

Dear Legislator,

I oppose the H57 for reason it is inhuman to support the killing of babies or anyone from any spectrum of life. Life is a precious gift from God and anyone who willfully destroys another life is committing *murder*. ***We need to Protect our reproductive Freedom, it is a fundamental right.***

P.S. I am strictly against H57.  
It destroys family, culture, society and our country.  
Those supporting it are badly in need of our prayers.  
Thanks for your help.
