

Good afternoon,

I wish that I could be at your hearing today but sadly I cannot. I wanted to register my opposition to H57 Abortion Bill.

I am a Vermont Christian. I believe that the fetus should have rights. We all know in our hearts that those are babies that are being aborted. No amount of word play can change the facts. How could it be that we have become people that are more caring to cats and dogs than babies?

I am opposed to the entire bill and pray for those making decisions that they consider carefully the future consequences of today.

Prayerfully,

Mary Ives

Londonderry Vt
