

Dear Senator Lyons:

On behalf of Vermont's Free Clinic programs, I write to request an addition to H.528, as follows:

In Section 1 (b), by adding: "(11) one representative of Vermont's free clinic programs, selected by the Vermont Coalition of Clinics for the Uninsured."

We are not in the Statehouse regularly and only became aware of the bill after it was on the floor of the House. I would be happy to present testimony if that would be helpful or necessary.

Thank you for your consideration.

Steve
