

My name is Christine O'Neill, and I am a practicing physician assistant (PA) at the University of Vermont Medical Center.

I support H. 57 "Protect Vermont Women's Access to Reproductive Rights" because I believe the privacy of the patient-provider relationship is a bedrock right that must be protected.

Over my 30 years in healthcare I have worked in many clinical fields, including reproductive health. I can say with absolute certainty that any erosion of the sanctity of the patient-provider relationship will have a devastating impact on women's lives.

Please support H.57.

Sincerely,

Christine O'Neill, MMSc, PA-C
