To Whom It May Concern,

It has been my observation over the past year here at Newport NEKCA - PCC, how important it is to continue with the programs here for our participants. Our participants have gained much needed services, schooling, support and direction through these programs.

Having a Reach - Up case manager on site here at NEKCA - PCC has been very useful and convenient for the Parent Child Center participants.

Thank You!

Sincerely,

Faye MacFarlane

Newport NEKCA – PCC Administrative Staff Assistant
