The E-911 Board shall adopt a rule establishing protocols for the E-911 Board to obtain or be apprised of, in a timely manner, system outages applicable to wireless service providers, providers of facilities-based, fixed voice service that is not line-powered and to electric companies for the purpose of enabling the E-911 Board to assess 911 service availability during such outages. An outage for purposes of this section includes any loss of E-911 calling capacity, whether caused by lack of function of the telecommunications subscriber's backup-power equipment, lack of function within a telecommunications provider's system, or an outage in the electric power system.
