

1 Introduced by

2 Referred to Committee on

3 Date:

4 Subject: Conservation and development; land use; natural resources; Act 250

5 Statement of purpose of bill as introduced: This bill proposes to make  
6 revisions to the State land use law known as Act 250, including:

- 7 • Reorganizing the air and water pollution criteria.
- 8 • Amending the transportation, public investment, and energy conservation  
9 criteria.
- 10 • Amending the criteria to address ecosystem protection through protecting  
11 forest blocks and connecting habitat. The bill also would increase the  
12 program’s ability to protect ecosystems on ridgelines by reducing the  
13 elevation threshold from 2,500 to 2,000 feet.
- 14 • Requiring that, to be used in Act 250, local and regional plans must be  
15 approved as consistent with the statutory planning goals and clarifying that  
16 local and regional plan provisions apply to a project if they meet the same  
17 standard of specificity applicable to statutes.
- 18 • As part of a balancing of interests to support economic development in  
19 compact centers while promoting a rural countryside and protecting  
20 important natural resources, exempting designated downtowns and  
21 neighborhood development areas from Act 250 and increasing Act 250

- 1 jurisdiction at interstate interchanges and over new roads. Because the  
2 designation under 24 V.S.A. chapter 76A would affect jurisdiction, the bill  
3 provides for appeal of designation decisions.
- 4 • Clarifying the definition of “commercial purpose” so that it is not necessary  
5 to determine whether monies received are essential to sustain a project.
  - 6 • Increasing the per diem rate for District Commissioners and the Board to  
7 \$100.
  - 8 • Amending the permit process by giving the Natural Resources Board the  
9 power to issue major permits, in addition to the NRB’s current duties.
- 10 Appeals of Act 250 permits would go to the Supreme Court. The  
11 Environmental Division of the Superior Court would continue to hear other  
12 permit appeals and enforcement.
- 13 • Reaffirming the supervisory authority in environmental matters of the  
14 Board and District Commissions, in accordance with the original intent of  
15 Act 250 as determined by the Vermont Supreme Court.
  - 16 • Revising and clarifying the statutory authority on the use of other permits to  
17 demonstrate compliance with the criteria, including ensuring the reliability  
18 of those other permits.
  - 19 • Creating a process that would allow properties to be released from Act 250  
20 jurisdiction.

1 An act relating to changes to Act 250

2 It is hereby enacted by the General Assembly of the State of Vermont:

3 \* \* \* Revisions to Capability and Development Plan \* \* \*

4 Sec. 1. 1973 Acts and Resolves No. 85, Sec. 7(a)(20) is added to read:

5 (20) GREENHOUSE GAS EMISSIONS AND CLIMATE CHANGE

6 Climate change poses serious risks to human health and safety, functioning  
7 ecosystems that support a diversity of species and economic growth, and  
8 Vermont’s tourist, forestry, and agricultural industries. The primary driver of  
9 climate change in Vermont and elsewhere is the increase of atmospheric  
10 carbon dioxide from the burning of fossil fuels, which has a warming effect  
11 that is amplified because atmospheric water vapor, another greenhouse gas,  
12 increases as temperature rises. Vermont should minimize its emission of  
13 greenhouse gases and, because the climate is changing, ensure that the design  
14 and materials used in development enable projects to withstand an increase in  
15 extreme weather events and adapt to other changes in the weather and  
16 environment.

17 Sec. 2. 1973 Acts and Resolves No. 85, Sec. 7(a)(2) is amended to read:

18 (2) ECOSYSTEM PROTECTION AND UTILIZATION OF NATURAL

19 RESOURCES

20 (A) Healthy ecosystems clean water, purify air, maintain soil,  
21 regulate the climate, recycle nutrients, and provide food. They provide raw

1 materials and resources for medicines and other purposes. They are at the  
2 foundation of civilization and sustain the economy. These ecosystem services  
3 are the state’s natural capital.

4 (B) Biodiversity is the key indicator of an ecosystem’s health. A  
5 wide variety of species copes better with threats than a limited number of  
6 species in large populations.

7 (C) Products of the land and the stone and minerals under the land, as  
8 well as the beauty of our landscape are principal natural resources of the state.

9 (D) ~~Preservation~~ Protection of healthy ecosystems in Vermont,  
10 preservation of the agricultural and forest productivity of the land; and the  
11 economic viability of agricultural units, conservation of the recreational  
12 opportunity afforded by the state’s hills, forests, streams and lakes, wise use of  
13 the state’s non-renewable earth and mineral reserves, and protection of the  
14 beauty of the landscape are matters of public good. Uses which threaten or  
15 significantly inhibit these healthy ecosystems and the state’s natural and scenic  
16 resources should be permitted only when the public interest is clearly benefited  
17 thereby.

18 \* \* \* Revisions to State Land Use Law \* \* \*

19 Sec. 3. 10 V.S.A. chapter 151 is amended to read:

20 CHAPTER 151. STATE LAND USE AND DEVELOPMENT PLANS

21 Subchapter 1. General Provisions

1 or any municipality with land in the 2,000-foot radius, that municipal  
2 ordinances or bylaws applicable to properties around the interchange:

3 (I) Ensure that planned development patterns will maintain the  
4 safety and function of the interchange area for all road users, including  
5 nonmotorized, for example, by limiting curb cuts, and by sharing parking and  
6 access points and parcels will be interconnected to adjoining parcels wherever  
7 physically possible.

8 (II) Ensure that development will be undertaken in a way that  
9 preserves scenic characteristics both at and beyond the project site. This shall  
10 include a determination that site and building design fit the context of the area.

11 (III) Ensure that development does not destroy or compromise  
12 necessary wildlife habitat or endangered species.

13 (IV) Ensure that uses allowed in the area will not impose a  
14 burden on the financial capacity of a town or the State.

15 (V) Ensure that allowed uses be of a type, scale, and design that  
16 complement rather than compete with uses that exist in designated downtowns,  
17 village centers, growth centers, or other regional growth areas. Principle retail  
18 should be discouraged or prohibited in highway interchange areas.

19 (VI) Ensure that development in this area not establish or  
20 contribute to a pattern of strip development. Where strip development already

1 exists, development in this area must be infill that minimizes the characteristics  
2 of strip development.

3 (VII) Require site design to use space efficiently by siting  
4 buildings close together; minimizing paved services; locating parking to  
5 consider aesthetics, neighborhoods, and new corridors; and minimizing the use  
6 of one-story buildings.

7 (VIII) Require the permitted uses, patterns of development, and  
8 aesthetics of development in these areas to conform with the regional plan and  
9 be consistent with the goals of 24 V.S.A. § 4302.

10 (xii) The construction of a road or roads and any associated  
11 driveways to provide access to or within a tract of land of more than one acre  
12 owned or controlled by a person. For the purposes of determining jurisdiction  
13 under this subdivision, any parcel of land that will be provided access by the  
14 road and associated driveways is land involved in the construction of the road.  
15 Jurisdiction under this subdivision shall not apply unless the length of road and  
16 any associated driveways, in combination, is greater than 2,000 feet. For the  
17 purpose of determining the length of any road and associated driveways, the  
18 length of all other roads and driveways within the tract of land constructed

13 ~~application fee was paid previously in accordance with subdivisions (a)(1)~~  
14 ~~through (4) of this section, the Chair may waive all or part of the fee for a new~~  
15 ~~or revised project if the Chair finds that the impacts of the project have been~~  
16 ~~reviewed in an applicable master permit application, or that the project is not~~  
17 ~~significantly altered from a project previously reviewed, or that there will be~~  
18 ~~substantial savings in the review process due to the scope of review of the~~  
19 ~~previous applications.~~

20 (1) In reviewing this petition, the District Commission shall consider the  
21 following:

2           a previous permit;

3           (B) Whether the project is being reviewed as a major application,  
4           minor application, or administrative amendment;

5           (C) Whether the applicant relies on any presumptions permitted  
6           under subsection 6086(d) of this title and has, at the time of the permit  
7           application, already obtained the permits necessary to trigger such  
8           presumptions. If a presumption is rebutted, the District Commission may  
9           require the applicant to pay the previously waived fee.

10           (D) Whether the applicant has engaged in any preapplication  
11           planning that will result in a decrease in the amount of time the District  
12           Commission will have to consider the application.

14           any application for a fee waiver. The written decision shall address each of the  
15           factors in subdivision (1) of this subsection.

16           (3) If the classification of an application is changed from an

21           payment of a supplemental fee in the event that an application understated a

1 project's construction costs. Failure to file a certification or to pay a  
2 supplemental fee shall be grounds for permit revocation.

5 municipality; and the solid waste management district in which the land is  
6 located, if the development or subdivision constitutes a facility pursuant to  
7 subdivision 6602(10) of this title;

8 (D) any State agency affected by the proposed project;

9 (E) any adjoining property owner or other person who has a

12 (2) Content of petitions. All persons seeking to participate in  
13 proceedings before the ~~District Commission~~ Board as parties pursuant to  
14 subdivision (c)(1)(E) of this section must petition for party status. Any  
15 petition for party status may be made orally or in writing to the ~~District~~  
16 ~~Commission~~ Board. All petitions must include:

17 (A) A detailed statement of the petitioner's interest under the relevant  
18 criteria of the proceeding, including, if known, whether the petitioner's  
19 position is in support of or in opposition to the relief sought by the permit  
20 applicant, or petitioner.

1 (B) In the case of an organization, a description of the organization,  
2 its purposes, and the nature of its membership.

3 (C) A statement of the reasons the petitioner believes the ~~District~~

14 (c)(1)(E) of this section must be made at or prior to an initial prehearing  
15 conference held pursuant to Board rule or at the commencement of the hearing,  
16 whichever shall occur first, unless the ~~District Commission~~ Board directs  
17 otherwise. The ~~District Commission~~ Board may grant an untimely petition if it  
18 finds that the petitioner has demonstrated good cause for failure to request  
19 party status in a timely fashion, and that the late appearance will not unfairly  
20 delay the proceedings or place an unfair burden on the parties.

1           (4) Conditions. Where a person has been granted party status pursuant  
2 to subdivision (c)(1)(E) of this section, the ~~District Commission Board~~ shall  
3 restrict the person’s participation to only those issues in which the person has  
4 demonstrated an interest, and may encourage the person to join with other  
5 persons with respect to representation, presentation of evidence, or other  
6 matters in the interest of promoting judicial efficiency.

7           (5) Friends of the ~~Commission Board~~. The ~~District Commission Board~~,  
8 on its own motion or by petition, may allow nonparties to participate in any of  
9 its proceedings, without being accorded party status. Participation may be  
10 limited to the filing of memoranda, proposed findings of fact and conclusions  
11 of law, and argument on legal issues. However, if approved by the ~~District~~  
12 ~~Commission Board~~, participation may be expanded to include the provision of  
13 testimony, the filing of evidence, or the cross examination of witnesses. A  
14 petition for leave to participate as a friend of the ~~Commission Board~~ shall  
15 identify the interest of the petitioner and the desired scope of participation and  
16 shall state the reasons why the participation of the petitioner will be beneficial  
17 to the ~~District Commission Board~~. Except where all parties consent or as  
18 otherwise ordered by the ~~District Commission~~ or by the Chair of the ~~District~~  
19 ~~Commission Board~~, all friends of the ~~Commission Board~~ shall file their  
20 memoranda, testimony, or evidence within the times allowed the parties.

1           (6) Reexamination of party status. ~~A District Commission~~ The Board  
2           shall reexamine party status determinations before the close of hearings and  
3           state the results of that reexamination in the ~~District Commission~~ Board  
4           decision. In the reexamination of party status coming before the close of  
5           ~~District Commission~~ hearings, persons having attained party status up to that  
6           point in the proceedings shall be presumed to retain party status. However, on  
7           motion of a party, or on its own motion, ~~a Commission~~ the Board shall  
8           consider the extent to which parties continue to qualify for party status.  
9           Determinations made before the close of ~~District Commission~~ hearings shall  
10          supersede any preliminary determinations of party status.

11          (d) If no hearing has been requested or ordered within the prescribed period  
12          no hearing need be held by the ~~District Commission~~ Board. In such an event a  
13          permit shall be granted or denied within 60 days of receipt; otherwise, it shall  
14          be deemed approved and a permit shall be issued.

15          (e) The Natural Resources Board and any District Commission, acting  
16          through one or more duly authorized representatives at any prehearing  
17          conference or at any other times deemed appropriate by the Natural Resources  
18          Board or by the District Commission, shall promote expeditious, informal, and  
19          nonadversarial resolution of issues, require the timely exchange of information  
20          concerning the application, and encourage participants to settle differences.  
21          No District Commissioner who is participating as a ~~decisionmaker~~ decision

1 maker in a particular case may act as a duly authorized representative for the  
2 purposes of this subsection. These efforts at dispute resolution shall not affect  
3 the burden of proof on issues before a Commission or the ~~Environmental~~  
4 ~~Division~~ Board, nor shall they affect the requirement that a permit may be  
5 issued only after the issuance of affirmative findings under the criteria  
6 established in section 6086 of this title.

7 (f) A hearing shall not be closed until a Commission provides an  
8 opportunity to all parties to respond to the last permit or evidence submitted.  
9 Once a hearing has been closed, a Commission shall conclude deliberations as  
10 soon as is reasonably practicable. A decision of a Commission shall be issued  
11 within 20 days of the completion of deliberations.

18 emitted by the development or subdivision, if any; the proximity of the  
19 emission source to residences, population centers, and other sensitive  
20 receptors; and emission dispersion characteristics at or near the source.

3           the emission, if any, of air contaminants by the development or subdivision  
4           will meet any applicable requirement under the Clean Air Act, 42 U.S.C.  
5           chapter 85, and the air pollution control regulations of the Department of

12          streams for disposal of effluents; and the applicable Health and Environmental  
13          Conservation Department regulations.

5                     (A) The Board or District Commission shall require conformance  
6                     with the future land use maps contained in the local and regional plans and  
7                     with the written provisions of those plans.

8                     (B) The Board or District Commission shall decline to apply a  
9                     provision of a local or regional plan only if it is persuaded that the provision  
10                    does not afford a person of ordinary intelligence with a reasonable opportunity  
11                    to understand what the provision directs, requires, or proscribes.

12                    (C) If the Board or District Commission finds applicable provisions  
13                    of the town plan to be ambiguous, the Board or District Commission, for

11 Title 24 may be applied whether or not a local plan has been adopted. General  
12 requirements and conditions may be established by rule of the Natural  
13 Resources Board.

14 (2) Permit conditions on a forest-based enterprise.

15 (A) A permit condition that sets hours of operation for a forest-based  
16 enterprise shall only be imposed to mitigate an impact under subdivision  
17 (a)(1), (5), or (8) of this section.

18 (B) Unless an impact under subdivision (a)(1) or (5) of this section  
19 would result, a permit issued to a forest-based enterprise shall allow the  
20 enterprise to ship and receive forest products outside regular hours of  
21 operation. These permits shall allow for delivery from the forestry operation to

1 the enterprise on nights, weekends, and holidays for a minimum of 60 days per  
2 year.

3 (C) In making a determination under this subdivision (2) as to  
4 whether an impact exists, the Board or District Commission shall consider the  
5 benefits to forests, the forest resources resulting from the forest-based  
6 enterprise, and the impact of the permit condition on the forest-based  
7 enterprise. Conditions shall impose the minimum restriction necessary to  
8 address the undue adverse impact.

9 (3) Permit conditions on the delivery of wood heat fuels. A permit  
10 issued to a forest-based enterprise that produces wood chips, pellets, cord  
11 wood, or other fuel wood used for heat shall allow shipment of that fuel wood  
12 from the enterprise to the end user outside regular hours of operation, including  
13 nights, weekends, and holidays from October 1 through April 30 of each year.

15 amendment to existing permit conditions related to hours of operation and  
16 seasonal restrictions to be consistent with subdivisions (2) and (3) of this  
17 subsection. Requests for condition amendments under this subsection shall not  
18 be subject to Act 250 Rule 34E.

19 (d) Other permits and approvals; presumptions. The Natural Resources

2 respect to subdivisions (a)(1) through (7) and (9) and (10) of this section, or a  
3 combination of such permits or approvals, in lieu of evidence by the applicant.  
4 ~~A District Commission, in accordance with rules adopted by the Board, shall~~  
5 ~~accept determinations issued by a development review board under the~~  
6 ~~provisions of 24 V.S.A. § 4420, with respect to local Act 250 review of~~  
7 ~~municipal impacts. The acceptance of such approval, positive determinations,~~  
8 ~~permit, or permits shall create a presumption that the application is not~~  
9 ~~detrimental to the public health and welfare with respect to the specific~~  
10 ~~requirement for which it is accepted. In the case of approvals and permits~~  
11 ~~issued by the Agency of Natural Resources, technical determinations of the~~  
12 ~~Agency shall be accorded substantial deference by the Commissions. The~~  
13 ~~acceptance of negative determinations issued by a development review board~~  
14 ~~under the provisions of 24 V.S.A. § 4420, with respect to local Act 250 review~~  
15 ~~of municipal impacts shall create a presumption that the application is~~  
16 ~~detrimental to the public health and welfare with respect to the specific~~  
17 ~~requirement for which it is accepted. Any determinations, positive or negative,~~  
18 ~~under the provisions of 24 V.S.A. § 4420 shall create presumptions only to the~~  
19 ~~extent that the impacts under the criteria are limited to the municipality issuing~~  
20 ~~the decision.~~ Such a rule may be revoked or amended pursuant to the

1 procedures set forth in ~~3 V.S.A., chapter 25~~, the Vermont Administrative  
2 Procedure Act.

3 (1) The rules adopted by the Board shall not approve the acceptance of a  
4 permit or approval of such an agency or a permit of a municipal government  
5 unless it satisfies the appropriate requirements of subsection (a) of this section.

6 (2) A presumption created under this subsection may be rebutted by the  
7 introduction of evidence contrary to the presumed fact.

8 (3) The Board or District Commission, in accordance with rules adopted  
9 by the Board, shall accept determinations issued by a development review  
10 board under the provisions of 24 V.S.A. § 4420, with respect to local review of  
11 municipal impacts under criteria of this section. The acceptance of such a  
12 determination, if positive, shall create a presumption that the application is not  
13 detrimental to the public health and welfare with respect to the specific  
14 requirement for which it is accepted and, if negative, shall create a  
15 presumption that the application is so detrimental. Any determinations,  
16 positive or negative, under the provisions of 24 V.S.A. § 4420 shall create  
17 presumptions only to the extent that the impacts under the criteria are limited  
18 to the municipality issuing the decision. If a municipality fails to respond to a  
19 request by the applicant within 90 days as to the impacts related to subdivision  
20 (a)(6) or (7), the application will be presumed not to have an unreasonable  
21 burden on educational, municipal, or governmental services.

16 applicant with respect to subdivisions 6086(a)(1) through (10) of this title.

17 (b) The burden of persuasion, to show that the application meets the  
18 relevant standard, shall be on the applicant with respect to subdivisions  
19 6086(a)(1), (2), (3), (4), (8)(A) through (C), (9), and (10) of this title.

3           and the obligation to obtain amendments to the permit, on finding each of the  
4           following:

5                   (A) The use of the land as of the date of the application is not the  
6                   same as the use of the land that caused the obligation to obtain a permit under  
7                   this chapter or the municipality where the land is located has adopted  
8                   permanent zoning and subdivision bylaws, but had not when the permit was  
9                   issued.

10                   (B) The use of the land as of the date of the application does not  
11                   constitute development or subdivision as defined in section 6001 of this title  
12                   and would not require a permit or permit amendment but for the fact that the  
13                   land is already subject to a permit under this chapter.

14                   (C) The permittee or permittees are in compliance with the permit  
15                   and their obligations under this chapter.

16           (2) It shall be a condition of each affirmative decision under this  
17           subsection that a subsequent proposal of a development or subdivision on the  
18           land to which the decision applies shall be subject to this chapter as if the land  
19           had never previously received a permit under the chapter.

20           (3) An application for a decision under this subsection shall be made on  
21           a form prescribed by the Board. The form shall require evidence

1 demonstrating that the application complies with subdivisions (1)(A)  
2 through (C) of this subsection. The application shall be processed in the  
3 manner described in section 6084 of this title and may be treated as a minor  
4 application under that section. In determining whether to treat as minor an  
5 application under this subsection, the District Commission shall apply the  
6 criteria of this subsection and not of subsection 6086(a) of this title.

15 § 6094. ASSESSMENT OF COSTS

16 (a)(1) The Board may authorize itself or the Agency of Agriculture, Food  
17 and Markets, the Agency of Commerce and Community Development, the

4 Governor; and

5 (B) after notice to the applicant, including an estimate of the duration  
6 and costs of the personnel and services.

7 (2) The Agency retaining the additional personnel shall fix the amount

14 Transportation shall have the authority to bill the applicant for the costs of  
15 participating in any major proceeding before the Board, including the costs of

18 the applicant, including an estimate of the costs of the personnel or services.

19 (4) From time to time, the Board or Agency charging an applicant for  
20 personnel of services under this section shall provide the applicant with  
21 detailed statements showing the amount of money expended or contracted for

1 in the work of such personnel and services. All funds collected from  
2 applicants under this section shall be paid directly to the Board, Agency, or  
3 Department.

4 (5) The Board shall, upon petition of an applicant to which costs are  
5 allocated, review and determine, after opportunity for hearing, the  
6 reasonableness of such costs. The Board shall consider the size and  
7 complexity of the project and may revise such cost allocations if determined  
8 unreasonable.

9 (6) Nothing in this section shall confer authority on the Board to select  
10 or hire the personnel unless such personnel are retained by the Board.

11 (b) Prior to allocating costs, the Board shall make a determination of the  
12 purpose and use of the funds, identify the recipient of the funds, provide for  
13 allocation of costs to the applicant, indicate an estimated duration of the  
14 retention of personnel whose costs are being allocated, and estimate the total  
15 costs to be imposed. With the approval of the Board, such estimates may be  
16 revised as necessary.

8           Commission proceedings. In addition, the person may only appeal those issues  
9           under the criteria with respect to which the person was granted party status.  
10          However, notwithstanding these limitations, an aggrieved person may appeal  
11          an act or decision of the District Commission if the Environmental judge  
12          determines that:

13               (A) there was a procedural defect that prevented the person from  
14               obtaining party status or participating in the proceeding;

15               (B) the decision being appealed is the grant or denial of party status;

19          (2) Participation before the Secretary.

20               (A) An aggrieved person shall not appeal an act or decision of the  
21               Secretary unless the person submitted to the Secretary a written comment

4 ~~(i)~~(A) To be sufficient for the purpose of appeal, a comment to the  
5 Secretary shall identify each reasonably ascertainable issue with enough  
6 particularity so that a meaningful response can be provided.

7 ~~(ii)~~(B) The appellant shall identify each comment that the  
8 appellant submitted to the Secretary that identifies or relates to an issue raised  
9 in his or her appeal.

10 ~~(iii)~~(C) A person moving to dismiss an appeal or an issue raised  
11 by an appeal pursuant to this subdivision ~~(A)~~(1) shall have the burden to prove  
12 that the requirements of this subdivision ~~(A)~~(1) are not satisfied.

13 ~~(B)~~(2) Notwithstanding the limitations of subdivision ~~(2)~~(A) (1) of  
14 this subsection, an aggrieved person may appeal an act or decision of the  
15 Secretary if the Environmental judge determines that:

16 ~~(i)~~(A) there was a procedural defect that prevented the person  
17 from commenting during the comment period or at the public meeting or  
18 otherwise participating in the proceeding;

19 ~~(ii)~~(B) the Secretary did not conduct a comment period and did not  
20 hold a public meeting;

1            ~~(iii)(C)~~ the person demonstrates that an issue was not reasonably  
2 ascertainable during the review of an application or other request that led to the  
3 Secretary’s act or decision; or

4            ~~(iv)(D)~~ some other condition exists which would result in manifest  
5 injustice if the person’s right to appeal was disallowed.

6            ~~(e) Act 250 jurisdictional determinations by a district coordinator.~~

7            ~~(1) The appellant shall provide notice of the filing of an appeal to each  
8 person entitled to notice under subdivisions 6085(c)(1)(A) through (D) of this  
9 title, to each person on an approved subdivision 6085(c)(1)(E) list, and to the  
10 Natural Resources Board.~~

11            ~~(2) Failure to appeal within the time required under subsection (a) of this  
12 section shall render the decision of the district coordinator under subsection  
13 6007(e) of this title the final determination regarding jurisdiction under chapter  
14 151 of this title unless the underlying jurisdictional opinion was not properly  
15 served on persons listed in subdivisions 6085(c)(1)(A) through (D) of this title  
16 and on persons on a subdivision 6085(c)(1)(E) list approved under subsection  
17 6007(e) of this title.~~

18            ~~(f) Stays.~~

19            ~~(1) The filing of an appeal shall automatically stay the act or decision in  
20 the following situations:~~

1 (A) acts or decisions involving stream alteration permits or shoreline  
2 encroachment permits issued by the Secretary;

3 (B) the denial of interested person status by a board of adjustment,  
4 planning commission, or development review board.

5 (2) Upon petition by a party or upon its own motion for a stay of an act  
6 or decision, the Environmental Division shall perform the initial review of the  
7 request and may grant a stay. Any decision under this subsection to issue a stay  
8 shall be subject to appeal to the Supreme Court according to the Rules of  
9 Appellate Procedure.

10 ~~(g)~~(f) Consolidated appeals. The Environmental Division may consolidate  
11 or coordinate different appeals where those appeals all relate to the same  
12 project.

13 ~~(h)~~(g) De novo hearing. The Environmental Division, applying the  
14 substantive standards that were applicable before the tribunal appealed from,  
15 shall hold a de novo hearing on those issues which have been appealed, except  
16 in the case of:

17 (1) a decision being appealed on the record pursuant to 24 V.S.A.  
18 chapter 117;

19 (2) a decision of the Commissioner of Forests, Parks and Recreation  
20 under section 2625 of this title being appealed on the record, in which case the

1 court shall affirm the decision, unless it finds that the Commissioner did not  
2 have reasonable grounds on which to base the decision.

3 ~~(i) Deference to Agency technical determinations. In the~~  
4 ~~adjudication of appeals relating to land use permits under chapter 151 of this~~  
5 ~~title, technical determinations of the Secretary shall be accorded the same~~  
6 ~~deference as they are accorded by a District Commission under subsection~~  
7 ~~6086(d) of this title.~~

8 ~~(j)(h)~~ Appeals of authorizations or coverage under a general permit. Any  
9 appeal of an authorization or coverage under the terms of a general permit shall  
10 be limited in scope to whether the permitted activity complies with the terms  
11 and conditions of the general permit.

12 ~~(k)(i)~~ Limitations on appeals. Notwithstanding any other provision of this  
13 section:

14 ~~(1) there shall be no appeal from a District Commission decision when~~  
15 ~~the Commission has issued a permit and no hearing was requested or held, or~~  
16 ~~no motion to alter was filed following the issuance of an administrative~~  
17 ~~amendment;~~

18 ~~(2)~~ a municipal decision regarding whether a particular application  
19 qualifies for a recorded hearing under 24 V.S.A. § 4471(b) shall not be subject  
20 to appeal;

1           ~~(3)~~ if a District Commission issues a partial decision under subsection  
2           6086(b) of this title, any appeal of that decision must be taken within 30 days  
3           of the date of that decision.

4           ~~(4)(j)~~ Representation. The Secretary may represent the Agency of Natural  
5           Resources in all appeals under this section. ~~The Chair of the Natural~~  
6           ~~Resources Board may represent the Board in any appeal under this section,~~  
7           ~~unless the Board directs otherwise. If more than one State agency, other than~~  
8           ~~the Board, either appeals or seeks to intervene in an appeal under this section,~~  
9           only the Attorney General may represent the interests of those agencies of the  
10          State in the appeal.

11          ~~(m)(k)~~ Precedent. Prior decisions of the Environmental Board, Water  
12          Resources Board, and Waste Facilities Panel shall be given the same weight  
13          and consideration as prior decisions of the Environmental Division.

14          ~~(n)(l)~~ Intervention. Any person may intervene in a pending appeal if that  
15          person:

16               (1) appeared as a party in the action appealed from and retained party  
17          status;

18               (2) is a party by right;

4 pursuant to 3 V.S.A. chapter 25 that designate highest priority river corridors  
5 and establish requirements for the issuance and enforcement of permits  
6 applicable to uses located in highest priority river corridors. Highest priority  
7 river corridors are those that provide or have the potential to provide critical  
8 floodwater storage or flood energy dissipation thereby protecting adjacent and  
9 downstream lands and property that are highly vulnerable to flood-related  
10 inundation and erosion.

11                    (3) The Secretary shall not adopt rules under this subsection that  
12 regulate agricultural activities without the consent of the Secretary of  
13 Agriculture, Food and Markets, provided that the Secretary of Agriculture,
