Hello Mr. Bailey,

Here are some links to introduce Judge Jimmie Edwards to the Judiciary Committee members. They are brief. I found them very helpful in understanding his remarkable life and work.

First, this is a link to a trailer for the documentary, "For Akheem," about the school for at-risk youth that Judge Edwards created: <http://forakheemfilm.com/trailer/>. There is a brief description about the movie, as well.

This is a brief interview with Judge Edwards when he decided to give up his job as a judge and take up the job as Director of Public Safety for St. Louis: <https://www.stlmag.com/news/a-conversation-with-judge-jimmie-edwards-st-louis-new-public/>.

Here is a link to a Ted Talk where Judge Edwards is talking about the school he started for at-risk youth, called "Encouraging the Incurable": https://www.youtube.com/watch?v=sU6dm_U7aFk.

Here is a brief bio about Judge Edwards: <https://www.stlouis-mo.gov/government/departments/mayor/news/circuit-judge-jimmie-m-edwards-new-director-of-public-safety.cfm>. This is a better bio than the one we sent before.

Thanks,

Heather
