

I understand I can send you a statement with my thoughts on the H.57 Abortion Bill to be read by the committee at the hearing on Wednesday the 6th.

I am opposed to the H.57 Abortion Bill. Every human deserves equal rights, even the tiniest of persons. The way these abortions are performed are absolutely horrific, the poor tiny soul will suffer inscrutable pain. There is never a good reason to inflict this kind of torture. There is never a reason why a baby in the 3rd trimester should be killed, delivered, yes. But not killed. If the life or health of the mother is at stake, then the baby should be delivered and cared for.

I hope this note falls on listening ears. Thank you for your service.
