Subject: [External] S.29/H.99

Please pass S.29/H.99 with original wording as introduced. This critical bill would prohibit the trade in Vermont (which is currently shockingly perfectly legal!) in animal parts from 14 of the most highly trafficked animals on the planet including cheetah, elephant, giraffe, hippopotamus, jaguar, leopard, lion, pangolin, ray, rhinoceros, sea turtle, shark, tiger, and whale (and mammoth and mastodon given the enormous amount of ivory that is poached and then fraudulently labeled mammoth and mastodon).

Sincerely yours,

Wendy Wilson
