

Sec. 19. RACIAL DISPARITIES IN CRIMINAL JUSTICE SYSTEM STUDY AND RECCOMENDATIONS

(a) During the 2020 legislative interim, the Racial Disparities in the Criminal and Juvenile Justice System Advisory Panel, the Executive Director of Racial Equity, the Chief Superior Judge, the Attorney General, the Defender General, the Department of Corrections, and the Executive Director of the Department of State's Attorneys and Sheriffs shall work with Crime Research Group to identify existing data that explores the relationships between demographic factors and sentencing outcomes and determine whether and where current data systems and collections are insufficient for additional analyses and what staffing or resources are needed to support more robust reporting. Relevant data shall include plea agreements, sentence types and length, criminal history, offense severity, and any other metric that may further identify differences in how people are charged and sentenced by county, race, and gender. The stakeholders identified in this section shall also:

(1) perform an initial analysis of sentencing patterns across the State to identify where the use and length of incarceration may result in or exacerbate racial disparities, and make any related proposals for legislative action, including recommendations for further study;

(2) determine whether the Vermont Sentencing Commission should propose guidance for offenses for which there are racial and geographic disparities in sentencing;  
and

(3) jointly report their findings pursuant to this section and any associated recommendations pursuant to subdivisions (1) and (2) of this section to the Joint

Legislative Justice Oversight Committee on or before December 1, 2020. The report shall include any dissenting opinions among the stakeholders.

(b) On or before March 1, 2021, the Vermont Sentencing Commission shall, in the course of its criminal reclassification work, consider relevant findings and recommendations developed by the stakeholder group pursuant to subsection (a) of this section and, if it deems appropriate, issue guidance for offenses for which there are racial and geographic disparities in sentencing.
