

Senate Government Operations
Secretary of State Jim Condos Overview

January 15, 2019

Thank you for the opportunity to provide you with an overview of two divisions of the Secretary of State's Office: OPR and Elections.

Most people do not know what the Secretary of State's office does beyond elections... and are surprised to learn that we provide so much value to VTers for a small agency.

As a former State Senator and chair of this Senate Government Operations committee, I fully understand and appreciate the important work within your jurisdiction.

As you know, we have many diverse responsibilities as an agency – four major divisions:

- **OPR**
- **Elections**
- **Corporations**
- **VSARA**

We have transformed the SoS office from an out-dated paper driven process to a modern digital environment – 2011, 0% on-line, 2018, +97% on-line.

This has allowed us to provide a more customer-oriented focus, with increased transparency and improved accuracy.

In addition, we have several other major programs:

- **Municipal Assistance** (Over 1200 calls per year)
- **Safe at Home** (Over 150 participants)
- **Temporary Officiants** (Over 1500 Participants)
- **APA Rules and Legislative Clerk**

And I am thankful we have worked together over the years to get to a point where we have some of the best systems in the country and **are looked upon as national leaders.**

I'm not just exaggerating when I say that:

- I am currently President of National Association of Secretaries of State
- And, Co-Chair of the CSG Overseas & Military Voting Initiative
- VT is also considered a leader and well ahead of the curve in the area of cybersecurity, specifically elections cybersecurity.
 - March 2018 – Testified to US Senate Select Committee on Intelligence
 - June 2018 – Testified before the US Senate Rules Committee

- VT OPR is a national model for right-sized regulation
 - VT was awarded a \$450K 3-year USDOL grant for its work, and
 - Asked to assist other states in doing things the VT way (NCSL/CSG)
- VT Elections earned the coveted #1 in the US spot in MIT's Elections Performance Index ranking this year. (2012 – 38th, 2014 – 16th, 2016 - #1)
 - Things like ballot access, voter registration, and voting technology factor into that analysis and we scored well enough to be the best in the nation.
- VT State Archivist Tanya Marshall – was President of the National Association of Government Archives and Records Administrators (NAGARA)
- VT SoS rec'd COSA National Award for Archive Advocacy
- IACA Achievement Award - new on-line efficiency/paperless - Corps

I know that everyone on this committee has some familiarity with the Secretary of State's Office and has served on Gov Ops before, so this will be a very high level overview and I would invite you to ask questions as we go if you have any.
