10           During a declared state of emergency in Vermont as a result of COVID-19,  
11           the Director of Professional Regulation and the Commissioner of Health may  
12           issue such orders governing regulated professional activities and practices as  
13           may be necessary to protect the public health, safety, and welfare. If the  
14           Director or Commissioner finds that a professional practice, act, offering,  
15           therapy, or procedure by persons licensed or required to be licensed by Title 26  
16           of the Vermont Statutes Annotated is exploitative, deceptive, or detrimental to  
17           the public health, safety, or welfare, or a combination of these, the Director or  
18           Commissioner may issue an order to cease and desist from the applicable  
19           activity, which, after reasonable efforts to publicize or serve the order on the  
20           affected persons, shall be binding upon all persons licensed or required to be  
21           licensed by Title 26 of the Vermont Statutes Annotated, and a violation of the

1 order shall subject the person or persons to professional discipline, may be a  
2 basis for injunction by the Superior Court, and shall be deemed a violation of 3  
3 V.S.A. § 127.

4 Sec. 21. OFFICE OF PROFESSIONAL REGULATION; BOARD OF  
5 MEDICAL PRACTICE; IMPUTED JURISDICTION

6 A practitioner of a profession or professional activity regulated by Title 26  
7 of the Vermont Statutes Annotated who provides regulated professional  
8 services to a patient in the State of Vermont without holding a Vermont  
9 license, as may be authorized in a declared state of emergency, is deemed to  
10 consent to, and shall be subject to, the regulatory and disciplinary jurisdiction  
11 of the Vermont regulatory agency or body having jurisdiction over the  
12 regulated profession or professional activity.

16 NOT SECLUSION

17 Notwithstanding any provision of statute or rule to the contrary, it shall not  
18 be considered the **emergency** involuntary procedure of seclusion for a  
19 **voluntary patient, or for** an involuntary patient in the **care and** custody of the  
20 Commissioner of Mental Health, to be placed in quarantine if the patient has

1 been exposed to COVID-19 or in isolation if the patient has tested positive for

4 Sec. 23. TELEHEALTH EXPANSION; LEGISLATIVE INTENT

5 It is the intent of the General Assembly to increase Vermonters' access to  
6 health care services through an expansion of telehealth services without  
7 increasing social isolation or supplanting the role of local, community-based  
8 health care providers throughout rural Vermont.

9 Sec. 24. 8 V.S.A. § 4100k is amended to read:

10 § 4100k. COVERAGE OF HEALTH CARE SERVICES DELIVERED  
11 THROUGH TELEMEDICINE AND BY STORE-AND-  
12 FORWARD MEANS

13 (a)(1) All health insurance plans in this State shall provide coverage for  
14 health care services and dental services delivered through telemedicine by a  
15 health care provider at a distant site to a patient at an originating site to the  
16 same extent that the plan would cover the services if they were provided  
17 through in-person consultation.

18 (2)(A) A health insurance plan shall provide the same reimbursement  
19 rate for services billed using equivalent procedure codes and modifiers, subject  
20 to the terms of the health insurance plan and provider contract, regardless of

1 whether the service was provided through an in-person visit with the health  
2 care provider or through telemedicine.

3 (B) The provisions of subdivision (A) of this subdivision (2) shall not  
4 apply to services provided pursuant to the health insurance plan’s contract with  
5 a third-party telemedicine vendor to provide health care or dental services.

6 (b) A health insurance plan may charge a deductible, co-payment, or  
7 coinsurance for a health care service or dental service provided through  
8 telemedicine ~~so~~ as long as it does not exceed the deductible, co-payment, or  
9 coinsurance applicable to an in-person consultation.

10 (c) A health insurance plan may limit coverage to health care providers in  
11 the plan’s network. A health insurance plan shall not impose limitations on the  
12 number of telemedicine consultations a covered person may receive that  
13 exceed limitations otherwise placed on in-person covered services.

14 (d) Nothing in this section shall be construed to prohibit a health insurance  
15 plan from providing coverage for only those services that are medically  
16 necessary and are clinically appropriate for delivery through telemedicine,  
17 subject to the terms and conditions of the covered person’s policy.

18 ~~(e) A health insurance plan may reimburse for teleophthalmology or~~  
19 ~~tele dermatology provided by store and forward means and may require the~~  
20 ~~distant site health care provider to document the reason the services are being~~  
21 ~~provided by store and forward means~~

1           (1) A health insurance plan shall reimburse for health care services and  
2           dental services delivered by store-and-forward means.

3           (2) A health insurance plan shall not impose more than one cost-sharing  
4           requirement on a patient for receipt of health care services or dental services  
5           delivered by store-and-forward means. If the services would require cost-  
6           sharing under the terms of the patient’s health insurance plan, the plan may  
7           impose the cost-sharing requirement on the services of the originating site  
8           health care provider or of the distant site health care provider, but not both.

9           (f) A health insurer shall not construe a patient’s receipt of services  
10           delivered through telemedicine or by store-and-forward means as limiting in  
11           any way the patient’s ability to receive additional covered in-person services  
12           from the same or a different health care provider for diagnosis or treatment of  
13           the same condition.

14           (g) Nothing in this section shall be construed to require a health insurance  
15           plan to reimburse the distant site health care provider if the distant site health  
16           care provider has insufficient information to render an opinion.

17           ~~(g)~~(h) In order to facilitate the use of telemedicine in treating substance use  
18           disorder, when the originating site is a health care facility, health insurers and  
19           the Department of Vermont Health Access shall ensure that the health care  
20           provider at the distant site and the health care facility at the originating site are

1 both reimbursed for the services rendered, unless the health care providers at  
2 both the distant and originating sites are employed by the same entity.

3 ~~(i) The Commissioner may require a health insurance plan to provide~~  
4 ~~coverage and reimbursement for health care services delivered by audio-~~  
5 ~~only telephone, by e-mail, by facsimile, or by a combination of these to the~~  
6 ~~same extent as coverage and reimbursement are required for telemedicine~~  
7 ~~under this section on a temporary basis, not to exceed 180 days, by~~  
8 ~~emergency rule if the Commissioner deems it necessary in order to protect~~  
9 ~~the public health.~~
