

## **Blue Cross Proposal**

Title 8 Chapter 107 4062 2(A)

Legislative changes to qualified health plans with an effective date less than 12 months prior to the plan year, will be accepted as an amendment to the rate filing for GMCB consideration, including the actuarial impact of the change and administrative costs related to implementing new plan designs, recalculating actuarial values, and technology modifications. In no event shall the Legislature require changes after the GMCB has approved rates for a plan year.
