

1        The Department of Public Service (Department), in consultation with the  
2        Public Utility Commission (Commission), shall evaluate the feasibility of  
3        using billback mechanisms to recover the costs related with reviewing  
4        applications for in-state facilities under section 248 of this title for projects that  
5        produce 5 MW or more of electricity. The Department and the Commission  
6        shall, on or before the third Tuesday of the following legislative session,  
7        submit electronically a report to the House Committee on Ways and Means  
8        and to the House Committee on Energy and Technology with their findings.
