

I am writing in opposition to H 57. This bill can not be construed as anything other than blatant murder and infanticide. I am appalled that the state of Vermont is considering such a bill and it saddens me that the state where I was born and have lived and worked my entire life has deteriorated this far!

This is legalizing murder in our state so I suppose it would be fine to murder any human being, it is no different.

Please do not pass this murder bill!
