Honorable Kitty Toll, Chair, House Committee on Appropriations Vermont State House 115 State Street Montpelier, VT 05633-5301

Dear Chair Toll and members of the House Appropriations Committee:

Act 51 of 2019 (H.514) – An act relating to miscellaneous tax provisions – changed Vermont's corporate income tax apportionment methodology from Cost of Performance to Market-Based Sourcing (section 8). JFO's fiscal note estimated the revenue potential in FY20 would be ~\$135,000 and in subsequent years over \$800,000.

The effective date, in section 41(3), reads: "Sec. 8 (market-based sourcing) shall take effect on January 1, 2020, and apply to tax years starting after that date." We would propose to change the language to read: "Sec. 8 (market-based sourcing) shall take effect on January 1, 2020, and apply to tax years starting <u>on or</u> after that date."

The original language omits calendar year 2020 which was unintentional.

Is it possible to include this revision in the FY20 BAA? I and/or Commissioner Greshin would be happy to testify in House Appropriations regarding this request.

Sincerely,

Colio

Craig Bolio Commissioner, Department of Taxes
