

Bruce, once again you hit the nail on the head with this. The founding Fathers would love to have you with them. The problem is these jackasses are not yet afraid of their voters. If we can vote just a few of them out I believe the others will get cold chills up their spineless spines.

No to H.610

You have forsaken-ed the oath that you took -

"You do solemnly swear (or affirm) that as a member of this Assembly, you will not propose, or assent to, any bill, vote or resolution, which shall appear to you injurious to the people, nor do nor consent to any act or thing whatever, that shall have a tendency to lessen or abridge their rights and privileges, as declared by the Constitution of this State; but will, in all things, conduct yourself as a faithful, honest Representative and guardian of the people, according to the best of your judgment and ability. Under the pains and penalties of perjury."

Vermonters are keenly aware of how you have interwoven the lobbyists interests in creating H.610. The Bloomberg Virus has infested the House Judiciary Committee especially Committee Chair Grad and Committee Ranking Member.LaLonde. Other members certainly have been exposed to the virus but to what extend?

After seven and maybe more different twist & turn versions of H.610, and despite repeated testimony that Section One of the bill on firearm dealer background checks is a needless state intrusion into the federal NICS background process and how the rest of the bill violates the "Due Process" rights of gun owners, the pursuit of enactment of H.610 still goes forward.

Sincerely your,

Maxine: I see the fools are at it again in trying to confiscate guns again from those who have been accused of abuse. No one that I know of likes or would tolerate spousal abuse but for you to think the state of Vermont could enforce such a law if passed are delirious in thinking so. I believe knives are used in murder more often than guns. What about other weapons that don't fire bullets? One of the sad truths we Vermonters have to contend with now is dealing with all the power hungry folks such as yourself who move here and want to tell us how to live our lives. That's it, straight from the heart.

I am writing to ask you to oppose House bill H610. This bill seeks to remove firearms from the homes of people that are accused of domestic abuse. This bill appears to have good intentions but fails to allow the victim any due process through the court system. Our current so-called red flag law has already shown that firearms can and will be seized simply because somebody said somebody was going to steal someone's firearm to shoot somebody. This bill also places much interest in what kind and how many firearms the defendant may own which seems to be collecting a database on firearms in VT. Also, there is no liability for mishandling of the firearms during confiscation and subsequent storage of them. This is absolutely unacceptable to treat private property with such little regard.

As far as the background check section goes, I see no possible way of enforcing the law requiring private citizens to have a background check performed at a licensed dealer so I see no reason to extend the waiting period for it either. There is currently a 3-day time limit to conduct a background check if there are concerns with a buyer. Thank you.

I keep seeing where you are pushing bill H.610 which to me makes no sense at all. All you are doing is taking a explosive fireball situation and throwing gasoline on it. There is no way this bill will stop any domestic violence within these borders but put more lives in danger or harm. There is no way this email that I condone domestic violence but I do think there are other avenues that can make this attainable. Seem that you have your blinders on like an old mule unwilling to see the world that is around you. I am offering help here and those blinders limit your view.

Here is a quote by Elbert Hubbard I want you to think about: The recipe for perpetual ignorance is; be satisfied with your opinions and content with your knowledge.

Father and voter which you represent.
