TO: General Assembly

FROM: Beth Fastiggi, Commissioner Department of Human Resources *BF*

DATE: January 15, 2019

SUBJECT: Temporary Employee Report – Calendar Year 2018

The enclosed report on temporary employees in calendar year (CY) 2018 is submitted in accordance with 3 V.S.A. § 331(c)1. The report identifies by department the total hours worked by each temporary employee during CY 2018.

Total number of temporary employees who have worked 1,280 hours in the prior calendar year; or in excess of 1,280 hours.

- 57 individuals worked in excess of 1,280 hours during the calendar year
 - 46 worked for the Executive Branch, 11 worked for Judiciary
 - 18 of the 46 individuals in the Executive Branch worked in seasonal positions
 - In CY 2017, 74 individuals exceeded 1,280 hours; 67 worked for the Executive Branch, 7 worked for Judiciary
- 0 individuals worked exactly 1,280 hours during the calendar year

The enclosed report shows:

- 1,990 individuals were employed as temporary employees at some point in time in the calendar year. Of the 1,990 individuals, 135 worked in multiple positions.
- The data in the report is sorted first by Department and then by Hours Total by Position to show those employees working the greatest number of hours. Current status of the temporary employee if he/she is no longer serving in a temporary position is noted.
- If an employee held multiple temporary positions it is noted in order to determine the total hours worked by employee in all jobs.
- A recommendation regarding the future of the position is indicated for those positions held by employees working 1,280 or more hours.

- If a temporary role may be appropriate for conversion to a classified position it is the intent of the Administration to utilize the position pool process or transfer and convert from existing vacancies to create the classified position.
- Several departments and agencies have legitimate needs to utilize seasonal and fill-in temporary employees. Seasonal employees staff a variety of activities that are not full time/full year activities, such as emergency snow plow drivers, historic site caretakers, and tax season support staff. Fill in temporary positions are essential to maintaining safe and appropriate staffing levels by filling in for classified staff on leave or to cover vacancies until permanent staff are hired. It is particularly important to be able to utilize temporary staffing in 24/7 facilities and operations such as correctional facilities, emergency call centers, and medical facilities.
- The report includes 26 pay periods.
- In 2018, the Department of Human Resources improved the process for utilization of Temporary Employees by assuring all appointing authorities were educated on the statutory requirements governing the use of temporary employees.
