PROPOSED AMENDMENT TO H.960 from UNAP

	Sec. 5. BRATTLEBORO RETREAT; CONDITIONS OF STATE FUNDING
1 2	(a) Findings.(1) In recognition of the significant need within Vermont's
3	health care system for inpatient psychiatric capacity, the General Assembly has
4	made significant investments in capital funds and in rate adjustments to assist
5	the Brattleboro Retreat in its financial sustainability. The General Assembly
6	has a significant interest in the quality of care provided at the Brattleboro
7	Retreat, which provides 100 percent of the State's inpatient psychiatric care for
8	children and youth, and more than half of the adult inpatient care, of which
9	approximately 50 percent is paid for with State funding.
10	(2) The General Assembly recognizes that the ability of staff to provide quality care is closely tied to staff feeling valued by management. Numerous reports of labor unrest at the Brattleboro Retreat raise concerns about the impact that labor relations may have on patient care at the Retreat. The General Assembly has an interest in ensuring that the working environment at the Brattleboro Retreat support quality patient care.
