insurance markets.

1 An act relating to health insurance and the individual mandate

2 It is hereby enacted by the General Assembly of the State of Vermont:

3 * * * Individual Mandate * * *

12 ~~the method set forth in 26 U.S.C. § 4980H(c)(2). An employer may continue~~
13 ~~to participate in the Exchange even if the employer's size grows beyond 100~~
14 ~~employees as long as the employer continuously makes qualified health benefit~~
15 ~~plans in the Vermont Health Benefit Exchange available to its employees.~~

16 (b)(1) To the extent permitted by the U.S. Department of Health and
17 Human Services, an individual may purchase a health benefit plan through the
18 Exchange website, through navigators, by telephone, or directly from a
19 registered carrier under contract with the Vermont Health Benefit Exchange, if

2 Benefit Exchange.

3 (2) To the extent permitted by the U.S. Department of Health and

7 with the Vermont Health Benefit Exchange.

8 (3) No person ~~may~~ shall provide a health benefit plan to an individual or
9 small employer unless the plan complies with the provisions of this subchapter.

10 (c) No person ~~may~~ shall provide a health benefit plan to an individual or
11 small employer unless such person is a registered carrier. The Commissioner
12 of Financial Regulation shall establish, by rule, the minimum financial,
13 marketing, service, and other requirements for registration. Such registration
14 shall be effective upon approval by the Commissioner of Financial Regulation
15 and shall remain in effect until revoked or suspended by the Commissioner of
16 Financial Regulation for cause or until withdrawn by the carrier. A carrier
17 may withdraw its registration upon at least six months' prior written notice to
18 the Commissioner of Financial Regulation. A registration filed with the
19 Commissioner of Financial Regulation shall be deemed to be approved unless
20 it is disapproved by the Commissioner of Financial Regulation within 30 days
21 of filing.

1 (d)(1) Guaranteed issue. A registered carrier shall guarantee acceptance of
2 all individuals, small employers, and employees of small employers, and each
3 dependent of such individuals and employees, for any health benefit plan

5 subscriber may owe to the carrier for coverage provided during the previous
6 plan year.

7 (2) Preexisting condition exclusions. A registered carrier shall not
8 exclude, restrict, or otherwise limit coverage under a health benefit plan for
9 any preexisting health condition.

17 described in subdivision (i) of this subdivision (A).

18 (B)(i) In the event that the federal government does not establish an
19 annual limitation on cost sharing for any plan year, the annual limitation on
20 cost sharing for self-only coverage for that year shall be the dollar limit for
21 self-only coverage in the preceding calendar year, increased by any percentage

1 by which the average per capita premium for health insurance coverage in
2 Vermont for the preceding calendar year exceeds the average per capita
3 premium for the year before that.

4 (ii) The annual limitation on cost-sharing for other than self-only
5 coverage for any year in which the federal government does not establish an
6 annual limitation on cost sharing shall be twice the dollar limit for self-only
7 coverage described in subdivision (i) of this subdivision (B).

8 (4) Ban on annual and lifetime limits. A health benefit plan shall not
9 establish any annual or lifetime limit on the dollar amount of essential health
10 benefits, as defined in Section 1302(b) of the Patient Protection and Affordable
11 Care Act of 2010, Pub. L. No. 111-148, as amended by the Health Care and

14 regardless of whether the services are provided in-network or out-of-network.

15 (5)(A) No cost sharing for preventive services. A health benefit plan
16 shall not impose any co-payment, coinsurance, or deductible requirements for:

17 (i) preventive services that have an “A” or “B” rating in the
18 current recommendations of the U.S. Preventive Services Task Force;

19 (ii) immunizations for routine use in children, adolescents, and
20 adults that have in effect a recommendation from the Advisory Committee on

8 subdivision (i) of this subdivision (5)(A), evidence-informed preventive care
9 and screenings set forth in binding comprehensive health plan coverage
10 guidelines supported by the federal Health Resources and Services
11 Administration.

12 (B) Subdivision (A) of this subdivision (5) shall apply to a high-
13 deductible health plan only to the extent that it would not disqualify the plan

18 (a) As used in this section, “association health plan” means a policy issued
19 to an association; to a trust; or to one or more trustees of a fund established,
20 created, or maintained for the benefit of the members of one or more

6 markets, to the extent permitted under federal law, including rules regarding
7 licensure, solvency and reserve requirements, and rating requirements. The
8 Department’s rules shall ensure that coverage issued to an association is rated
9 based on the size of its underlying member employers and not on the size of
10 the association group, such that individual members are issued individual
11 coverage, employers with 100 or fewer employees are issued small group
12 coverage, and employers with more than 100 employees are issued large group
13 coverage.

14 (c) The provisions of section 3661 of this title shall apply to association
15 health plans.

5 Sec. 9. HEALTH INSURANCE AFFORDABILITY; REPORT

6 (a) The Agency of Human Services, in consultation with interested
7 stakeholders, shall:

8 (1) develop a strategy for making health insurance affordable for all
9 Vermont residents, including younger Vermonters and Vermonters who are not
10 eligible for financial assistance, which shall include consideration of:

11 (A) the maximum percentage of an individual's or family's income
12 that the individual or family should be required to pay for health insurance
13 premiums;

14 (B) the impact of cost-sharing requirements, including deductibles,
15 co-payments, and coinsurance, on the total cost of care that is borne by
16 individuals with a chronic illness or condition; and

17 (C) how to link the cost of health insurance to an individual's or
18 family's income so that no individual or family pays more than the maximum
19 percentage identified in subdivision (A) of this subdivision (1);

20 (2) explore requiring individuals enrolled in the Medicaid program with
21 income between 100 and 138 percent of the federal poverty level to pay the

1 maximum co-payment amounts for their health care services as are allowed
2 under federal law and investing the State funds saved in assisting Vermonters
3 who have lower incomes with obtaining access to affordable health insurance
4 coverage;

5 (3) determine the estimated cost and appropriate mechanisms that would
6 be needed to ensure that all Vermont residents have access to primary care
7 services with out-of-pocket exposure that does not exceed \$10.00 per visit
8 without requiring prior satisfaction of any applicable deductible; and

9 (4) explore the potential for establishing a regional, publicly financed,
10 universal health care program in cooperation with other states, including
11 identifying the opportunities and challenges that would be presented by
12 partnering with other states to create such a program.

13 (b) On or before December 1, 2019, the Agency of Human Services shall
14 submit its findings, recommendations, strategies, and estimates to the House
15 Committees on Health Care, on Appropriations, and on Ways and Means; the
16 Senate Committees on Health and Welfare, on Appropriations, and on Finance;
17 the Joint Fiscal Committee; and the Health Reform Oversight Committee. The
18 Agency shall address any need for, and feasibility of, obtaining a federal
19 waiver of certain provisions of the Patient Protection and Affordable Care Act
20 of 2010, Pub. L. No. 111-148, as amended by the Health Care and Education

1 Reconciliation Act of 2010, Pub. L. No. 111-152, as permitted under Section
2 1332 of that Act.

10 uncompensated care on health insurance premium rates and any

12 address the Medicaid cost shift will have the intended result of reducing the
13 premiums imposed on commercial insurance premium payers below the
14 amount they otherwise would have been charged;

15 * * *

16 Sec. 11. PREMIUM ASSISTANCE EXPANSION; LEGISLATIVE INTENT

17 It is the intent of the General Assembly to use any revenue generated from
18 the penalty for failure to maintain minimum essential coverage, as established
19 in Sec. 1 of this act, to assist Vermonters who have lower incomes with
20 obtaining access to affordable health insurance coverage.
