

Restrictions, Registration, Confiscation:

I would like to express my opposition to further restrictions on my Vermont gun rights. I was drafted by my country in 1965 and am now a decorated combat veteran. During that period my weapon was at my side 24/7 and when I returned I was proud of being a Vermonter for my freedom to enjoy my firearms at will. I feel I was willing to give my life for having freedoms like unrestricted gun use and was proud Vermont provided this freedom above other states. In review of the current House & Senate representatives I find very few who have grown up in Vermont experiencing hunting with family and firing a gun while dad taught you gun safety.

I realize a loud few, feel gun control will solve everything but they will find they are only restricting the rights of the majority Vermonters. Gun restrictions only make criminals of people who fought for the right to freely purchase and hold them.
Thanks you for your time.
