

Governor Phil Scott,

I am writing to ask that you not
Sign the H.57 bill to kill innocent babies.
Fight to save them not kill them.

You have children, could you kill your own grandchild?

If you sign this bill, you are saying OK to murder!

This is so sick, so depraved, so evil.

I voted for you, but I can promise non in my family Ever will again if you sign this bill into law.

I was born here, this state was once a state to be proud of it has fallen so far down and passing
this bill will finish it. I have a very hard time even comprehending this bill was even created.

Do not approve murder of babies, a human that is at your Mercy! Yet save animals, etc.

Thank you,

Sandra Garthaffner
